## MARKYT® Community Scorecard

The MARKYT® Community Scorecard asked residents to rate the Shire of Harvey's service delivery, and to share their three top priorities for their communities. The scorecard aims to provide a benchmark for the Shire's performance, as well as gathering a wide range of information about community priorities.

### Survey responses by age

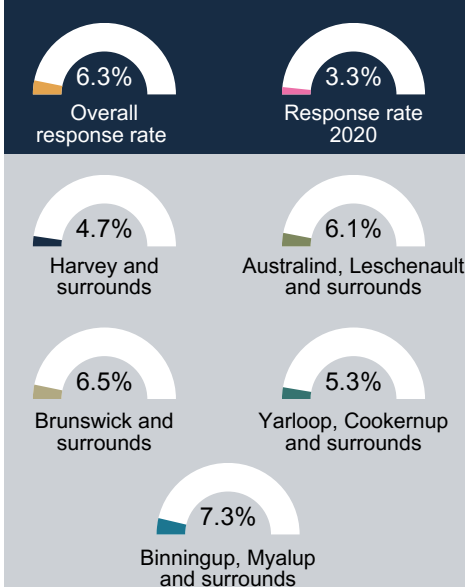

### Survey responses by gender

Scorecards completed: 1,991

### Survey response rates per location

## FUTYR® Community Workshops

Seven FUTYR® Community workshops were held across the Shire. The purpose of the workshops was to report back on the Scorecard results, and then ask for feedback on community priorities via a review of the draft Council Plan. Workshop participants worked together in small groups to review and rate the actions laid out in the draft Council Plan.

Total workshop attendance: 142

## What we heard

Our communities across the Shire of Harvey communicated a diverse range of needs, contexts and priorities. Here's what's important across the Shire:

- Paths, trails and cycleways
- Safety and crime prevention
- Pest Management
- Streetscapes, trees and verges
- Housing
- Aged care and accommodation
- Parks, playgrounds and reserves
- Sport and recreation
- Local roads
- Economic development

## What happens next?

The information from the Scorecard and the workshops will inform the ongoing development of the Shire of Harvey Council Plan, with all feedback being considered and reviewed for inclusion. The Plan will be presented to the July Ordinary Council meeting for endorsement. Once endorsed, the Plan will be available for public comment for four weeks.
