Hi, I'm Tristan Payne. Lived in Cookernup since birth, with a strong passion for helping people and improving the life of those living with a disability, no matter their situation. I believe we all should be able to enjoy our journey called life. If we want change, we need to be the change! Let me be your fighting voice, let me drive home the passion we all share for having the most amazing community possible. I want to represent everyone, and I want to give everyone the chance to be open and able to communicate with their council. I have always worked alongside others in our wonderful community and will always strive to fill the gaps. My aim is to ensure that together we succeed, grow, and become the best community we can be. So I ask for your support in this election. Thank you.
