Over the last four years as a Councillor for the Shire of Harvey, I've learnt the importance of strong governance, clear policy, and planning for the future. I've completed my Diploma of Local Government – Elected Member so I can use those skills properly to represent the community. I know council makes decisions as a whole, but my role is to push, advocate, and make sure your voice is heard in that room. At 30, I bring energy and fresh ideas, but also the experience of serving our district through challenges and growth. I'm committed to fairness, transparency, and long-term planning that prevents legacy issues and ensures the Shire is set up for a strong, sustainable future. I want to keep being that voice at the table for you.
