

**Shire of Harvey  
Extractive Industries – Application Checklist**

<b>Application document includes:</b>	
<p><b>Works and Excavation Programme (Supporting Document) including:</b></p> <ul style="list-style-type: none"> <li>• nature and estimated duration of proposed extraction;</li> <li>• stages and estimated timing of stages for proposed extraction;</li> <li>• details of methods of proposed extraction and details of any on-site processing works proposed;</li> <li>• details of depth and extent of existing and proposed extraction;</li> <li>• estimate of depth, nature and quantity of topsoil and overburden to be removed and/or stockpiled;</li> <li>• details of existing vegetation and identification of proposed vegetation retention (and protection) and/or removal;</li> <li>• details of access to extraction site and types of thoroughfares to be constructed;</li> <li>• details of proposed number and size of trucks entering and leaving the site each day and the route or routes to be taken by those vehicles;</li> <li>• description of any proposed buildings, water supply, treatment plant, tanks and other improvements;</li> <li>• brief details of drainage conditions applicable to the land and methods by which the extraction site is to be drained;</li> <li>• brief description of measures to be taken to minimise erosion, watercourse siltation, sand drift, dust, noise and other potential off site emissions;</li> <li>• description of existing site environment and a report on the anticipated effect that proposed extraction will have on the environment in the vicinity of the land; and</li> <li>• details of proposed screening of extraction site to minimising adverse visual impacts from nearby land and thoroughfares.</li> </ul>	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p><b>Excavation Site Plan including:</b></p> <ul style="list-style-type: none"> <li>• scale of between 1:500 and 1:2000;</li> <li>• location of proposed extraction site in relation to overall property, including dimensions of property, existing extraction sites;</li> <li>• setback between boundaries and proposed extraction area;</li> <li>• existing and proposed land contours based on the Australian Height Datum and plotted at 1m contour intervals;</li> <li>• location and depth of existing and proposed extraction;</li> <li>• location of existing and proposed thoroughfares or other means of vehicle access to and egress from land and to public thoroughfares in the vicinity;</li> <li>• location of buildings, treatment plant, tanks and other improvements and developments existing on, approved for or proposed;</li> <li>• location of existing power lines, telephone cables and any associated poles or pylons, sewers, pipelines, reserves, bridges, railway lines and registered grants of easement or other encumbrances over, on, under or adjacent to or in the vicinity of the land;</li> <li>• location of all existing dams, watercourses, drains or sumps on or adjacent to the land;</li> <li>• location and description of existing and proposed fences, gates and warning signs around the land;</li> <li>• location of existing vegetation proposed to be retained and/or removed;</li> <li>• location of areas proposed to be used for stockpiling extracted material, treated material, overburden and soil storage on the land and elsewhere; and</li> <li>• certification by licensed surveyor of correctness of plan.</li> </ul>	<input type="checkbox"/> Yes <input type="checkbox"/> No

<b>Supporting appendices includes:</b>	
<b>Rehabilitation Management and Monitoring Plan</b> including: <ul style="list-style-type: none"> <li>objectives of the programme, having due regard to nature of surrounding area and proposed end-use of the extraction site;</li> <li>proposed extent of revegetation and rehabilitation of excavation area;</li> <li>details of current and completed rehabilitated areas;</li> <li>whether restoration and reinstatement of the extraction site is to be undertaken progressively or upon completion of extraction operations;</li> <li>how any batters are to be made safe, sloped and rehabilitated;</li> <li>method by which topsoil is to be replaced and revegetated;</li> <li>numbers and species of vegetation to be planted and other landscaping features to be developed;</li> <li>how rehabilitated areas are to be maintained and monitored; and</li> <li>the programme for the removal of buildings, plant, waste and final site clean-up.</li> </ul>	<input type="checkbox"/> Yes <input type="checkbox"/> No
<b>Dust Management Plan</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No
<b>Noise Management Plan</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No
<b>Weed Management Plan</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No
<b>Water Management Plan</b> (including stormwater management)	<input type="checkbox"/> Yes <input type="checkbox"/> No
<b>Dieback Management Plan</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No
Copy of any applicable <b>environmental approval</b> or referral (including under the <i>Environment Protection and Biodiversity Conservation Act 1999</i> )	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A
Copy of any applicable application for a <b>Clearing Permit</b> , including supporting documentation	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A
Copy of any relevant <b>geotechnical information</b> relating to the extraction site	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A
<b>Licence application fee</b> of: <ul style="list-style-type: none"> <li>\$739 (Application for Development Approval); and</li> <li>\$852 (Application for Extractive Industry Licence).</li> </ul>	<input type="checkbox"/> Yes <input type="checkbox"/> No
