

Additional Information

Candidate Summary Charmaine May

I am a long-time Australind resident with over 20 years' experience in governance, strategic leadership, and community development across the South-West. My children attended Our Lady of Mercy College, and I'm proud to call the Shire of Harvey home.

I am passionate about building a prosperous, connected, and safe community where decisions reflect the voices and needs of families, businesses, and the wider region. I bring a strong commitment to inclusive leadership, transparency, and sustainable development.

I currently serve as Chair of the South West Police Community Advisory Group and the Yaka Dandjoo Events Committee, and as CEO of Goomburrup Aboriginal Corporation. I've also worked in leadership roles with Waratah, the Anglicare Aboriginal Advisory Board, and contributed to regional initiatives through the BGCCI, SWDC, and local government collaborations.

My work has focused on community safety, youth leadership, restorative justice, and delivering programs that support families and local businesses. I bring extensive experience in governance, strategic planning, financial oversight, and regional development.

My vision is to ensure community and business voices are central to Council decisions, foster strong partnerships, support young leaders, and help shape a vibrant, inclusive future for the Shire.

It would be an honour to serve with integrity, fairness, and a deep respect for the people of our community.
