

### **Additional Information**

I recently stood for the seat of Collie-Preston in the 2025 Western Australian State elections. The decision to stand was driven by the desire to see accountability in government and representation that respects the regional voice and our basic rights and freedoms, such as the right to be independent, to own property and to achieve, and the basic freedoms of thought, worship, speech, association and choice. This is why I stood for the Liberal Party and why I believe I am ready to serve at a local government level. I want to hear about matters that affect our shire the most and act in accordance with decisions that benefits a community to thrive. Networking with local business and community groups, seeing our school aged students pursue meaningful pathways, supporting families in crisis while ensuring that the practical needs of the shire are met, are all vital areas that deserve consistent attention and work.

As a father, educator and man born and raised in a country town, I believe I have the capacity and energy to show up for the people of the Harvey Shire and act with integrity during key decision making.
