

2025-26 Budget Highlights

Remember the Funding your Future campaign? This was the community's push for investment in key projects designed to build on local lifestyle opportunities and support current and future community needs.

The campaign was launched in January.

The Shire of Harvey secured election commitment funding to support these projects and some will be progressed under 2025-2026 Annual Budget. Take a look at some of the Funding your Future projects included in this Budget.

Virgo Brace Playground

This is a very popular playground for families in Treendale South. The \$350,000 in grant funding will support much needed play equipment upgrades and shade infrastructure.

Collie River Bridge Fishing Platform

Community members enjoy the fishing platform on the north end of the Collie River Bridge, but the infrastructure needs repair. The \$225,000 budgeted for the project, which includes a \$150,000 grant, will help restore the platform and make the area a fishing and crabbing hotspot once more.

Leschenault Leisure Centre Courts Expansion

The LLC is always busy with people wanting to swim, participate in fitness programs and play sport. The \$14,950,000 in funding set aside this financial year will help deliver four fully compliant courts and keep the Centre viable as a regional sports facility for at least two more decades. Overall, this is a \$25,000,000 project.

Harvey Community Precinct - Stage 1

This Budget includes \$7,050,000 to move the Harvey Community Precinct - Stage 1 project forward (\$14, 100,000 set aside overall). Key features of this project include a major redevelopment of The Harvey Library.

Munda Biddi Spur Trail

This spur trail is the next step to developing the Harvey Region into a adventure tourism destination. We have budgeted \$1,000,000 to establish a trail experience that would appeal to cyclists looking for a short multi-day off road cycling trip.
