Recognition of cultural heritage is an important tool in understanding the story of our local community – our history, identity and diversity; in particular for buildings, landscapes, and historic sites.

The Local Heritage Survey is a list of places that the Shire considers to have, or may have in the future, cultural heritage significance. From that list, the places with a considerable or exceptional level of significance are being considered for inclusion in the Shire's Heritage List.

Landowners, stakeholders and the general public will be given an opportunity to make comments, suggest changes or object to the reason for the listing.

Consultation will be open for a period of 21 days, starting in June 2021. Affected landowners will be sent correspondence relating to their property, and invited to provide feedback during this period.
