Policy 1.1.14 – Standards for Chief Executive Officer Recruitment, Performance and Termination

Policy Purpose

This Policy establishes the standards for the recruitment, performance evaluation and termination of the Chief Executive Officer.

Policy Scope

This Policy applies to current and future Chief Executive Officer(s).

Policy

Division 1 — Preliminary provisions

1. Citation

These are the Shire of Harvey Standards for Chief Executive Officer Recruitment, Performance and Termination.

2. Terms used

(1) In these standards —

Act means the Local Government Act 1995;

Additional Performance Criteria means performance criteria agreed by the local government and the CEO under clause 16(1)(b);

Applicant means a person who submits an application to the local government for the position of CEO;

CEO means Chief Executive Officer;

Contract of Employment means the written contract, as referred to in section 5.39 of the Act, that governs the employment of the CEO;

Contractual Performance Criteria means the performance criteria specified in the CEO's contract of employment as referred to in section 5.39(3)(b) of the Act;

Job Description Form means the job description form for the position of CEO approved by the local government under clause 5(2);

Local Government means the Shire of Harvey;

Selection Criteria means the selection criteria for the position of CEO determined by the local government under clause 5(1) and set out in the job description form;

Selection Panel means the selection panel established by the local government under clause 8 for the employment of a person in the position of CEO.

(2) Other terms used in these standards that are also used in the Act have the same meaning as they have in the Act, unless the contrary intention appears.

Division 2 — Standards for recruitment of CEOs

3. Overview of Division

This Division sets out standards to be observed by the local government in relation to the recruitment of CEOs.

4. Application of Division

(1) Except as provided in subclause (2), this Division applies to any recruitment and selection process carried out by the local government for the employment of a person in the position of CEO.

(2) This Division does not apply —

(a) if it is proposed that the position of CEO be filled by a person in a class prescribed for the purposes of section 5.36(5A) of the Act; or

(b) in relation to a renewal of the CEO's contract of employment, except in the circumstances referred to in clause 13(2).

5. Determination of selection criteria and approval of job description form

(1) The local government must determine the selection criteria for the position of CEO, based on the local government's consideration of the knowledge, experience, qualifications and skills necessary to effectively perform the duties and responsibilities of the position of CEO of the local government.

(2) The local government must, by resolution of an absolute majority of the council, approve a job description form for the position of CEO which sets out —

(a) the duties and responsibilities of the position; and

(b) the selection criteria for the position determined in accordance with subclause (1).

6. Advertising requirements

(1) If the position of CEO is vacant, the local government must ensure it complies with section 5.36(4) of the Act and the *Local Government (Administration) Regulations 1996* regulation 18A.

(2) If clause 13 applies, the local government must advertise the position of CEO in the manner referred to in the *Local Government (Administration) Regulations 1996* regulation 18A as if the position was vacant.

7. Job description form to be made available by local government

If a person requests the local government to provide to the person a copy of the job description form, the local government must —

(a) inform the person of the website address referred to in the Local Government (Administration) Regulations 1996 regulation 18A(2)(da); or

(b) if the person advises the local government that the person is unable to access that website address —

(i) email a copy of the job description form to an email address provided by the person; or

(ii) mail a copy of the job description form to a postal address provided by the person.

8. Establishment of selection panel for employment of CEO

(1) In this clause —

Independent Person means a person other than any of the following —

(a) a council member;

(b) an employee of the local government;

(c) a human resources consultant engaged by the local government.

(2) The local government must establish a selection panel to conduct the recruitment and selection process for the employment of a person in the position of CEO.

(3) The selection panel must comprise —

(a) council members (the number of which must be determined by the local government); and

(b) at least 1 independent person.

9. Recommendation by selection panel

(1) Each applicant's knowledge, experience, qualifications and skills must be assessed against the selection criteria by or on behalf of the selection panel.

(2) Following the assessment referred to in subclause (1), the selection panel must provide to the local government —

(a) a summary of the selection panel's assessment of each applicant; and

(b) unless subclause (3) applies, the selection panel's recommendation as to which applicant or applicants are suitable to be employed in the position of CEO.

(3) If the selection panel considers that none of the applicants are suitable to be employed in the position of CEO, the selection panel must recommend to the local government —

(a) that a new recruitment and selection process for the position be carried out in accordance with these standards; and

(b) the changes (if any) that the selection panel considers should be made to the duties and responsibilities of the position or the selection criteria.

(4) The selection panel must act under subclauses (1), (2) and (3) —

(a) in an impartial and transparent manner; and

(b) in accordance with the principles set out in section 5.40 of the Act.

(5) The selection panel must not recommend an applicant to the local government under subclause (2)(b) unless the selection panel has —

(a) assessed the applicant as having demonstrated that the applicant's knowledge, experience, qualifications and skills meet the selection criteria; and

(b) verified any academic, or other tertiary level, qualifications the applicant claims to hold; and

(c) whether by contacting referees provided by the applicant or making any other inquiries the selection panel considers appropriate, verified the applicant's character, work history, skills, performance and any other claims made by the applicant.

(6) The local government must have regard to, but is not bound to accept, a recommendation made by the selection panel under this clause.

10. Application of cl. 5 where new process carried out

(1) This clause applies if the local government accepts a recommendation by the selection panel under clause 9(3)(a) that a new recruitment and selection process for the position of CEO be carried out in accordance with these standards.

(2) Unless the local government considers that changes should be made to the duties and responsibilities of the position or the selection criteria —

(a) clause 5 does not apply to the new recruitment and selection process; and

(b) the job description form previously approved by the local government under clause 5(2) is the job description form for the purposes of the new recruitment and selection process.

11. Offer of employment in position of CEO

Before making an applicant an offer of employment in the position of CEO, the local government must, by resolution of an absolute majority of the council, approve —

(a) the making of the offer of employment to the applicant; and

(b) the proposed terms of the contract of employment to be entered into by the local government and the applicant.

12. Variations to proposed terms of contract of employment

(1) This clause applies if an applicant who is made an offer of employment in the position of CEO under clause 11 negotiates with the local government a contract of employment (the negotiated contract) containing terms different to the proposed terms approved by the local government under clause 11(b).

(2) Before entering into the negotiated contract with the applicant, the local government must, by resolution of an absolute majority of the council, approve the terms of the negotiated contract.

13. Recruitment to be undertaken on expiry of certain CEO contracts

(1) In this clause —

Commencement Day means the day on which the *Local Government (Administration) Amendment Regulations 2021* regulation 6 comes into operation.

(2) This clause applies if —

(a) upon the expiry of the contract of employment of the person (the incumbent CEO) who holds the position of CEO —

(i) the incumbent CEO will have held the position for a period of 10 or more consecutive years, whether that period commenced before, on or after commencement day; and

(ii) a period of 10 or more consecutive years has elapsed since a recruitment and selection process for the position was carried out, whether that process was carried out before, on or after commencement day;

and

(b) the incumbent CEO has notified the local government that they wish to have their contract of employment renewed upon its expiry.

(3) Before the expiry of the incumbent CEO's contract of employment, the local government must carry out a recruitment and selection process in accordance with these standards to select a person to be employed in the position of CEO after the expiry of the incumbent CEO's contract of employment.

(4) This clause does not prevent the incumbent CEO's contract of employment from being renewed upon its expiry if the incumbent CEO is selected in the recruitment and selection process referred to in subclause (3) to be employed in the position of CEO.

14. Confidentiality of information

The local government must ensure that information provided to, or obtained by, the local government in the course of a recruitment and selection process for the position of CEO is not disclosed, or made use of, except for the purpose of, or in connection with, that recruitment and selection process.

Division 3 — Standards for review of performance of CEOs

15. Overview of Division

This Division sets out standards to be observed by the local government in relation to the review of the performance of CEOs.

16. Performance review process to be agreed between local government and CEO

(1) The local government and the CEO must agree on —

(a) the process by which the CEO's performance will be reviewed; and

(b) any performance criteria to be met by the CEO that are in addition to the contractual performance criteria.

(2) Without limiting subclause (1), the process agreed under subclause (1)(a) must be consistent with clauses 17, 18 and 19.

(3) The matters referred to in subclause (1) must be set out in a written document.

17. Carrying out a performance review

(1) A review of the performance of the CEO by the local government must be carried out in an impartial and transparent manner.

(2) The local government must —

(a) collect evidence regarding the CEO's performance in respect of the contractual performance criteria and any additional performance criteria in a thorough and comprehensive manner; and

(b) review the CEO's performance against the contractual performance criteria and any additional performance criteria, based on that evidence.

18. Endorsement of performance review by local government

Following a review of the performance of the CEO, the local government must, by resolution of an absolute majority of the council, endorse the review.

19. CEO to be notified of results of performance review

After the local government has endorsed a review of the performance of the CEO under clause 18, the local government must inform the CEO in writing of —

(a) the results of the review; and

(b) if the review identifies any issues about the performance of the CEO — how the local government proposes to address and manage those issues.

Division 4 — Standards for termination of employment of CEOs

20. Overview of Division

This Division sets out standards to be observed by the local government in relation to the termination of the employment of CEOs.

21. General principles applying to any termination

(1) The local government must make decisions relating to the termination of the employment of a CEO in an impartial and transparent manner.

(2) The local government must accord a CEO procedural fairness in relation to the process for the termination of the CEO's employment, including —

(a) informing the CEO of the CEO's rights, entitlements and responsibilities in relation to the termination process; and

(b) notifying the CEO of any allegations against the CEO; and

(c) giving the CEO a reasonable opportunity to respond to the allegations; and

(d) genuinely considering any response given by the CEO in response to the allegations.

22. Additional principles applying to termination for performance related reasons

(1) This clause applies if the local government proposes to terminate the employment of a CEO for reasons related to the CEO's performance.

(2) The local government must not terminate the CEO's employment unless the local government has —

(a) in the course of carrying out the review of the CEO's performance referred to in subclause (3) or any other review of the CEO's performance, identified any issues (the performance issues) related to the performance of the CEO; and

(b) informed the CEO of the performance issues; and

(c) given the CEO a reasonable opportunity to address, and implement a plan to remedy, the performance issues; and

(d) determined that the CEO has not remedied the performance issues to the satisfaction of the local government.

(3) The local government must not terminate the CEO's employment unless the local government has, within the preceding 12 month period, reviewed the performance of the CEO under section 5.38(1) of the Act.

23. Decision to terminate

Any decision by the local government to terminate the employment of a CEO must be made by resolution of an absolute majority of the council.

24. Notice of termination of employment

(1) If the local government terminates the employment of a CEO, the local government must give the CEO notice in writing of the termination.

(2) The notice must set out the local government's reasons for terminating the employment of the CEO.

4. Strategic Objective

This Policy aligns with the Shire of Harvey Council Plan 2025–2035 under the Performance pillar:

- **Outcome:** A representative leadership that is future thinking, transparent and accountable.
- **Objective 21:** Continue to deliver proactive and responsible leadership and governance.

5. Legislation

- Local Government Act 1995
- Local Government (Administration) Regulations 1996
- Local Government (Administration) Amendment Regulations (No. 2) 2020
- Local Government (Administration) Amendment Regulations 2021

6. Related Documents

1. Role of the Committee

1.1. The Chief Executive Officer Recruitment and Selection Committee (Committee) is required to be authorised by Council under section 5.8 of the *Local Government Act 1995*.

1.2. The Committee acts in an advisory capacity to provide recommendations to Council and undertakes the recruitment and selection process in accordance with:

a. *The Local Government Act 1995*
b. These Terms of Reference
c. The Local Government (Administration) Regulations 1996 Schedule 2, Division 2
d. The adopted Policy 1.1.14 Standards for CEO Recruitment, Performance and Termination.

2. Objectives of the Committee

2.1. The objective for the Committee is to assist Council in fulfilling its statutory function to employ a Chief Executive Officer (CEO) under section 5.36 which include:

a. Undertake and manage the recruitment and selection process for the Chief Executive Officer

b. Assess and shortlist applicants

c. Interview applicants and undertake selection activities

d. Request and consider information relevant to assessing suitability of applicants

e. Submit a recommendation to Council of a successful applicant.

2.2. This process will include:

a. Ensuring a transparent, equitable and merit-based recruitment process

b. Identify suitably qualified applicants for the position of Chief Executive Officer

c. Apply consistent and objective assessment methods throughout the recruitment process

d. Support Council to make informed and compliant appointment decision.

3. Powers of the Committee

3.1. The Committee has no delegated authority under section 5.17 of the Act and cannot make binding decisions on behalf of Council.

3.2. The Committee is authorised by a Resolution of Council to undertake the duties set out in these Terms.

Terms of Reference

3.3. The Council will appoint a Presiding Member and Deputy Presiding Member from Elected Members.

3.4. Council is not bound to accept the recommendation of the Committee.

4. Membership of the Committee

4.1. Membership is determined by Council nomination and resolution.

4.2. The Committee will comprise of four elected members and at least one independent person.

4.3. Membership may be ended in accordance with Act.

4.4. The independent person must not be a council member, employee or consultant of the local government.

4.5. Members must act impartially and comply with section 5.40 of the Act.

4.6. Members must comply with the relevant Code of Conduct, policies and declare interests.

5. Meetings of the Committee

5.1. Meetings will be held as required to progress the recruitment process when the position of CEO becomes vacant.

5.2. The Committee may also meet to conduct interviews, review materials and assessments outside formal meetings.

5.3. Notice of meetings must comply with the Shire's Local Laws, the Act and Regulations.

5.4. Meeting procedures, which include the agendas and minutes of Committee meetings, must align with the relevant policies, the Act and relevant local laws procedures.

5.5. Recommendations to Council may be placed in the next Council Meeting Agenda or, if required, a Special Council Meeting.

5.6. The Quorum of this Committee will be at least 50% of total membership.

6. Reporting of the Committee

6.1. The Committee will provide a report to Council summarising the assessment process and outcomes.

6.2. Recommendations will identify an applicant or applicants considered suitable for appointment

6.3. Reports will be provided to Council for consideration at an Ordinary or Special Council Meeting

6.4. Recommendations are not binding until resolved by Council

7. Duties and Responsibilities of the Committee

7.1. Assess applicants against the approved selection criteria

7.2. Selection decisions must be based on merit in accordance with legislative principles.

7.3. Develop a longlist and shortlist of applicants

Terms of Reference

7.4. Conduct structured and consistent interviews

7.5. Undertake referee checks, qualification and work history verification

7.6. Conduct reference checks

7.7. Maintain confidentiality of all applicant information

7.8. Declare and manage conflicts of interest

7.9. Work with any appointed independent consultant

7.10. Provide recommendations to Council

7.11. The Committee will receive administrative support from the Manager of Governance and Strategy to provide administrative support to the Committee. Other Officers may be Authorised by the Chief Executive Officer to assist in these functions:

a. Preparation of Council reports and agendas

b. Coordination of Council and Committee meetings

c. Management of confidential records and recruitment documentation

d. Preparation of procurement documentation, including the RFQ process for the independent recruitment consultant

e. Liaison with WALGA, recruitment consultants and prospective independent persons

f. Coordination of CEO recruitment training

g. Provide compliance advice to Council policies and legislative obligations

h. Facilitating administrative processes to support informed Council decision-making.

8. Legislation

8.1. Local Government Act 1995

8.2. Local Government (Administration) Regulations 1996

8.3. Shire of Harvey Standing Orders Local Laws 2017.

ANNEXURE "B" **23**

BACKGROUND

A The Lessor and the Original Lessee are parties to the Lease.

B The Original Lessee assigned its interest in the Lease to the Lessee on the Assignment Date.

C The Lease gives the Lessee an option to renew it for one (1) Further Term.

D The Lessee has exercised the option to renew the Lease for the Further Term.

E The Lessor and the Lessee have agreed to document that Further Term on the terms of this Deed.

THE PARTIES AGREE

1 **DEFINITIONS AND INTERPRETATION**

1.1 **Definition**

In this Deed:

Assignment Date means 31 August 2021.

Deed means this memorandum of lease.

First Deed of Renewal means the Deed of Renewal and Variation of Lease dated 28 October 2015 between the Lessor and the Original Lessee for a term of five (5) years commencing on 16 December 2015.

Second Deed of Renewal means the extension of Lease dated 15 July 2021 between the Lessor and the Original Lessee expiring 15 December 2015, with an option to renew for one (1) Further Term of five (5) years, a copy of which is attached to this Deed in Annexure "A".

Lease means lease registered number L971503 dated 29 May 2012 between the Lessor and Original Lessee for a term of five (5) years commencing on 16 December 2010, the First Deed of Renewal and Second Deed of Renewal as varied, renewed, extended and amended from time to time.

Original Lessee means Telstra Corporation Limited (ACN 051 775 556).

Premises has the same meaning as in the Lease, subject to any amendment made to this term by clause 2.2.

1.2 **Interpretation**

1.2.1 In this Deed, unless the context otherwise requires, terms that are capitalised have the meaning as in the Lease.

1.2.2 This Deed is supplemental to the Lease and shall be interpreted with and having regard to the provisions of the Lease as varied by this Deed.

1.2.3 The provisions of this Deed are intended to bind and to enure in favour of the Lessor, the Lessee and their respective successors and assigns.

In this Deed, unless expressed or implied to the contrary:

1.2.4 a reference to this or any other document includes a variation or replacement of any of them;

1.2.5 a reference to a statute, ordinance, code or other law includes regulations and other instruments under it and consolidations, amendments, re-enactments or replacement of any of them;

1.2.6 the singular includes the plural and vice versa;

1.2.7 a reference to a person includes a firm, body corporate, an unincorporated association or an authority;

1.2.8 a reference to a person includes the person's legal personal representatives, successors, substitutes (including persons taking by novation) and assigns;

1.2.9 if a party comprises two or more persons, this Deed binds them jointly and each of them severally and it also binds the executors, administrators and permitted assigns of them and of each of them and of any two or more of them jointly and each of them severally;

1.2.10 a reference to "$" or "dollars" is a reference to Australian dollars; and

1.2.11 any schedule, annexure, appendix and attachment to this Deed forms part of this Deed.

2 RENEWAL AND VARIATION

2.1 Renewal

The Lessor grants to the Lessee and the Lessee accepts a lease of the Premises for the Further Term the option for which has been exercised by the Lessee (**New Lease**).

2.2 Variation

The New Lease is on the same terms and conditions as those contained in the Lease subject to the variations effected by this Deed as follows:

2.2.1 Item 1 of the Reference Schedule in the Lease is deleted and replaced with:

"Lessor:	**Shire Of Harvey**
Address:	PO Box 500
	HARVEY WA 6220
Attn:	Courtney Donnelly
	Contract Administration Officer

"Rent: $9,030.56 per annum subject to clause 3.1 (b)."

2.2.8 Item 11 of the Reference Schedule in the Lease is deleted and replaced with:

"Further Terms: Nil."

2.2.9 The plan in Annexure A of the Lease is deleted and replaced with the plan in Annexure B to the Deed.

3 **AFFIRMATION OF LEASE**

The Lease as varied under clause 2.2 of this Deed remains in full force and effect as if it were repeated in full in this Deed.

4 **NOT APPLICABLE**

5 **NOT APPLICABLE**

6 **ENTIRE AGREEMENT**

(a) This Deed embodies the renewal and variation of the Lease between the parties.

(b) All warranties representations and conditions pertaining to the renewal and variation of the Lease whether written, oral, express or implied and whether consistent with this Deed or not, do not apply except so far as they are expressed and contained in this Deed.

(c) This Deed may be amended only in writing and executed by all parties.

7 **GOVERNING LAW**

This Deed is governed by the laws of the State or Territory where the Premises are located and the Commonwealth of Australia and the Lessor and Lessee submit to the non-exclusive jurisdiction of the Courts of that jurisdiction.

8 **NO WAIVER**

No failure to exercise and no delay in exercising any right, power or remedy under this Deed will operate as a waiver. Nor will any single or partial exercise of any right, power or remedy preclude any other or further exercise of that or any other right, power or remedy.

9 **NO MERGER**

The rights and obligations of the parties will not merge on completion of any transaction under this Deed.

10 **MORTGAGEE'S CONSENT**

10.1 If the Land is subject to any mortgage or charge, the Lessor must, at its cost, obtain the mortgagee's or chargee's consent to the New Lease in a form which is reasonably acceptable to the Lessee.

10.2 Clause 10.1 is subject to any contrary provision of the New Lease which provides for the mortgagee's or chargee's consent to the New Lease.

11 **LESSEE AS TRUSTEE**

11.1 The parties acknowledge and agree that:

(a) where the Lessee is a responsible entity or trustee of a trust, the Lessee enters into this Deed in that capacity and is bound by this Deed only in that capacity and in no other capacity;

(b) the recourse of the Lessor to the Lessee in respect of any obligations and liabilities of the Lessee under or in connection with this Deed (whether that liability arises under a specific provision of this Deed, for breach of contract, tort (including negligence) or otherwise) is limited to the extent to which the liability can be satisfied out of the assets of the trust out of which the Lessee is actually indemnified in respect of such obligations and liabilities;

(c) the parties may not sue the Lessee in any capacity other than as responsible entity or trustee of the trust, including seeking the appointment of a receiver (except in relation to property of the Lessee), a liquidator, an administrator or any similar person to the Lessee or prove in any liquidation, administration or arrangement of or affecting the Lessee (except in relation to property of the Lessee); and

(d) the provisions of this clause 11.1 do not apply to any obligation or liability of the Lessee in its capacity as trustee of the trust to the extent that it is not satisfied because under the trust deed of the trust or by operation of law there is a reduction in the extent of the Lessee's indemnification out of the assets of the trust as a result of fraud, negligence or breach of trust on the part of the Lessee.

11.2 As at the date of this Deed, the Lessee warrants to the Lessor that:

(a) it has power under terms of the relevant trust deed to execute this Deed and enter into every transaction contemplated by this Deed;

(b) it is the only responsible entity or trustee of the relevant trust;

(c) no action has been taken to remove it as trustee of the relevant trust or to appoint an additional responsible entity or trustee of the relevant trust;

(d) it has a right to be indemnified out of all the property of the relevant trust in relation to money and any liabilities of any nature owing under, or the payment of which is contemplated by or may arise under, this Deed; and

(e) no action has been taken to terminate the relevant trust or to determine a vesting date under the relevant trust deed.

ANNEXURE “A”

Clause 1.1 – Definition of Second Deed of Renewal

THIS IS ANNEXURE "A" REFERRED TO IN THE EXTENSION OF LEASE BETWEEN SHIRE OF HARVEY AS LESSOR AND TELSTRA CORPORATION LIMITED AS LESSEE

CONTENTS

1 DEFINITIONS AND INTERPRETATION 3
2 RENEWAL AND VARIATION 4
3 AFFIRMATION OF LEASE 5
4 NOT APPLICABLE 5
5 ENTIRE AGREEMENT 5
6 GOVERNING LAW 5
7 NO WAIVER 5
8 NO MERGER 5
9 MORTGAGEE'S CONSENT 5
10 NOT APPLICABLE 5
ANNEXURE “B” 6

BACKGROUND

A The Lessor and the Lessee are parties to the Lease.

B The Lease gives the Lessee an option to renew it for two Further Terms.

C The Lessee previously exercised the option to renew the Lease for the first Further Term and has exercised the option to renew the lease for the second Further Term.

D The extended term of 10 years specified on page 1 of this document covers the first Further Term and the second Further Term.

E The Lessor and the Lessee have agreed to document that Further Term on the terms of this Deed.

THE PARTIES AGREE

1 **DEFINITIONS AND INTERPRETATION**

1.1 **Definition**

In this Deed:

Deed means this Extension of Lease.

Lease means the registered lease number L971503 between the Lessor and the Lessee dated and executed by both parties on 29 May 2012 for a period of five (5) years commencing on 16 December 2010, with three (3) Further Terms of five (5) years each, and the deed of renewal and variation of lease between the Lessor and the Lessee dated and executed by both parties on 28 October 2015 for a period of five (5) years commencing on 16 December 2015, with two (2) Further Terms of five (5) years each as varied, renewed and extended from time to time a copy of which is annexed to this Deed as Annexure "B".

1.2 **Interpretation**

1.2.1 In this Deed, unless the context otherwise requires, terms that are capitalised have the meaning as in the Lease.

1.2.2 This Deed is supplemental to the Lease and shall be interpreted with and having regard to the provisions of the Lease as varied by this Deed.

1.2.3 The provisions of this Deed are intended to bind and to enure in favour of the Lessor, the Lessee and their respective successors and assigns.

In this Deed, unless expressed or implied to the contrary:

1.2.4 a reference to this or any other document includes a variation or replacement of any of them;

1.2.5 a reference to a statute, ordinance, code or other law includes regulations and other instruments under it and consolidations, amendments, re-enactments or replacement of any of them;

1.2.6 the singular includes the plural and vice versa;

1.2.7 a reference to a person includes a firm, body corporate, an unincorporated association or an authority;

1.2.8 a reference to a person includes the person's legal personal representatives, successors, substitutes (including persons taking by novation) and assigns;

1.2.9 if a party comprises two or more persons, this Deed binds them jointly and each of them severally and it also binds the executors, administrators and permitted assigns of them and of each of them and of any two or more of them jointly and each of them severally;

1.2.10 a reference to "$" or "dollars" is a reference to Australian dollars; and

1.2.11 any schedule, annexure, appendix and attachment to this Deed forms part of this Deed.

2 **RENEWAL AND VARIATION**

2.1 **Renewal**

The Lessor grants to the Lessee and the Lessee accepts a lease of the Premises for the Further Term the option for which has been exercised by the Lessee (New Lease).

2.2 **Variation**

The New Lease is on the same terms and conditions as those contained in the Lease subject to the variations effected by this Deed as follows:

2.2.1 Item 2 of the Reference Schedule in the Lease is amended by deleting the reference to "Address" and replacing it with:

"Address: c/-JLL
Level 10, 242 Exhibition Street
MELBOURNE VIC 3000"

2.2.2 Item 5 of the Reference Schedule in the Lease is deleted and replaced with:

"Term: 15 years"

2.2.3 Item 7 of the Reference Schedule in the Lease is deleted and replaced with:

"Terminating Date: 15 December 2025"

2.2.4 Item 11 of the Reference Schedule in the Lease is deleted and replaced with:

"Further Terms: One (1) Further Term of five (5) years"

2.2.5 Clause 5.2 of the Lease is deleted and replaced with:

"5.2 **Cost of Lease**

(a) Each party must bear their own legal fees and disbursements for the preparation, negotiation and execution of this Lease.

(b) If stamp duty or registration fees are:

(i) payable on this Lease; and

(ii) the relevant law makes the Lessee liable to pay them

the Lessee will pay the applicable stamp duty or registration fees."

2.2.6 Clause 7.4(b) in the Lease is deleted and replaced with:

"(b) where it is sent by mail:

(i) within Australia - 7 Business Days after posting; or

(ii) to or from a place outside Australia - 10 Business Days after posting; and"

3 **AFFIRMATION OF LEASE**

The Lease as varied under clause 2.2 of this Deed remains in full force and effect as if it were repeated in full in this Deed.

4 **NOT APPLICABLE**

5 **ENTIRE AGREEMENT**

(a) This Deed embodies the renewal and variation of the Lease between the parties.

(b) All warranties representations and conditions pertaining to the renewal and variation of the Lease whether written, oral, express or implied and whether consistent with this Deed or not, do not apply except so far as they are expressed and contained in this Deed.

(c) This Deed may be amended only in writing and executed by all parties.

6 **GOVERNING LAW**

This Deed is governed by the laws of the State or Territory where the Premises are located and the Commonwealth of Australia and the Lessor and Lessee submit to the non-exclusive jurisdiction of the Courts of that jurisdiction.

7 **NO WAIVER**

No failure to exercise and no delay in exercising any right, power or remedy under this Deed will operate as a waiver. Nor will any single or partial exercise of any right, power or remedy preclude any other or further exercise of that or any other right, power or remedy.

8 **NO MERGER**

The rights and obligations of the parties will not merge on completion of any transaction under this Deed.

9 **MORTGAGEE'S CONSENT**

9.1 If the Land is subject to any mortgage or charge, the Lessor must, at its cost, obtain the mortgagee's or chargee's consent to the New Lease in a form which is reasonably acceptable to the Lessee.

9.2 Clause 9.1 is subject to any contrary provision of the New Lease which provides for the mortgagee's or chargee's consent to the New Lease.

DEED

DEED OF RENEWAL AND VARIATION OF LEASE IN RELATION TO HARVEY CMTS

Date

This Deed is dated the 28 October 2015.

Parties

This Deed is made between and binds the following parties:

1. **SHIRE OF HARVEY** of PO Box 500, Harvey, Western Australia 6220 (the Lessor); and

2. The Lessee specified in the Schedule (the Lessee).

Recitals

A. By the Lease the Lessee is entitled to a leasehold interest in the Premises subject to the terms of the Lease.

B. The Lease gives the Lessee the right to renew the Lease for the Further Term.

C. At the request of the Lessee the Lessor has agreed to renew the Lease for the Further Term upon the terms and conditions contained in this Deed.

D. At the request of the Lessee the Lessor has agreed to vary the terms of the Lease upon the terms and conditions contained in this Deed.

Operative provisions

In consideration of the mutual promises contained in this document, the parties to this Deed agree as follows:

1. Definitions and Interpretation

1.1. Definitions

1.1.1. Unless the contrary intention appears a term in bold type has the meaning shown opposite it:

Deed	this deed;
Effective Date	the date specified in the Schedule;
Further Term	the period specified in the Schedule;
Lease	the document or documents specified in the Schedule;
Premises	the premises specified in the Schedule;

	Rent	the rental for the Premises during the Further Term more particularly specified in the Schedule; and
	Schedule	the schedule to this Deed.

1.2. Interpretation

1.2.1. Words and expressions defined in the Lease have the same meaning when used in this Deed unless a contrary intention is expressed.

1.2.2. The singular includes the plural.

1.2.3. A reference to one gender includes a reference to all other genders.

1.2.4. Wherever the context permits "Lessor" and "Lessee" include their respective successors in title or assignees.

1.2.5. A covenant on the part of two or more persons binds them jointly and severally and a covenant for the benefit of two or more persons is for the benefit of them jointly and severally.

1.2.6. Unless the context or circumstances otherwise require all words and phrases used in this Deed will be read and construed as having the meaning ascribed to them in the Lease.

1.2.7. Any reference in this Deed to any statute or regulation includes all amendments and revisions made from time to time to that statute or regulation.

1.2.8. Headings in this Deed have been inserted for convenience and reference only.

1.2.9. In the interpretation of this Deed no rules of construction apply to the disadvantage of any party on the basis that it put forward this Deed.

2. Renewal and Variation

2.1. Further Term

2.1.1. The Lessor leases and the Lessee agrees to take a lease of the Premises for the Further Term paying the Rent upon the same terms and conditions contained in the Lease except for any exercised rights of renewal and except as varied by this Deed (expressly or by necessary implication).

2.2. Variation of Lease

2.2.1. With effect from the Effective Date the Lease is varied by:

(a) deleting the description of "LESSEE" in Note 4 of Form L1 cover page of the Lease and replacing it with "Telstra Corporation Limited ACN 051 775

556 of care of Jones Lang LaSalle, Level 34, 242 Exhibition Street, Melbourne, Victoria 3000".

2.3. Existing Lease Terms

2.3.1. Except as varied by this Deed (expressly or by necessary implication) the terms and conditions of the Lease are not affected by this Deed and shall continue to apply during the Further Term.

3. Costs

3.1. Costs of Renewal and Variation of Lease

3.1.1. The Lessor and the Lessee will each pay their own costs in connection with the preparation, completion and execution of this Deed.

3.1.2. The Lessee will be liable for any stamp duty and registration fees in respect of or in connection with this Deed.

SCHEDULE

A. Lessee

Telstra Corporation Limited ACN 051 775 556

Address: **Director, Telstra Property**
c/- **Jones Lang LaSalle**
Level 34, 242 Exhibition Street
MELBOURNE VIC 3000
Attention: Property Management Director
Email: Telstra.Notices@ap.jll.com and F0901953@team.telstra.com

B. Further Term

Five (5) years commencing on 16 December 2015 and expiring 15 December 2020 with two (2) options to renew the Lease for a further five (5) years each.

C. Premises

The portion of Part Reserve 22672 being an area of approximately 9,000 square metres hatched on the plan annexed to the Lease in Annexure "A" and situated at Harvey, Western Australia and being part of the land in Lot 5068 on Deposited Plan 211655 being the whole of the land contained in Certificate of Crown Land Title LR3000 Folio 428.

(For Telstra reference purposes only: JDE number 31316300)

D. Lease

Registered Lease L971503 dated 29 May 2012 made between the Lessor and the Lessee.

E. Rent

$6,719.58 per annum plus GST payable yearly in advance by way of electronic funds transfer. The first payment to be paid on the Effective Date and subsequent payments to be paid on the anniversary of the Effective Date on each and every succeeding year during the Further Term.

F. Effective Date

16 December 2015.

INSTRUCTIONS

1. If insufficient space in any section, Additional Sheet, Form B1 should be used with appropriate headings. The boxed sections should only contain the words "see page..."
2. Additional Sheets shall be numbered consecutively and bound to this document by staples along the left margin prior to execution by the parties.
3. No alteration should be made by erasure. The words rejected should be scored through and those substituted typed or written above them, the alteration being initialled by the persons signing this document and their witnesses.
4. Where issued, the Duplicate Certificate of Title is required to be produced or if held by another party then arrangements must be made for its production.

NOTES

1. **DESCRIPTION OF LAND**
   Lot and Diagram/Plan/Strata/Survey-Strata Plan number or Location name and number to be stated.
   Extent - Whole, part or balance of the land comprised in the Certificate of Title to be stated. If part, define by recital and/or sketch.
   The Volume and Folio number to be stated.

2. **LIMITATIONS, INTERESTS, ENCUMBRANCES and NOTIFICATIONS**
   In this panel show (subject to the next paragraph) those limitations, interests, encumbrances and notifications affecting the land being leased that are recorded on the certificate(s) of title:
   a) In the Second Schedule;
   b) If no Second Schedule, that are encumbrances.
   (Unless to be removed by action or document before registration hereof)

   Do not show any:
   (a) Easement Benefits or Restrictive/Covenant Benefits; or
   (b) Subsidiary interests or changes affecting a limitation, etc, that is to be entered in the panel (eg, if a mortgage is shown, do not show any partial discharges or any document affecting either).
   The documents shown are to be identified by nature and number. The plan/diagram encumbrances shown are to be identified by nature and relevant plan/diagram. Strata/survey-strata plan encumbrances are to be described as "Interests on strata /survey- strata plan".
   If none show "nil".

3. **LESSOR**
   State the full name of the Lessor/Lessors (REGISTERED PROPRIETOR) as shown in certificate of title and the address/addresses to which future notices can be sent.

4. **LESSEE**
   State full name of the Lessee/Lessees and the address/addresses to which future notices can be sent. If two or more state tenancy e.g. Joint Tenants, Tenants in Common. If Tenants in Common specify shares.

5. **TERM OF LEASE**
   Must exceed 3 years.
   Term to be stated in years, months and days or as the case may be.
   Commencement date to be stated. Options to renew to be shown.

6. **RECITE ANY EASEMENTS TO BE CREATED**
   Here set forth any Easements to be created as appurtenant to the lease commencing with the words "together with" and/or any Reservations hereby created encumbering the lease commencing with the words "reserving to".

7. State amount of yearly rental in figures.

8. State term of payment.

9. Insert any Covenants required.

10. **LESSOR/LESSEE EXECUTION**
    A separate attestation is required for every person signing this document. Each signature should be separately witnessed by an Adult Person. The full name, address and occupation of the witness must be stated. Execution by a corporation or body corporate must be in accordance with the Corporation Act

Shire Of Harvey
shire@harvey.wa.gov.au

Re: Shire Of Harvey lease to Telstra Corporation Limited
Premises: HARVEY - Reference: 6968
Address: SOUTH WESTERN HWY HARVEY

To whom it may concern,

Update on your current lease arrangements with Telstra's towers business

You may be aware that Telstra recently announced the sale of a non-controlling stake in its mobile and non-mobile towers business to a high-calibre consortium – comprising the Future Fund, Commonwealth Superannuation Corporation and Sunsuper and managed by HRL Morrison & Co. Telstra has retained 51 per cent ownership and continues to own the active parts of its network.

To facilitate this sale, the assets and operations of the tower business have been transferred into a new Telstra subsidiary called Amplitel Pty Ltd.

Amplitel will continue to operate the towers business in a similar manner to Telstra, including allowing telecommunications carriers and other tower users access to the facilities to operate their mobile telephone and other networks.

The transfer of your lease to Amplitel Pty Ltd

On 31 August 2021, the lease over your land was transferred to Amplitel. From that date, Amplitel is the tenant under the lease. On 1 September 2021, the Future Fund, Commonwealth Superannuation Corporation and Sunsuper acquired a 49 per cent interest in Amplitel.

I attach a deed poll in your favour which has been signed on behalf of Amplitel under which Amplitel, as the new tenant under the lease, agrees to comply with the lease from 31 August 2021.

The details for Amplitel are as follows:

Amplitel Pty Ltd ACN 648 133 073
contactable care of Telstra Corporation Limited
242 Exhibition Street
Melbourne VIC 3000

You do not need to adjust the rent paid under the lease or issue any new tax invoice or adjustment note following the transfer – Telstra and Amplitel will deal with any adjustments under the lease. Any future tax invoices should be issued to Amplitel. Those tax invoices can still be sent to the current property managers, JLL. Where JLL has issued tax invoices for you (as recipient created tax invoices), JLL will continue to issue any future tax invoices to you but show Amplitel as the tenant.

There will be no other proposed changes to the terms of your lease and the operations of the tower business will continue as usual.

For our records, we request that you sign the acknowledgment at the bottom of this letter and return it to us at **TowersProperty@team.telstra.com**.

If you have any other questions or concerns (including from the FAQs), please feel free to email **TowersProperty@team.telstra.com**.

Yours sincerely,

Julian McKernan

.....

By executing this deed poll the attorney states that the attorney has received no notice of revocation of the power of attorney

AMPLITEL PTY LTD
LEASE TRANSFER FREQUENTLY ASKED QUESTIONS

1. Who is Amplitel?

On Wednesday, 30 June 2021, Telstra announced the sale of a non-controlling stake in its mobile and non-mobile towers business to a high-calibre consortium – comprising the Future Fund, Commonwealth Superannuation Corporation and Sunsuper and managed by HRL Morrison & Co.

To facilitate this sale, the assets and operations of the tower business have been transferred into a new Telstra subsidiary called Amplitel Pty Ltd on 31 August 2021.

2. What is included in the Amplitel infrastructure portfolio?

The Amplitel tower business (originally known as InfraCo Towers) is the largest passive or physical mobile tower infrastructure provider in Australia. It includes Telstra's passive mobile infrastructure asset portfolio of over 8,000 physical towers, mast and large pole structures used to mount mobile and non-mobile communication equipment for Telstra, other mobile network operators, and non-mobile customers.

3. Who owns Amplitel?

Telstra has retained 51 per cent ownership of Amplitel and will continue to own the active parts of its network, including the radio access network and spectrum assets.

The Future Fund, Commonwealth Superannuation Corporation and Sunsuper became strategic partners in Amplitel when they acquired a 49 per cent interest in Amplitel on 1 September 2021.

4. What are Amplitel's contact details?

- Legal Entity: Amplitel Pty Ltd as trustee for the Towers Business Operating Trust, care of Telstra Corporation Limited
- ACN: 648 133 073
- ABN: 75 357 171 746
- Address: 242 Exhibition Street, Melbourne VIC 3000

Telstra's head office at 242 Exhibition Street, Melbourne is the registered office of Amplitel.

5. How will Amplitel operate?

It is anticipated that Amplitel will operate the towers infrastructure in the same way as Telstra currently operates those assets. In particular, Amplitel will host telecommunications equipment of Telstra and other telecommunications access seekers on the towers as well as equipment for broadcast services and emergency services.

6. Is my consent needed for the lease transfer?

No.

Your lease allows Telstra to transfer the lease to any related body corporate of Telstra (such as a subsidiary of Telstra) without your consent. Amplitel is a related body corporate of Telstra.

If you think that it is necessary, you should seek your own legal advice in relation to the transfer of the lease. Subject to the terms of your lease, any legal advice that you obtain will be at your own expense.

7. What do I have to do for the lease transfer?

Very little. Telstra and Amplitel are taking the necessary steps to transfer the lease from Telstra to Amplitel.

You will not need to re-issue rent tax invoices where Telstra has already paid that rent. Instead, Telstra and Amplitel will make any necessary adjustments between themselves for rent payable by Amplitel for the period from the transfer date until the next rent payment is due.

After the lease transfer, any rent and any other payments that become due under the lease will be paid by Amplitel.

If you send out your own tax invoices for the rent and other payments, you will need to address those tax invoices to Amplitel, and not Telstra. The tax invoice can still be sent to the current property managers, JLL.

Where JLL has issued tax invoices for you (as recipient created tax invoices), JLL will issue any future tax invoices to you and show Amplitel as the tenant.

Any correspondence between Amplitel and you will still need to be sent to JLL using the current email address.

As a reminder, that email address is: TelstraProperty@team.telstra.com

8. Will the lease change?

No. The lease will not be amended and will remain the same.

9. Will the use of my land change?

As mentioned, Amplitel intends to use the leased premises for the same purposes as Telstra currently uses those premises.

10. What if I have other questions?

If you have any other questions about the lease transfer, you can send the questions to Telstra and Amplitel at TowersProperty@team.telstra.com.

We will endeavour to respond to your questions as soon as possible.

Terms of Reference

Housing Advisory Group

2026-2027

SHIRE OF HARVEY

Introduction

Advisory Groups are one way for the Shire to bring together key stakeholders to provide advice to the Shire on strategies, policies, and the needs of communities within the Shire of Harvey.

The following Terms of Reference apply to the members and operations of the Housing Advisory Group.

General Terms

1.1 Advisory Groups are not formal Committees of Council created under Section 5.8 of the *Local Government Act 1995*.

1.2 Advisory Groups have no delegated authority to make decisions on behalf of Council.

1.3 The Housing Advisory Group will meet four times per year or as often as necessary to perform the objectives of the Advisory Group.

1.4 The Council will appoint Elected Members to the Housing Advisory Group.

1.5 The CEO will determine other members in accordance with the specific terms for the Housing Advisory Group.

1.6 The Chairperson of the Housing Advisory Group will be a Councillor representative selected by Council to Chair the group.

1.7 The Deputy Chairperson of the Housing Advisory Group will be elected by members of the group.

1.8 The quorum for the Housing Advisory Group will be one more than 50% of the membership.

1.9 Strategic and policy recommendations of the Housing Advisory Group will be reported to Council for decision.

1.10 Management and operational recommendations of the Housing Advisory Group will be reported through the CEO to Council for decision.

1.11 The Shire of Harvey will provide an appropriate venue for Housing Advisory Group meetings.

Specific Terms of Reference: Housing Advisory Group

2.1 Role of the Group

The role of the Housing Advisory Group is to advocate for the needs and benefits of the Shire of Harvey community and provide input to the Shire of Harvey on the planning, development, and provision of equitable, sustainable, and fit-for-purpose affordable housing, over-55 housing and aged care facilities in the Shire.

2.2 Objectives of the Group

- Provide input on the strategic planning, development, and enhancement of affordable housing, over-55 housing and aged care facilities and services to meet current and projected community needs.
- Advocate for the needs and aspirations of people requiring affordable housing, over-55 housing and aged care facilities and services.
- Identify opportunities for funding, grants, and partnerships to enhance opportunities for the provision of affordable housing, over-55 housing and aged care facilities and services.
- Act as a conduit between the Shire and members of affordable housing, over-55 housing and aged care providers.

2.3 Membership

2.3.1. Elected Members

- Three elected members, one of whom will be nominated by Council as Chair.

2.3.2. Shire Staff

- Director Communities and Lifestyle or delegate.
- Community Development Officer.
- Community and Lifestyles Administration Officer.

2.3.3 Government Agencies

- One representative each from the:
- South-West Development Commission.
- Department of Planning, Lands and Heritage.
- Department of Housing and Works.

Membership

2.3.4. Affordable Housing, Over-55 Age Housing and Aged Care Providers

One representative each from the:

- The Brunswick River Cottages Committee.
- Accordwest.
- Alliance Housing.
- Other interested affordable housing, over-55 housing and aged care providers
- Interested not-for-profit or service agencies involved in the provision of services to these sectors.

2.3.5. Community Representatives

- Three general community representatives from localities in the Shire, including Harvey, Brunswick, Treendale and Australind.

2.4 Selection Criteria

- Community representatives will be selected based on:
    - Their interest in affordable housing, over-55 housing or aged care accommodation.
    - A commitment to supporting provision of affordable housing, over-55 housing or aged care accommodation in the Shire of Harvey.
- Interested community members will participate by invitation from the CEO.
- Community Development Officers will actively seek participation from interested affordable housing, over-55 housing and aged care providers on an ongoing basis.

2.5 Terms of Membership

- Community representatives will be appointed for a two-year term, with the option for reappointment.
- Membership will be reviewed periodically to ensure diversity and representation

2.6 Responsibilities

2.6.1 Housing Advisory Group Community Representatives

- Provide strategic advice, advise on housing needs and engage with the community.

2.6.2 Affordable Housing, Over-55 Age Housing and Aged Care Providers

- Provide strategic advice, advise on housing needs and recommend areas where additional provision of affordable housing, over-55 housing or aged care is critical and engage with other providers or government agencies.

2.6.3 State Government Agency Representatives

- Provide strategic advice and act as liaison between the Housing Advisory Group and State Government.

2.6.4 Shire Officers

- Provide administrative and technical support.
- Facilitate the implementation of recommendations.

2.7 Meetings

- Meetings will be held on a quarterly basis. Extraordinary meetings can be called as required.
- Minutes will be recorded and distributed to all members within four weeks of the meeting.

2.8 Code of Conduct

All members must agree to:

- Treat others with respect and professionalism.
- Maintain confidentiality of discussions.
- Act in the best interests of the community.

2.9 Conflict Resolution

If a conflict arises within the Group, the following process will be followed:

2.9.1. Addressing the Issue Informally

- Members involved in the conflict are encouraged to address the issue directly and respectfully with one another to seek an informal resolution.

2.9.2. Facilitation by the Chairperson

- If the conflict cannot be resolved informally, the Chairperson will mediate discussions between the parties to find a mutually acceptable solution.
- The Chairperson will ensure the discussion is conducted respectfully, focusing on the group's objectives.

2.9.3. Referral to the Director Community and Lifestyle

- If the issue remains unresolved, it will be referred to the Director Community and Lifestyle for further mediation.
- The Director Community and Lifestyle will review the matter, facilitate discussions, and recommend a course of action.

2.9.4. Escalation to an External Mediator

- In cases where the conflict cannot be resolved through internal mediation, the issue may be escalated to an external mediator.

3 Strategic Objective

The Housing Advisory Group aligns with the following strategic objectives:

People:

- Support people through all stages of life.
- Ensure equitable access to local services, facilities and places.

Place:

- Increase access to diverse and affordable housing.

Performance:

- Deliver proactive and responsible leadership and governance.
- Build partnerships and work collaboratively to amplify positive outcomes that can be achieved.

Planning and Development Act 2005

RESOLUTION TO ADOPT AMENDMENT TO LOCAL PLANNING SCHEME

Shire of Harvey
Local Planning Scheme No. 2
Amendment No. X

Resolved that the Local Government pursuant to section 75 of the *Planning and Development Act* 2005, amend the above Local Planning Scheme by:

1. Amend the scheme map to rezone a portion of Lot 9531 Grandite Fairway, Australind to Residential R60.

The amendment is **standard** under the provisions of the *Planning and Development (Local Planning Schemes) Regulations* 2015 for the following reason(s):

1. The amendment is consistent with the Shire's Local Planning Strategy; and

2. The amendment would have minimal impact on land in the scheme area that is not subject of the amendment.

6 CONCLUSION 13

1 INTRODUCTION

Apex Planning has prepared this scheme amendment request on behalf of the landowner of Lot 9531 Grandite Fairway, Australind.

The subject proposal seeks to amend the Shire of Harvey Local Planning Scheme No.2 (**LPS2**) by rezoning the northern half of the subject site to Residential R60 (hereafter referred to as the **amendment site**).

The proposed amendment will enable the delivery of medium density residential land at the amendment site, facilitating future infill residential development during a time of severe housing shortage.

The amendment site is appropriate for residential zoning, noting it adjoins Residential R40 land to the north and is suitably sized and shaped to accommodate residential dwellings.

It is respectfully requested that this scheme amendment request be considered favourably by the Shire of Harvey and the WA Planning Commission, with a recommendation for the amendment to be approved by the Minister for Planning.

1.1 PRE-LODGEMENT ENGAGEMENT

1.1.1 SHIRE OF HARVEY

Pre-lodgement consultation has occurred with the Shire's planning team during early 2026 through various liaison.

The Shire noted the scheme amendment submission should address the reduction of commercial zoned land and potential noise impacts based on the co-location of an existing child care premises with the amendment site. It was also confirmed that the amendment would most likely be classified as a 'standard amendment' in accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015*.

2 BACKGROUND AND LAND DESCRIPTION

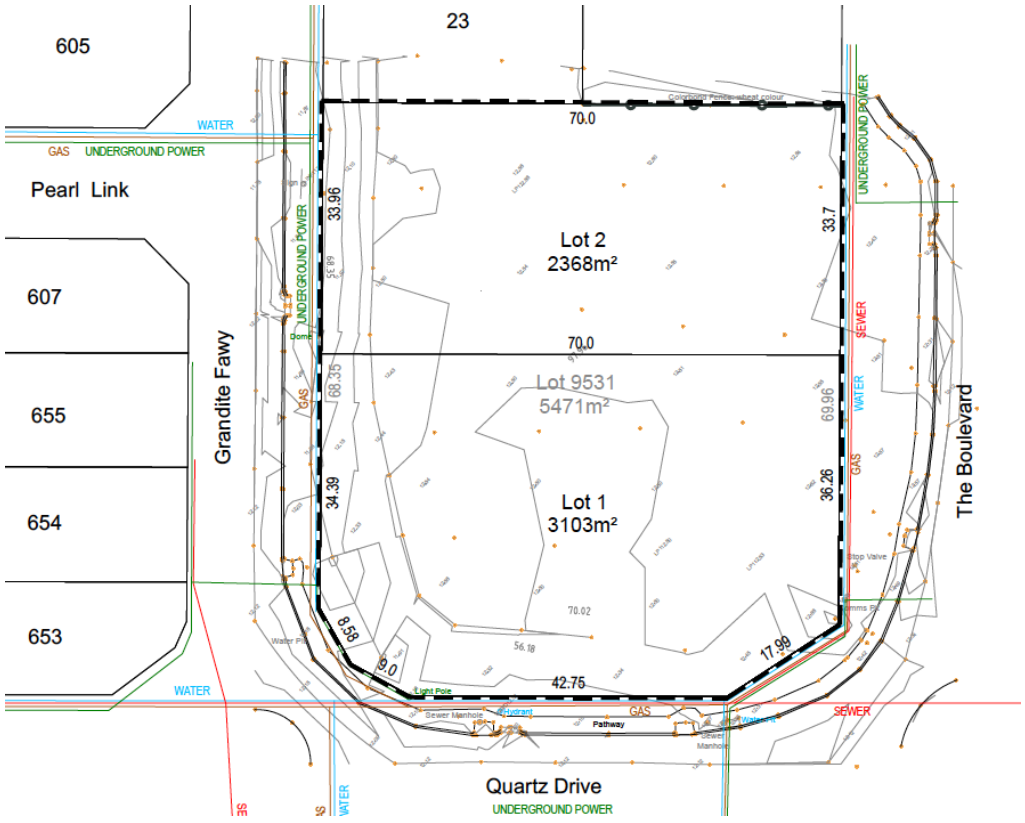

2.1 LOT DETAILS

The land subject of this scheme amendment request is described in **Table 1** below.

Table 1: Lot details				
Lot	**Deposited Plan**	**Volume**	**Folio**	**Ownership**
9531	412941	2953	731	Ladybug Twenty Nine Pty Ltd

2.2 SUBDIVISION APPROVAL

In July 2025, the WAPC granted conditional subdivision approval to subdivide Lot 9531 (WAPC ref 201688) to create two green-title lots in the configuration shown in the below extract:

The proposed amendment relates to Lot 2 of the approved subdivision (ie the **amendment site**). The landowner is currently completing condition clearances and the subdivision is anticipated to be fully completed in 2026.

3 CONTEXTUAL CONSIDERATIONS

The following sub-sections describe the contextual characteristics of the site and local area. Refer to **Figure 1: Aerial Photo**, which illustrates the subject site and surroundings.

3.1 EXISTING SITE AND DEVELOPMENT CONDITIONS

The amendment site forms part of Lot 9531. Lot 9531 is a 5,471sqm rectangular lot with frontage to three separate roads, being The Bouelvard (east), Quartz Drive (south), and Grandite Fairway (west).

Lot 9531 is partially developed, containing an existing child care facility within the southern portion (encompassing Lot 1 of the approved subdivision outlined in Section 2.2). The existing child care facility has its building and outdoor spaces addressing the three road frontages, and its external car park adjoining the amendment site (with a boundary fence at the interface).

The amendment site is vacant and has dual road frontage to Grandite Fairway and The Boulevard.

In terms of topography, the amendment site is generally flat with an approximate 0.5m high embankment fall along its Grandite Fairway frontage.

In terms of services/utilities, reticulated sewer, water, and power all exist within the immediate area and are available to the amendment site.

3.2 DESCRIPTION OF CONTEXT

3.2.1 REGIONAL AND LOCAL CONTEXT

In terms of regional context, the subject site is within the locality of Australind and is located approximately:

- 700m south of the Treendale District Centre
- 4km north-east of the Eaton Fair District Centre
- 10km north-east of the Bunbury CBD
- 148km south of the Perth CBD

From a more localised point of view, the amendment site is vacant land adjoining a child care premises to the south, developed residential R40 land to the north, and bounded by The Boulevard and Grandite Fairway to the east and west.

The Boulevard is a key thoroughfare for the locality, providing a link to the nearby Treendale District Centre further north and to the Eaton Fair District Centre further south (via Eaton Drive). Grandite Fairway is a local access street serving the local residential neighbourhood.

Lot 9531 encompasses the western half of a local activity centre which is bisected by The Boulevard. The eastern half of the local activity centre is comprised of Lots 1, 2, and 3 (107-111) The Bouelvard which contains a child care premises and veterinary centre, and includes 2,501sqm of vacant commercial land.

The wider locality is comprised of residential uses of mostly R20 density, with densities increasing to R40 around the above mentioned commercial zoned land.

A footpath network exists throughout the local area, with footpaths existing on most of the frontage roads, though it is noted no footpath exists along the northern section of Grandite Fairway and footpaths currently terminate along The Boulevard slightly north of Lot 9531.

In terms of public transportation, the 841 and 844 bus routes operate along The Boulevard with stops existing slightly north of the amendment site. The routes provide a transit link to Bunbury Bus Station, Bunbury Senior High School, the wider Austalind area, and Bunbury.

4 EXPLANATION OF SCHEME AMENDMENT REQUEST

The subject proposal requests an amendment to the Shire's LPS2 to rezone an approximate 2,368sqm portion of Lot 9531 Grandite Fairway from Commercial to Residential R60. The extent of the proposed rezoning is shown below:

The proposed rezoning will enable suitably located / regularly shaped vacant land to be developed for medium density residential purposes during a severe housing shortage.

The amendment site is in an appropriate position for a rezoning to residential, noting:

- It adjoins Residential R40 land along its northern boundary and is widely surrounded by a residential suburb.
- It has benefit of two road frontages, including The Boulevard which provides a direct connection to the nearby Treendale District Centre and the Eaton Fair District Centre which is further away.
- The reduction of commercial land associated with the local activity centre in which the amendment site is located is considered to be of negligible consequence, given the locality is within the primary catchment of a major District Centre approximately 700m away, offering a range of key services.
- It has benefit of an established footpath network in the local area, and bus stops within 70 metres which provide a transit link to nearby District Centres, bus station, and wider localities.
- It interfaces with the external car park of the adjoining child care premises, which is generally a 'low impact' and non-sensitive area.

The following sub-sections address/explain key considerations associated with the rezoning.

4.1 ACTIVITY CENTRE CONSIDERATIONS

The proposed amendment would change the zoning of approximately 2,368sqm of commercial zoned land to Residential R60, resulting in a remaining 2,501sqm of vacant commercial land in the local activity centre in which the site is located. This is illustrated in the below image:

The reduction of commercially zoned land resulting from the proposal is considered to be of negligible consequence for the following reasons:

- The amendment site and local area are within the primary catchment of the Treendale District Centre, a major centre which is largely built-out but with vacant land within the centre still remaining and capable of accommodating further retail and commercial uses. According to *State Planning Policy 4.2 Activity Centres* (**SPP4.2**), District Centres should serve a population catchment of 20,000-50,000 people. At the time of preparing the Shire's Local Planning Strategy (2020), the greater Australind area contained around 14,843 persons.
- As the local area is in such close proximity to the Treendale District Centre, which contains a supermarket, specialty retail uses, local eateries, gymnasiums, a homemaker centre, a large hardware store, and other key commercial uses, the local population would be reliant upon Treendale regardless of how the local activity centre would be developed. It is also noted that a Spudshed Fresh Food Market exists near the interchange of Paris Road and Forrest Highway which also draws from this catchment.
- The rezoning of the amendment site is not considered to have any meaningful impact on the capability of the local activity centre in which it is located to deliver further localised non-residential uses, noting 2,501sqm of vacant commercial land will remain on the eastern side of The Boulevard.

Overall, the rezoning of the amendment site is not considered to create any undue pressure on the existing activity centres near the site, and the local activity centre in

which the site is located still has vacant land which can expand upon the current provision of non-residential uses.

4.2 INTERFACE WITH EXISTING CHILD CARE PREMISES

The amendment site interfaces with the external car park of an existing child care premises along its southern side. The interface of future residential uses with this area is not considered to pose any constraints that would prevent the co-existence of these spaces, noting:

- The car park does not contain any built form or sensitive areas, and it is separated from the amendment site by an existing 1.8m high fence.
- When the child care premises on Lot 9531 was originally approved, an acoustic assessment was prepared which contemplated future residential uses on the amendment site. Compliance with the *Environmental Protection (Noise) Regulations 1997* was shown to be capable of being achieved through the provision of a suitable fencing treatment along the northern boundary of the car park. This matter can be easily addressed at the time of progressing subdivision and/or development proposals for the amendment site in the future.
- It is common for child care premises to interface with residential land uses, and subject to address the requirements of the applicable planning framework and any site-specific considerations, a reasonable design response can be formulated which ensures the uses can co-exist.

Having regard for the above, the proposed rezoning of the amendment site to residential is not impeded or adversely impacted by the existing child care premises at the southern side of Lot 9531.

5 TOWN PLANNING ANALYSIS

5.1 STRATEGIC PLANNING FRAMEWORK

The Shire's current Local Planning Strategy was endorsed in 2020 and prepared with due consideration for the State strategic framework which was in place at the time. It is noted that the Bunbury-Geographe Sub-Regional Planning Strategy was subsequently endorsed in 2022 which sets out overarching objectives in relation to the strategic vision of the sub-region.

A key strategy of the Shire's Local Planning Strategy is to support appropriate infill development within the existing residential areas of Australind. More specifically, it was recognised that infill targets should be met through the implementation of Liveable Neighbourhoods and the achievement of a variety of housing types and increased density in suitable areas rather than applying a blanket R20 coding. The proposed amendment aligns completely with the Local Planning Strategy, in this regard.

The Shire's strategic planning framework does not address all local and neighbourhood centres across the municipality, and the local activity centre in which the amendment site is located is not captured within the strategic planning framework. Notwithstanding this, the Treendale District Centre is recognised as a major/dominant commercial activity centre in the region which at full build-out is projected to provide 20,000sqm of NLA. Having regard for these considerations, the reduction of commercial land resulting from the proposed amendment has no adverse or discernible impact on the activity centre planning undertaken as part of the Local Planning Strategy.

The proposed amendment is considered to align with the applicable strategic planning framework, and will create positive planning outcomes by facilitating infill development in an appropriate location while respecting the function of the Treendale District Centre.

5.2 STATUTORY PLANNING FRAMEWORK

The key statutory planning instrument for the municipality relevant to the proposed amendment is the Shire's Local Planning Scheme No.2 (**LPS2**) which was gazetted in 2024. A range of local planning policies are also in place which address a range of town planning matters, including those relating to residential development.

The subject proposal seeks to rezone the amendment site to Residential with an applicable density coding of R60. The LPS2 objectives for the Residential zone are extracted below for reference:

(a) To provide for a range of housing and a choice of residential densities to meet the needs of the community.
(b) To facilitate and encourage high quality design, built form and streetscapes throughout residential areas.
(c) To provide for a range of non-residential uses, which are compatible with and complementary to residential development.

A density of R60 has been selected for the amendment site to offer a broad selection of housing choice and diversity, particularly in relation to a grouped housing / townhouse style typology. The amendment site benefits from its co-location with commercially zoned land to the south and east, as well as its interface to The Boulevard which contains public transport linkages and a direct connection to the Treendale District Centre. It is further noted that land coded R40 exists to the north and south-west of the amendment site, hence the co-location of the amendment site with medium density allocated land and commercial land will represent a suitable spatial planning outcome.

Aside from the commercially zoned land to the south and east of the amendment site, the land surrounding the site is zoned residential and is largely developed with existing residential uses. The zoning of land around the site is compatible and complementary to the proposed residential zoning of the amendment site.

The Shire's planning framework, as well as the *Residential Design Codes*, contain an adequate and appropriate set of land use and built form controls which ensure any future development for residential purposes on the amendment site occurs in an appropriate manner.

Having regard for the above, the proposed amendment is considered to be appropriate from a statutory planning point of view.

5.3 AMENDMENT STREAM

In accordance with Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, local planning scheme amendments are to be classified into an appropriate amendment stream.

Having regard for the town planning assessment provided in this amendment report, the subject amendment is considered to be appropriately classified as a 'standard amendment', because:

- The amendment is consistent with the Shire's Local Planning Strategy; and
- The amendment would have minimal impact on land in the scheme area that is not subject of the amendment.

6 CONCLUSION

The subject proposal requests an amendment to the Shire of Harvey Local Planning Scheme No.2, to rezone a 2,368sqm portion of Lot 9531 Grandite Fairway, Australind to Residential R60.

The scheme amendment request will facilitate the delivery of medium density residential land at an appropriate location, during a time of severe housing shortage in the State.

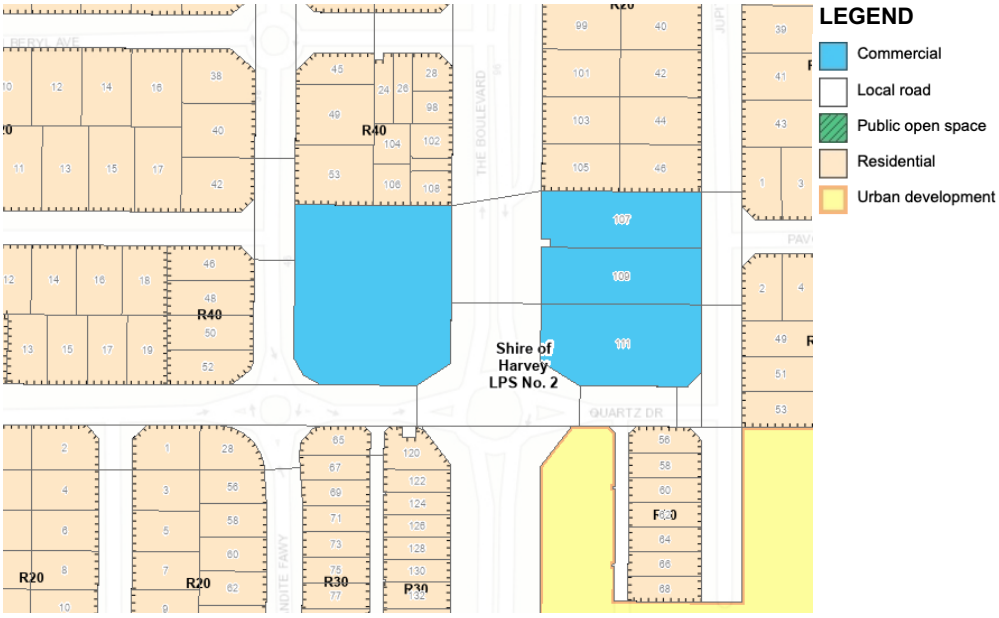

The amendment site is entirely appropriate to accommodate a residential zoning, noting its compatibility with other land in the immediate area, and the increased density proposed will facilitate diversity in housing choice and an improved response to infill housing targets.

The information presented in this scheme amendment request demonstrates the proposal is acceptable and warrants the support of the Shire and DPLH, and the final approval of the Minister for Planning.

7th October 2025

Shire of Harvey

102 Uduc Road

HARVEY WA 6220

Dear Sir / Madam

I wish to apply to be able to park my two Prime Movers at 88 Yamballup Avenue, Harvey WA 6220. Since the 14th of July I am semi retired and since that time my truck has been parked in the enclosed large shed. I may still do the occasional job maybe twice a month but moving forward the majority of the time it will be parked in the enclosed large shed.

The small service truck is parked at the back of the small shed and is used once or twice a week.

My other Prime Mover is driven by my transport manager and is away from October to the end of January / February on a yearly grain contract. When not grain season it is up North with heavy haulage contracts and when back maybe once or twice a month will be parked in the large enclosed shed.

No materials will need to be stockpiled as the earthmoving side of the business was purchased by Matt Cook Transport and the blue metal I have in the yard at the moment is to finish off the yard when it isn't so wet.

Thank you for your consideration

Biaggio Versaci

INTRODUCTION

This Traffic Impact Statement assesses the expected impacts of a proposed heavy vehicle depot on the surrounding road network. Existing traffic volumes, access geometry, heavy vehicle movements, and road classifications have been reviewed to determine how the new depot will interact with current traffic conditions.

The new heavy vehicle depo will be located on 88 Yamballup Ave (2110073), Harvey. This is located in the Shire of Harvey.

Objective and Strategies

The objectives of this traffic impact statement are to ensure:

All road users, including vulnerable road users, are safely guided around, through or past the site location.

Assess the impact of the performance of the road network.

Assess the impacts on users of the road reserve and adjacent properties and facilities.

Site Overview

Location

Existing Traffic and Road Environment

ITEM	DESCRIPTION		
Traffic Volume and Composition	**88 Yamballup Ave (2110073), Harvey, (100m East of Government Rd SLK 1.91), Mon-Sun.**		
	65 VPD (N/A Heavy Vehicles)	AM Peak – 6 VPH at 0930hrs	PM Peak – 9 VPH at 1530hrs
	Ninth St (2110071), SLK 3.34, Harvey - traffic data was unavailable at the time of planning. The 5 minute traffic count conducted during the site inspection recorded 0 vehicles bi-directional.		
Existing road configuration	88 Yamballup Ave (2110073) & Ninth St (2110071), SLK 3.34, Harvey is a bidirectional single carriageway.		
Existing pedestrian / cyclist facilities	There are no footpath or cyclist facilities located within the area of works.		

Risk Management

The following details the preliminary assessment of site hazards likely to be encountered, the level of risk associated with each, and the control proposed. Note that the risk level is the level of assessed risk ***without*** the controls in place. The controls listed have been determined as being appropriate in reducing the risk to a level that is acceptable.

The hierarchy of control has been utilised to ensure that the highest practicable level of protection and safety is selected:

- Elimination;
- Substitution;
- Isolation;
- Engineering;
- Administration;
- Personal Protection Equipment.

In evaluating the options, a key consideration is whether the option takes traffic around, through or past the worksite.

Risk Classification Tables

QUALITATIVE MEASURES OF CONSEQUENCE OR IMPACT

Level	Consequence	Description
1	Insignificant	Mid-block hourly traffic flow per lane is equal to or less than the allowable lane capacity detailed in AGTTM. No impact to the performance of the network. Affected intersection leg operates at a Level of Service (LoS) of A or B. No property damage.
2	Minor	Mid-block hourly traffic flow per lane is greater than the allowable road capacity and less than 110% of the allowable road capacity as detailed in AGTTM. Minor impact to the performance of the network. Intersection performance operates at a Level of Service (LoS) of C. Minor property damage.
3	Moderate	Midblock hourly traffic flow per lane is equal to and greater than 110% and less than 135% of allowable road capacity as detailed in AGTTM. Moderate impact to the performance of the network. Intersection performance operates at a Level of Service (LoS) of D. Moderate property damage.
4	Major	Midblock hourly traffic flow per lane is equal to and greater than 135% and less than 170% of allowable road capacity as detailed in AGTTM. Major impact to the performance of the network. Intersection performance operates at a Level of Service (LoS) of E. Major property damage.
5	Catastrophic	Midblock hourly traffic flow per lane is equal to and greater than 170% of allowable road capacity as detailed in AGTTM. Unacceptable impact to the performance of the network. Intersection performance operates at a Level of Service (LoS) of F. Total property damage.

WHS QUALITATIVE MEASURES OF CONSEQUENCE OR IMPACT

Level	Consequence	Description
1	Insignificant	No treatment required
2	Minor	First aid treatment required.
3	Moderate	Medical treatment required or Lost Time Injury
4	Major	Single fatality or major injuries or severe permanent disablement
5	Catastrophic	Multiple fatalities.

QUALITATIVE MEASURES OF LIKELIHOOD

Level	Likelihood	Description
A	Almost certain	The event or hazard: is expected to occur in most circumstances, will probably occur with a frequency in excess of 10 times per year.
B	Likely	The event or hazard: Will probably occur in most circumstances, will probably occur with a frequency of between 1 and 10 times per year.
C	Possible	The event or hazard: might occur at some time, will probably occur with a frequency of 0.1 to 1 times per year (i.e. once in 1 to 10 years).
D	Unlikely	The event or hazard: could occur at some time, will probably occur with a frequency of 0.02 to 0.1 times per year (i.e. once in 10 to 50 years).
E	Rare	The event or hazard: may occur only in exceptional circumstances, will probably occur with a frequency of less than 0.02 times per year (i.e. less than once in 50 years).

IMPORTANT NOTE: The likelihood of an event or hazard occurring must first be assessed over the duration of the activity (i.e. “period of exposure”). For risk assessment purposes the assessed likelihood must then be proportioned for a “period of exposure” of one year.

Example: An activity has a duration of 6 weeks (i.e. “period of exposure” = 6 weeks). The event or hazard being considered is assessed as likely to occur once every 20 times the activity occurs (i.e. likelihood or frequency = 1 event/20 times activity occurs = 0.05 times per activity). Assessed annual likelihood or frequency = 0.05 times per activity x 52 weeks/6 weeks = 0.4 times per year. Assessed likelihood = Possible.

QUALITATIVE RISK ANALYSIS MATRIX – RISK RATING

	CONSEQUENCE				
Likelihood	**Insignificant (1)**	**Minor (2)**	**Moderate (3)**	**Major (4)**	**Catastrophic (5)**
Almost certain (A)	**Low 5**	**High 10**	**High 15**	**Very High 20**	**Very High 25**
Likely (B)	**Low 4**	**Medium 8**	**High 12**	**Very High 16**	**Very High 20**
Possible (C)	**Low 3**	**Low 6**	**Medium 9**	**High 12**	**High 15**
Unlikely (D)	**Low 2**	**Low 4**	**Low 6**	**Medium 8**	**High 10**
Rare (E)	**Low 1**	**Low 2**	**Low 3**	**Low 4**	**Medium 7**

MANAGEMENT APPROACH FOR RESIDUAL RISK RATING

Residual Risk Rating	Required Treatment
Very High	Unacceptable risk. HOLD POINT. Work cannot proceed until risk has been reduced.
High	High priority, WHS MR and Roadworks Traffic Manager (RTM) must review the risk assessment and approve the treatment and endorse the TGS prior to its implementation.
Medium	Medium Risk, standard traffic control and work practices subject to review by accredited AWTM personnel prior to implementation.
Low	Managed in accordance with the approved management procedures and traffic control practices.

Risk Register

Item	Risk Event	Consequence	Pre–treatment Risk			Treatment	Residual Risk			TIS Reference
			L	C	RATING		L	C	RATING	
1.	Traffic unaware of the increase of heavy vehicle entering and leaving the new depo resulting in heavy vehicles impacting the MoP.	Medical treatment / asset damage.	D	4	M8	The new site location is in a straight road with low traffic volumes, the number of vehicles entering and leaving the location is very minimal.	E	3	L3	TIS SJTM0001
2.	Delays in traffic due to vehicle entering and exiting the site location resulting in congestion.	Loss of time for the MoP	D	2	L4	The total number of vehicles entering and leaving the property is minimal.	E	2	L2	TIS SJTM0001
3.	Increase of heavy vehicle movements on Ninth St causing the gravel road to degrade resulting in the road becoming a hazard to other road users.	Serious injury	C	3	M9	The number of heavy vehicles is 2, one is not in use and the other one is away for 300 days in the year, it is unlikely that the road will have any degradation from this depot.	D	3	L6	TIS SJTM0001
4.		Asset damage	C	2	L6		D	2	L4	TIS SJTM0001
5.	Increase of heavy vehicle movements on Ninth St causing the gravel road to spread dust and increase to the noise pollution for the residents on Ninth St.	Asset damage	C	2	L6	Due to the very limited use of the road, it is unlikely that it would course any major increase of dust or noise pollution for the residents.	D	2	L4	TIS SJTM0001

Traffic Assessment and Analysis

Traffic and Speed Data

A summary of recent traffic data is provided below:

Location	Vehicles per day (% heavy Vehicles)	Posted Speed (km/h)	85th Percentile Speed (km/h)	Date	Source
88 Yamballup Ave (2110073), Harvey, (100m East of Government Rd SLK 1.91), Mon-Sun	65 VPD (N/A%)	N/A	N/A	2014	Provided by the Shire of Harvey Site - Yambellup Ave.0.0WE

5-minute count during the site visit.

Location	Time	1st Direction	2nd Direction	5min Combined	Combined Hourly (5min Combined × 12)
Ninth St (2110071), SLK 3.34, Harvey	1015 hrs	0 Vehicles	0 Vehicles	0 Vehicles	0 VPH

Traffic Flow Analysis

The proposed depot is located on 88 Yamballup Ave, traffic volumes (Site - Yambellup Ave.0.0WE) for Yamballup Ave provided by the Shire of Harvey show 65 Vehicles per day on average and 0 vehicles were recorded on Ninth St.

The projected traffic generation associated with the proposed depot is minimal, with only two heavy vehicles allocated to the site. Of these, one vehicle is currently inactive (as of 2026), while the other is off-site for approximately 300 days per year. As such, vehicle movements to and from the property are expected to be infrequent.

The site does not operate under fixed business hours, further reducing the likelihood of concentrated traffic movements during peak periods.

In addition, Yamballup Avenue provides a straight road alignment with greater than 220 metres of available sight distance, supporting safe vehicle entry and exit.

Based on the above, it is not anticipated that the proposed depot will have any significant impact on the existing road network, including Yamballup Avenue and Ninth Street.

Conclusion

Based on the assessed traffic generation, the proposed depot is expected to result in very low vehicle movements, limited to two heavy vehicles, of which one is inactive (as of 2026) and the other is off-site for the majority of the year. Consequently, vehicle access to and from the site will be infrequent and well below levels that would impact the surrounding road network.

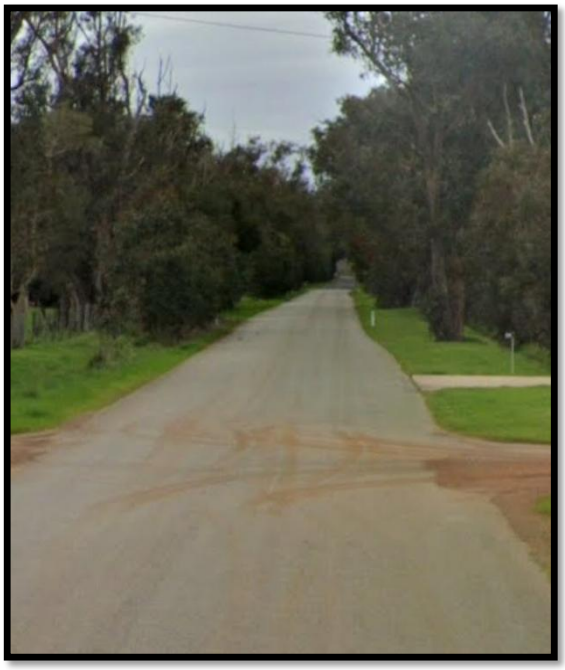

Yamballup Avenue provides a straight road alignment with greater than 220 meters of sight distance, supporting safe vehicle entry and exit. Ninth Street, being an unsealed (dirt) road, will experience negligible additional use, and given the low frequency of movements, any associated dust and noise impacts are expected to be minimal and not adversely affect the surrounding area.

The combination of low traffic volumes, infrequent heavy vehicle movements, and adequate sight distance ensures that the safety of existing road users will be maintained.

Overall, the proposed depot is not expected to have any significant impact on the operation, function, or safety of Yamballup Avenue or Ninth Street.

INTRODUCTION

This Traffic Impact Statement assesses the expected impacts of a proposed heavy vehicle depot on the surrounding road network. Existing traffic volumes, access geometry, heavy vehicle movements, and road classifications have been reviewed to determine how the new depot will interact with current traffic conditions.

The new heavy vehicle depo will be located on 88 Yamballup Ave (2110073), Harvey. This is located in the Shire of Harvey.

Objective and Strategies

The objectives of this traffic impact statement are to ensure:

All road users, including vulnerable road users, are safely guided around, through or past the site location.

Assess the impact of the performance of the road network.

Assess the impacts on users of the road reserve and adjacent properties and facilities.

Site Overview

Location

Existing Traffic and Road Environment

ITEM	DESCRIPTION		
Traffic Volume and Composition	88 Yamballup Ave (2110073), Harvey, (100m East of Government Rd SLK 1.91), Mon-Sun.		
	65 VPD (N/A Heavy Vehicles)	AM Peak – 6 VPH at 0930hrs	PM Peak – 9 VPH at 1530hrs
Existing road configuration	88 Yamballup Ave (2110073), Harvey is a bidirectional single carriageway.		
Existing pedestrian / cyclist facilities	There are no footpath or cyclist facilities located within the area of works.		

Risk Management

The following details the preliminary assessment of site hazards likely to be encountered, the level of risk associated with each, and the control proposed. Note that the risk level is the level of assessed risk ***without*** the controls in place. The controls listed have been determined as being appropriate in reducing the risk to a level that is acceptable.

The hierarchy of control has been utilised to ensure that the highest practicable level of protection and safety is selected:

- Elimination;
- Substitution;
- Isolation;
- Engineering;
- Administration;
- Personal Protection Equipment.

In evaluating the options, a key consideration is whether the option takes traffic around, through or past the worksite.

Risk Classification Tables

QUALITATIVE MEASURES OF CONSEQUENCE OR IMPACT

Level	Consequence	Description
1	Insignificant	Mid-block hourly traffic flow per lane is equal to or less than the allowable lane capacity detailed in AGTTM. No impact to the performance of the network. Affected intersection leg operates at a Level of Service (LoS) of A or B. No property damage.
2	Minor	Mid-block hourly traffic flow per lane is greater than the allowable road capacity and less than 110% of the allowable road capacity as detailed in AGTTM. Minor impact to the performance of the network. Intersection performance operates at a Level of Service (LoS) of C. Minor property damage.
3	Moderate	Midblock hourly traffic flow per lane is equal to and greater than 110% and less than 135% of allowable road capacity as detailed in AGTTM. Moderate impact to the performance of the network. Intersection performance operates at a Level of Service (LoS) of D. Moderate property damage.
4	Major	Midblock hourly traffic flow per lane is equal to and greater than 135% and less than 170% of allowable road capacity as detailed in AGTTM. Major impact to the performance of the network. Intersection performance operates at a Level of Service (LoS) of E. Major property damage.
5	Catastrophic	Midblock hourly traffic flow per lane is equal to and greater than 170% of allowable road capacity as detailed in AGTTM. Unacceptable impact to the performance of the network. Intersection performance operates at a Level of Service (LoS) of F. Total property damage.

WHS QUALITATIVE MEASURES OF CONSEQUENCE OR IMPACT

Level	Consequence	Description
1	Insignificant	No treatment required
2	Minor	First aid treatment required.
3	Moderate	Medical treatment required or Lost Time Injury
4	Major	Single fatality or major injuries or severe permanent disablement
5	Catastrophic	Multiple fatalities.

QUALITATIVE MEASURES OF LIKELIHOOD

Level	Likelihood	Description
A	Almost certain	The event or hazard: is expected to occur in most circumstances, will probably occur with a frequency in excess of 10 times per year.
B	Likely	The event or hazard: Will probably occur in most circumstances, will probably occur with a frequency of between 1 and 10 times per year.
C	Possible	The event or hazard: might occur at some time, will probably occur with a frequency of 0.1 to 1 times per year (i.e. once in 1 to 10 years).
D	Unlikely	The event or hazard: could occur at some time, will probably occur with a frequency of 0.02 to 0.1 times per year (i.e. once in 10 to 50 years).
E	Rare	The event or hazard: may occur only in exceptional circumstances, will probably occur with a frequency of less than 0.02 times per year (i.e. less than once in 50 years).

IMPORTANT NOTE: The likelihood of an event or hazard occurring must first be assessed over the duration of the activity (i.e. “period of exposure”). For risk assessment purposes the assessed likelihood must then be proportioned for a “period of exposure” of one year.

Example: An activity has a duration of 6 weeks (i.e. “period of exposure” = 6 weeks). The event or hazard being considered is assessed as likely to occur once every 20 times the activity occurs (i.e. likelihood or frequency = 1 event/20 times activity occurs = 0.05 times per activity). Assessed annual likelihood or frequency = 0.05 times per activity x 52 weeks/6 weeks = 0.4 times per year. Assessed likelihood = Possible.

QUALITATIVE RISK ANALYSIS MATRIX – RISK RATING

	CONSEQUENCE				
Likelihood	**Insignificant (1)**	**Minor (2)**	**Moderate (3)**	**Major (4)**	**Catastrophic (5)**
Almost certain (A)	**Low 5**	**High 10**	**High 15**	**Very High 20**	**Very High 25**
Likely (B)	**Low 4**	**Medium 8**	**High 12**	**Very High 16**	**Very High 20**
Possible (C)	**Low 3**	**Low 6**	**Medium 9**	**High 12**	**High 15**
Unlikely (D)	**Low 2**	**Low 4**	**Low 6**	**Medium 8**	**High 10**
Rare (E)	**Low 1**	**Low 2**	**Low 3**	**Low 4**	**Medium 7**

MANAGEMENT APPROACH FOR RESIDUAL RISK RATING

Residual Risk Rating	Required Treatment
Very High	Unacceptable risk. HOLD POINT. Work cannot proceed until risk has been reduced.
High	High priority, WHS MR and Roadworks Traffic Manager (RTM) must review the risk assessment and approve the treatment and endorse the TGS prior to its implementation.
Medium	Medium Risk, standard traffic control and work practices subject to review by accredited AWTM personnel prior to implementation.
Low	Managed in accordance with the approved management procedures and traffic control practices.

Risk Register

Item	Risk Event	Consequence	Pre–treatment Risk			Treatment	Residual Risk			TIS Reference
			L	C	RATING		L	C	RATING	
1.	Traffic unaware of the increase of heavy vehicle entering and leaving the new depo resulting in heavy vehicles impacting the MoP.	Medical treatment / asset damage.	D	4	M8	The new site location is in a straight road with low traffic volumes, the number of vehicles entering and leaving the location is very minimal.	E	3	L3	TIS SJTM0001
2.	Delays in traffic due to vehicle entering and exiting the site location resulting in congestion.	Loss of time for the MoP	D	2	L4	The total number of vehicles entering and leaving the property is minimal.	E	2	L2	TIS SJTM0001

Traffic Assessment and Analysis

Traffic and Speed Data

A summary of recent traffic data is provided below:

Location	Vehicles per day (% heavy Vehicles)	Posted Speed (km/h)	85th Percentile Speed (km/h)	Date	Source
88 Yamballup Ave (2110073), Harvey, (100m East of Government Rd SLK 1.91), Mon-Sun	65 VPD (N/A%)	N/A	N/A	2014	Provided by the Shire of Harvey Site - Yambellup Ave.0.0WE

Traffic Flow Analysis

The proposed depot is located on 88 Yamballup Ave, traffic volumes (Site - Yambellup Ave.0.0WE) for Yamballup Ave provided by the Shire of Harvey show 65 Vehicles per day on average.

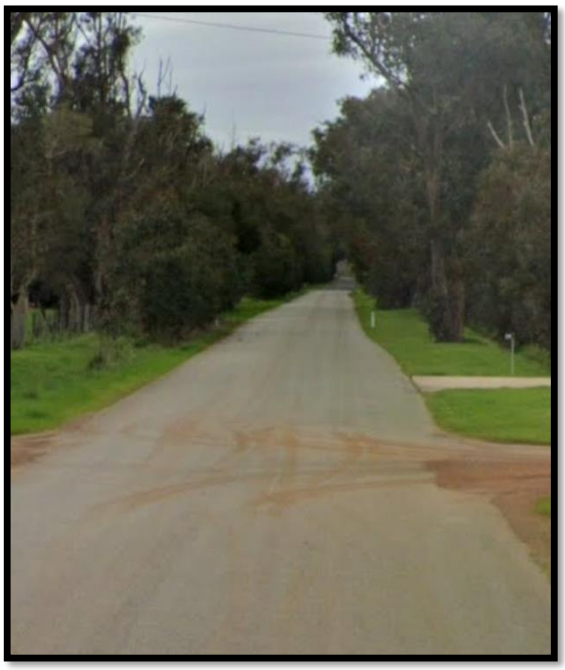

The amount of vehicles planned to enter and exit the property is not expected to be more then 3 times a day, as it is expected to be adding 3 vehicles a day and the property is on a straight road with more then 220m site distance, it is not expected that the new depot will have any sufficient impact on the existing road network.

Conclusion

The proposed depot is expected to generate no more than three vehicle movements per day, resulting in minimal additional traffic on the existing road network. With an average traffic volume of approximately 65 vehicles per day and the property located on a straight section of road providing more than 220 m of sight distance, the low volume of depot-related movements is not anticipated to create any significant operational or safety impacts. Overall, the new depot is expected to have no substantial effect on the performance or function of the surrounding road network.

TABLE OF SUBMISSIONS

Submitter	Submission	Officer Comments
1. Nearby Landowner	Support 1. No Comments	1. Noted
2. Nearby Landowner	Support 1. No Comments	1. Noted
3. Nearby Landowner	Objection Submission 1: 1. What is the definition of Transport Depot? 2. What is being transported? 3. Which Road will be used for ingress and Egress? 4. If Ninth street is being used, is any dust mitigation proposed? 5. Will this approval set a precedent for business of this nature to be approved? Submission 2: 1. Sole concern is the use of Ninth Street for access for the proposed development. There are tractors and trucks using Ninth Street as a link to other properties. The dust is already an issue, the proposed development will increase that. Road maintenance will also have to increase.	Submission 1: 1-5. All Queries were responded by Assessing Officer in email dated 17 April 2026. Submission 2: 1. The proposed vehicle movements associated with the proposed use are, at worst a maximum of 3 movements a day. Based on updated advice from the applicant, it is likely to be significantly less. The assessing officer considers that the associated dust and maintenance impacts from the proposed use are to be negligible given the low number of vehicle movements.
2. Nearby Landowner	Objection 1. More Information is required for an informed decision. 2. Consideration must be given to residents who purchased land in the area as a rural lifestyle block. 3. What is the Depot Surface to be constructed of? 4. What is the number of vehicles? 5. What are the expected vehicle movements and hours of operation. 6. The noise and dust mitigation strategies and vegetation buffer zones should be maintained. 7. The largest concern is the use of Ninth Street, an unsealed Road and not maintained to a safe or suitable standard. 8. Increased concerns of residents and driver safety, dust, drainage and maintenance. 9. Ninth street should be upgraded to an appropriate standard concurrent with the proposed use.	1. Additional information was provided by Assessing Officer in email dated 16 April 2026. 2. Given the scale of the proposed use and the low number of anticipated vehicle movements, it is considered that the proposal is compatible with the amenity of the area. 3-5. All Queries were responded by Assessing Officer in email dated 16 April 2026. 6-8. The original Traffic Impact Statement identifies approximately 3 movements per day as a worst-case scenario. Based on updated advice from the applicant, it is likely to be significantly less. Therefore, there is expected to be.very few vehicle movements added to the road network as a result of the use. It is considered that due to the low vehicle movements, the impacts on the standard of the road, dust and noise will be negligible. The existing vegetation will remain and provide a buffer between the proposed use and the surrounding area.

---

Hi Brenton

In the twelve months since we have lived at 88 Yamballup Avenue Ninth street has been used 3 - 4 times

There is a lot of other traffic including trucks tractors etc that utilise Ninth street

There will not be any increased traffic as mentioned previously:

Truck 1 is away 300 days out of the year on average for the last 20 years, as it is away from the property there are no operating hours at the address and this truck exits and enters from the property onto Yamballup Avenue

Truck 2 has exited once since the beginning of 2026 as the driver / owner is retired and the truck is being sold in the third quarter of 2027 therefore there will be no increased traffic

Thank you

BVERSACI PTY LTD

OPERATIONAL MANAGEMENT PLAN

ADDRESS: 13 Montan Way, Binningup

Guest Booking System:	The residential property is proposed to be used as short-term rental accommodation, such as Airbnb/Stayz.
Guest Check-In Procedure:	Check-in time: 2pm - 8pm, In the event that guests may check-in after 8pm, the property manager (Adam Spinelli) will inform the guests to be quiet when arriving at the property.
Guest Check-Out Procedure:	Check-out: 8am – 10pm
Code of Conduct / Rules	
For Guests:	This is a home and treat it as your own. Respect your neighbour's: Please keep your noise down in the early morning (before 8am) and at night (after 10pm). Do not park your vehicle outside the directed parking bays of the property. When you leave the property, please leave it as you find it. Following is the House Rules which will be given to the guests: No parties, no outside visitors, no overnight guests without previous approval from your host. Do not engage in illegal activities anywhere on the property. Quiet hours: before 8am and after 10pm. Children must be supervised all the time by the parents. Please lock all the windows and doors when leaving the property or during sleep. Please leave the key in the lock box by the front door when leaving the property. No smoking is allowed inside the property and no smoking in the both front and backyard of the property
For Pets:	Small dogs are allowed by request only and must never be left alone at the property.
For Guest Visitors:	Off street parking only
Maximum Occupancy Numbers:	8 maximum

Maximum Length of Stay:	1 Week
Waste Management:	Please put all the non-recycled rubbish into the dark green bin. Please recycle the following items (will have a recycle bin instruction attached to rules) into the yellow-lid recycled bin. Any food waste should go into the lime green bin (fogo). You will be informed of the correct bins to place out, however the lime green bin (fogo) is collected every week whilst the dark green bin (general waste) and yellow bin (recycling) are collected on alternative weeks. Please help to take all bins (yellow and dark green and lime green) out and place them on the verge on Thursday night for Friday's collection.
Complaints Management Procedure

Location:	22 Rodstead St, East Bunbury 6230
Emergency Evacuation Procedures:	As per the Emergency Evacuation Plan located on the wall within the entrance

Management Plan for Short-term Rental Accommodation

Management Plan for Short-term Rental Accommodation

Applicant: Madeline & Paul Blundell-Williams

Address: 13 Montan Way, Binningup 6233

Proposed use of the property

1. This property has always been used for residential purpose.

The residential property is proposed to be use as a short-term rental accommodation,

such as Airbnb/Stayz.

Four bedrooms will be available for guests to use with maximum of eight (8) people staying.

The property will be rented out as an entire property and is expected to attract

Families only. No individual room will be rented out.

2. Control of noise of other disturbances

Check-in time: 2pm - 8pm

Check-out: 8am – 10pm

In the event that guests may check-in after 8pm, the property manager (Adam Spinneli) will inform the guests to be quite when arriving at the property.

The property does not have large outdoor entertainment areas, a Code of Conduct will

be displayed in the prominent areas to remind guests to keep their noise down when

using outdoor areas before 8am and after 8pm.

3. Complaints management procedure,

Adam Spinneli will be available 24/7 to take enquiries and is the point of contact for any issues.

In the event that property owner Adam needs to be contacted: contact number is- 0438 211 796 or via email: adamspinelli@outlook.com.

4. The use and on-going maintenance of the premises,

Madeline & Paul Blundell-Williams or a contracted cleaner will come to clean the property to the standard as it is advertised on Airbnb after guests' each stay.

Madeline & Paul will maintain the garden (although the property only requires a

very small of gardening work) on a regular basis.

Other property maintenance (e.g. fix light bulbs, pluming) will be managed by Madeline

who will contact licensed trade person(s) to conduct the work if required.

5. Security of guests, residents and visitors

The property has all lockable doors / windows to ensure security.

The House Rules will clearly document that guests must lock all the doors and windows when they leave the property or before bed.

6. A Code of Conduct for short-term residents,

This is a home and treat it as your own.

Respect your neighbour's:

Please keep your noise down in the early morning (before 8am) and at night (after 10pm).

Do not park your vehicle outside the directed parking bays of the property.

When you leave the property, please leave it as you find it.

Note: the detailed Code of Conduct is documented in Section 8 "Compliance with House Rules".

7. Parking management plan,

The property will be rented out a whole property rather than individual rooms. Given a maximum 8 guests are allowed in the property and they will usually travel in group, we expect maximum 2 vehicles.

There are sufficient car parking spaces on the site, which has no impact on neighbour's:

o Two spare car parking bays in the double-garage

Car parking direction will be clearly communicated to the guests by the property manager before arrival.

8. Compliance with House Rules,

Following is the House Rules which will be given to the guests:

No parties, no outside visitors, no overnight guests without previous approval from your host.

Do not engage in illegal activities anywhere on the property.

Quite hours: before 8am and after 10pm.

Children must be supervised all the time by the parents.

Please lock all the windows and doors when leaving the property or during sleep.

Please leave the key in the lock box by the front door when leaving the property.

No smoking is allowed inside the property and no smoking in the both front and

backyard of the property

Small dogs are allowed by request only and must never be left alone at the property.

Please put all the non-recycled rubbish into green bin.

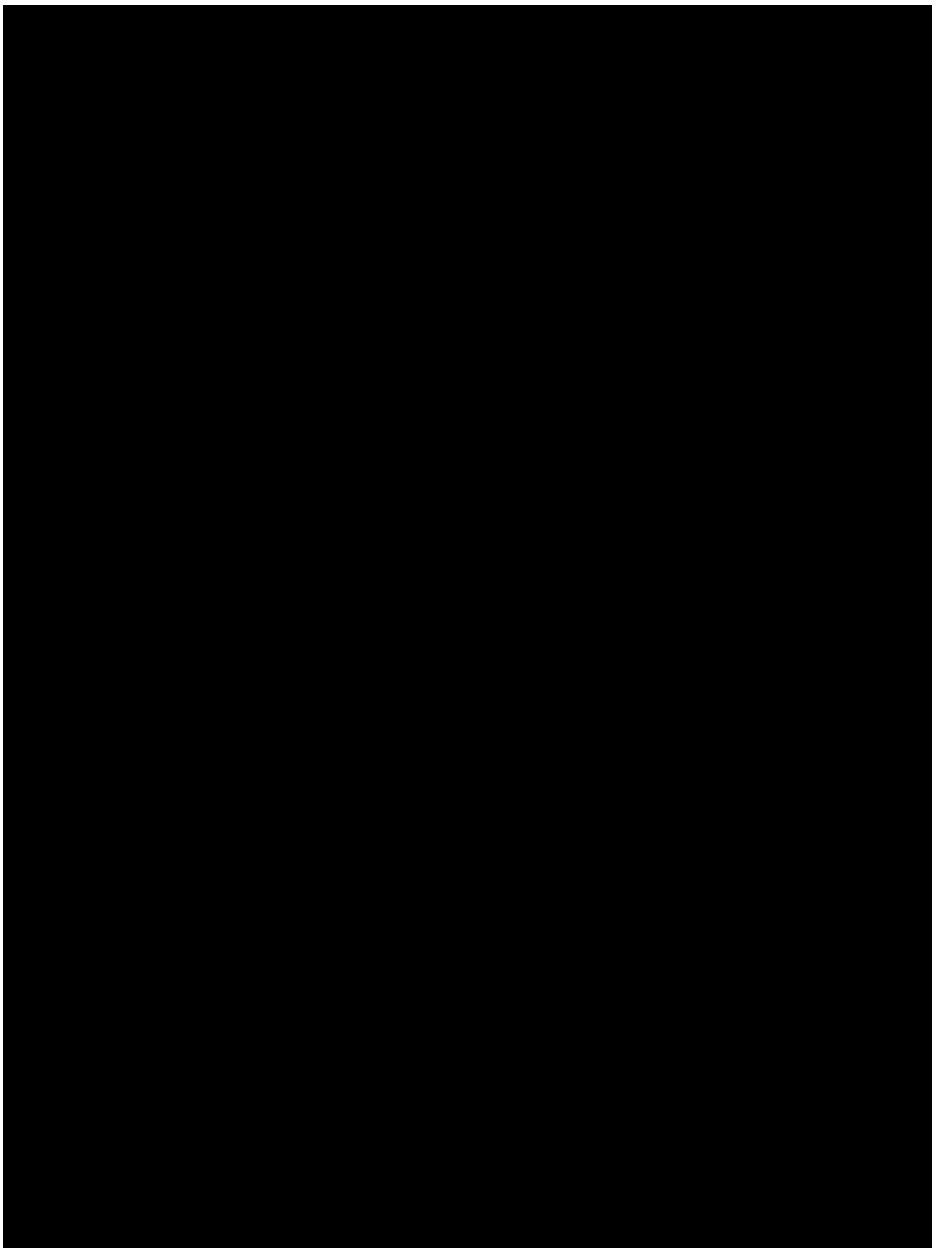

Please recycle the following items (will have a recycle bin instruction attached to rules) into the yellow-lid recycled bin.

Please help to take both bins (yellow and green) out and place them on the verge on Thursday night for Friday's collection.

Please turn off all the electrical devices when leave the property.

Please let the host know if you break or damage anything on the property, we will arrange the replacement or repair.

Please do not eat in the bedrooms and study room.

TABLE OF SUBMISSIONS

Submitter	Submission	Officer Comments
1. Nearby Landowner ED26888920	Objection 1. Excessive noise will be generated from the addition of eight people at the property. 2. Dogs being permitted at the property will also generate excessive noise through barking.	There is no evidence to confirm that the proposal will cause excessive noise. A condition can be imposed requiring the Operational Management Plan to be implemented. Any breaches of such a condition would be investigated.
2. Nearby Landowner ED26888920	Objection High turnover of guests will result in excessive noise, loud music and disruptive behaviour late at night.	There is no evidence to confirm that the proposal will cause excessive noise. A condition can be imposed requiring the Operational Management Plan to be implemented. Any breaches of such a condition would be investigated.
3. Nearby Landowner ED26889531	Support Concerned about noise being generated after 10pm.	The Operational Management Plan details 'quite time' between 10pm and 8am. A condition can be imposed requiring the Operational Management Plan to be implemented. Any breaches of such a condition would be investigated.
4. Nearby Landowner ED26889532	Objection 1. Concerns an Unhosted short term rental accommodation will not build an engaged and supportive community. 2. Greater need for longer term rental and owner-occupied houses. 3. Noted already advertising property on websites.	1. Noted. 2. The location of the Unhosted Short-Term Rental Accommodation is compliant with the objectives of Local Planning Policy 6.2.1 – Unhosted Short-Term Rental Accommodation due to its close proximity to the Binningup Beach which is considered a visitor attraction and an area of high tourism value. 3. The Applicant had listed the property on websites however had not accepted any bookings. The Shire contacted the Applicant to advise the property was not able to be advertised for bookings until a determination has been made on the application and the Applicant ceased advertising of the property following this correspondence.
5. Nearby Landowner ED26889712	Objection 1. Excessive noise will be generated in the quiet neighbourhood. 2. No control over guests behaviours as the owner will not be present at the property. 3. High turnover of guests will not prioritise the local community over their entertainment and the locals do not want another Airbnb in Binningup.	1. There is no evidence to confirm that the proposal will cause excessive noise. A condition can be imposed requiring the Operational Management Plan to be implemented. Any breaches of such a condition would be investigated. 2. The Operational Management Plan includes a local property manager located within close proximity of the property who will receive and manage any complaints received by the Unhosted Short-Term Rental Accommodation. A condition can be imposed requiring the Operational Management Plan to be implemented. Any breaches of such a condition would be investigated. 3. The location of the Unhosted Short-Term Rental Accommodation is also compliant with the objectives of Local Planning Policy 6.2.1

Submitter	Submission	Officer Comments
		– Unhosted Short-Term Rental Accommodation due to its close proximity to the Binningup Beach which is an area of high tourism value.
6. Nearby Landowner ED26890647	Support No comments provided	Acknowledged
7. Nearby Landowner ED26891143	Objection 1. Serious need for rentals/ long-term living instead of short-term accommodation. 2. Increased vehicle movements with people who are unfamiliar with the area will be dangerous for children who live or regularly frequent the area.	1. The Unhosted Short-Term Rental Accommodation is compliant with the objectives of Local Planning Policy 6.2.1 – Unhosted Short-Term Rental Accommodation, including the location of the property being encourages as Unhosted Short-Term Rental Accommodation due to its close proximity to the Binningup Beach which is considered a visitor attraction and an area of high tourism value. 2. The proposed maximum number of guests is consistent with the expected maximum occupancy of the dwelling. There is no evidence to confirm that short-term guests would generate more vehicle movements than permanent residents. Therefore, the usage is consistent with the typical vehicle numbers and movements which would be present at an ordinary residential property and will not create a substantial or noticeable impact on traffic as a result.

Local Planning Policy 6.2.1 – Unhosted Short-Term Rental Accommodation Assessment

Property: Lot 168 (No. 13) Montan Way, Binningup

Proposal: Four-bedroom dwelling, eight-person capacity, four car parking bays

---

Objectives:

To encourage unhosted short-term rental accommodation in locations near visitor attractions and areas of high tourism value.	The property is located within close proximity to the Binningup Beach which is considered a visitor attraction and an area of high tourism value. *Consistent with Objective.*
To ensure unhosted short-term rental accommodation is designed, sited and managed to preserve the amenity and character of areas with heritage, environmental or conservation values.	N/A
To ensure unhosted short-term rental accommodation is designed, sited and managed to minimise impact on the character and function of rural land.	N/A
To maintain the amenity and established character of residential areas through ensuring the location, scale, design and operation of unhosted short-term rental accommodation is appropriate to the setting.	The proposal is not expected to affect the amenity of the neighbourhood as the proposed number of guests to the property will not exceed the capacity of the dwelling ie, the use will have a maximum capacity of eight people, and the required number of parking bays are provided for on-site. *Consistent with Objective.*
To encourage unhosted short-term rental accommodation operators to consider emergency procedures and options for the evacuation of visitors in the event of natural disasters (e.g. bushfire).	Emergency evacuation procedures are provided by the landowner/manager. *Consistent with Objective.*
To ensure unhosted short-term rental accommodation is appropriately serviced to meet the needs of visitors and prevent impacts on the local environment or infrastructure.	Property is connected to reticulated water, sewer and existing road networks. *Consistent with Objective.*

Matters to be considered:

Capacity of the dwelling and development site (including on site vehicle parking) to accommodate the proposed maximum occupancy.	Proposed maximum occupancy of eight people is consistent with a four-bedroom dwelling. The property can cater for the parking of four vehicles as required by the Scheme.
If the development site is not connected to reticulated sewer, the capacity of the existing wastewater system to accommodate the proposed maximum occupancy.	N/A Site is connected to reticulated sewer.
If the development site is not connected to reticulated water, the capacity of the existing water tank to accommodate the proposed maximum occupancy.	N/A Site is connected to reticulated water.
Potential impacts on the amenity of the surrounding properties and area.	Potential impact identified is noise however, the approval conditions will mitigate the potential impact.
Adequacy of proposed management and complaints management procedure.	The guests can use the guest booking system for complaints and/or contact the property manager who is located in close proximity of the property.
If the development site is within an area designated as a Bushfire Prone Area, any proposed evacuation procedures.	Emergency evacuation procedures are provided by the landowner/manager.
The location of the Landowner and Property Manager in relation to the development site, in the event they are required to attend the development site in person in the case of an emergency.	The property manager is located in close proximity to the property.

Binningup Holiday Homes - Terms and Conditions

Payment constitutes the Guests Acceptance of these terms and conditions.

Check In/Out

- You must notify management of expected arrival and departure times at booking and supply a contact mobile number.
- Change of arrival or departure times is subject to prior arrangement and availability to allow us time to prepare the property for the next Guests.

Payment

- Full payment is required to confirm a booking.

Cancellation or Variation

- *If you wish to cancel your booking more than 14 days prior to your arrival you will incur a $50.00 admin fee with the balance of money paid refunded.*
- *If you wish to cancel your booking less than 14 days prior to your arrival date the money paid is not refundable unless the property is re-let for the same period with $50.00 admin fee deducted.*

Refundable Security Deposit

- A Refundable Security Deposit is required with all bookings.
- Any damage, loss or expense incurred as a result of your breach of these terms and conditions will be deducted from the Security Deposit. Examples include but are not limited to any breakage, damage, excess cleaning requirements or extra guests beyond those declared.
- Refundable Security Deposits will be refunded 48hrs after guests departure when property inspections are completed.

Unavailability

- If the property becomes unavailable for your occupancy due to unforeseen circumstances (e.g. Fire, storm damage etc.) management will inform you immediately and we will endeavour to obtain suitable alternative accommodation for your occupancy. Failing to do so all money paid will be refunded.

Parties and Functions

- Parties and functions are strictly prohibited.

Linen and bedding

- If linen, pillows and blankets are supplied they must be left in bedrooms where found on departure.

Pets

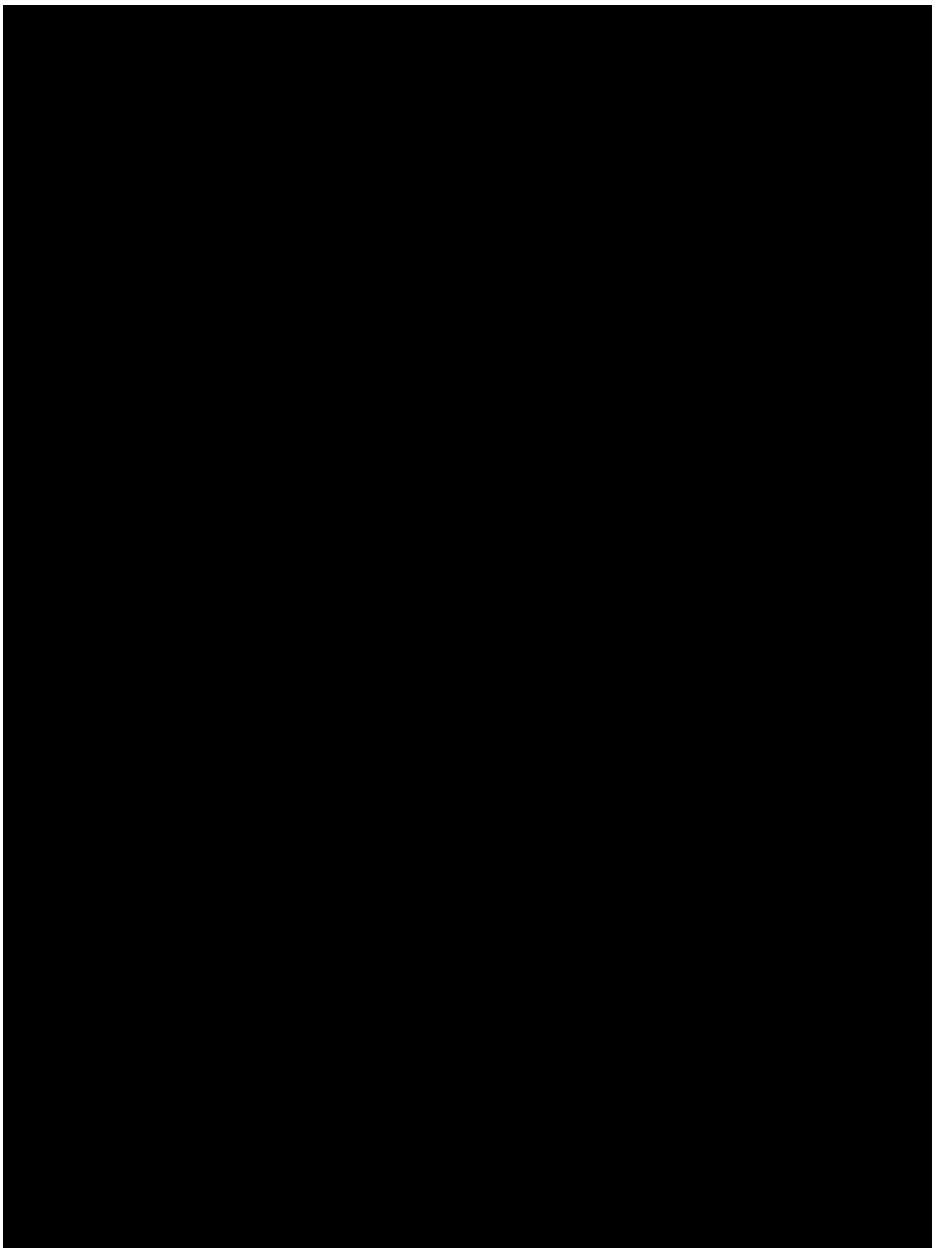

- If Pets are allowed with prior approval there is a $10 pet fee per stay.
- Pet owners are responsible for cleaning up after their pets.
- Pets are NOT allowed inside.
- Any evidence of pets left on outside furniture may incur extra cleaning fees.
- Any damage caused by pets may incur extra fees.

Other responsibilities

- You are responsible for damages breakages, theft and loss of property and any part of it during your stay. You MUST notify management of this immediately and we may recover from you repair or replacement costs.
- Management takes no responsibility for any loss, injury, illness or accidents that may occur whilst staying at our property. We recommend all guests purchase travel insurance.
- Only Guests agreed in the booking may stay in the property overnight. If more guests are found to being staying overnight it may result in termination and eviction without refund.
- Disturbance to neighbours including excessive noise is prohibited (loud noise must stop at 10:00pm) and may result in termination and eviction without refund.
- Before departure all food must be removed from fridges, all rubbish must be put in appropriate council rubbish bins provided, and all crockery an cutlery washed and packed away. The property must be left in a clean and tidy condition.
- All furniture and furnishings must be left in the positions they were in when you arrived.
- The property should be vacated on time and secured. All windows and doors are to be locked. All keys must be returned to management or as otherwise directed.
- You are responsible for the safekeeping and replacement of accommodation keys. Duplicate keys will be provided at an additional charge.
- Smoking is NOT permitted inside the house, only outside and all evidence removed.

Problems and Complaints

- In the case of any problem or complaint, you must inform management at the earliest opportunity so management has the chance to rectify the situation as quickly and efficiently as possible. You must allow repair/ service access to the property during reasonable hours.
- Any complaint which cannot be resolved locally, must be notified in writing to management prior to departure from the property.
- Failure to follow this procedure may hinder the ability of management to rectify the problem or complaint and reduce or extinguish a claim you may have.

TABLE OF SUBMISSIONS

Submitter	Submission	Officer Comments
1. Nearby Landowner ED26894109	Objection 1. Guests will create excessive noise through hosting parties, causing disturbances late at night on nearby streets, and using the outside area for socialising after 10:30pm. 2. Guests will park on the road instead of the designated car parking bays. 3. Guests will use the public green space nearby by vehicles or pet owners will not clean up after their pets on the public green space nearby.	1. There is no evidence to confirm that the proposal will cause excessive noise. A condition can be imposed requiring the Operational Management Plan to be implemented. The Operational Management Plan includes a local property manager located within close proximity of the property who will receive and manage any complaints received by the Unhosted Short-Term Rental Accommodation. Any breaches of such a condition would be investigated. 2. No vehicle parking is permitted on the road or the road verge. A condition can be imposed requiring all parking to be wholly within the property. Any breaches of such a condition would be investigated. 3. Should this occur, it is not necessarily an issue isolated to short-term guests.
2. Nearby Landowner ED26894440	Objection Concerned about the amount of possible extra traffic and noise the proposed Unhosted Short-Term Rental Accommodation will create.	A condition can be imposed requiring the Operational Management Plan to be implemented. Any breaches of such a condition would be investigated. The proposed usage is consistent with the typical vehicle numbers and movements which would be present at an ordinary residential property and will not create a substantial or noticeable impact on traffic as a result.
3. Nearby Landowner ED26894690	Objection 1. Excessive noise will be generated by guests partying and creating noise after 9pm at night and being inconsiderate to the neighbouring properties. 2. Guests dogs will be left alone outside and create excessive noise through barking. 3. Pet owners will not clean up after their pets and will litter on the public green space nearby. 4. Noted already advertising property on websites. 5. Owner's very large caravan parked on their font lawn and it is ugly while they also use it as additional accommodation at times when they have extra guests.	1. A condition can be imposed requiring the Operational Management Plan to be implemented. Any breaches of such a condition would be investigated. 2. The Operational Management Plan provides for complaints. 3. This is not a valid planning consideration and is an assumption pet owners will not clean up after their pets. 4. The Applicant had listed the property on websites however had not accepted any bookings. The

Submitter	Submission	Officer Comments
		Shire contacted the Applicant to advise the property was not able to be advertised for bookings until a determination has been made on the application and the Applicant ceased advertising of the property following this correspondence. 5. This was referred to the Shire's Rangers who advised the Applicant was compliant with the property parking restrictions and the Applicant confirmed the caravan was not being used as additional accommodation for extra guests.
4. Nearby Landowner ED26895520	Objection Excessive noise will be generated from the addition 8 people at the property.	A condition can be imposed requiring the Operational Management Plan to be implemented. Any breaches of such a condition would be investigated.

Local Planning Policy 6.2.1 – Unhosted Short-Term Rental Accommodation Assessment

Property: Lot 55 (No. 7) Lugano Edge, Binningup

Proposal: Four-bedroom dwelling, eight-person capacity, four car parking bays

---

Objectives:

To encourage unhosted short-term rental accommodation in locations near visitor attractions and areas of high tourism value.	The property is located within close proximity to the Binningup Beach which is considered a visitor attraction and an area of high tourism value. *Consistent with Objective.*
To ensure unhosted short-term rental accommodation is designed, sited and managed to preserve the amenity and character of areas with heritage, environmental or conservation values.	N/A
To ensure unhosted short-term rental accommodation is designed, sited and managed to minimise impact on the character and function of rural land.	N/A
To maintain the amenity and established character of residential areas through ensuring the location, scale, design and operation of unhosted short-term rental accommodation is appropriate to the setting.	The proposal is not expected to affect the amenity of the neighbourhood as the proposed number of guests to the property will not exceed the capacity of the dwelling ie, the use will have a maximum capacity of eight people, and the required number of parking bays are provided for on-site. *Consistent with Objective.*
To encourage unhosted short-term rental accommodation operators to consider emergency procedures and options for the evacuation of visitors in the event of natural disasters (e.g. bushfire).	Emergency evacuation procedures are provided by the landowner/manager. *Consistent with Objective.*
To ensure unhosted short-term rental accommodation is appropriately serviced to meet the needs of visitors and prevent impacts on the local environment or infrastructure.	Property is connected to reticulated water, sewer and existing road networks. *Consistent with Objective.*

Matters to be considered:

Capacity of the dwelling and development site (including on site vehicle parking) to accommodate the proposed maximum occupancy.	Proposed maximum occupancy of eight people is consistent with a four-bedroom dwelling. The property can cater for the parking of four vehicles as required by the Scheme.
If the development site is not connected to reticulated sewer, the capacity of the existing wastewater system to accommodate the proposed maximum occupancy.	N/A Site is connected to reticulated sewer.
If the development site is not connected to reticulated water, the capacity of the existing water tank to accommodate the proposed maximum occupancy.	N/A Site is connected to reticulated water.
Potential impacts on the amenity of the surrounding properties and area.	Potential impact identified is noise however, the approval conditions will mitigate the potential impact.
Adequacy of proposed management and complaints management procedure.	The guests can use the guest booking system for complaints and/or contact the property manager who is located in close proximity of the property.
If the development site is within an area designated as a Bushfire Prone Area, any proposed evacuation procedures.	Emergency evacuation procedures are provided by the landowner/manager.
The location of the Landowner and Property Manager in relation to the development site, in the event they are required to attend the development site in person in the case of an emergency.	The property manager is located in close proximity to the property.

Summary of public consultation and changes to the DRAFT PUBLIC HEALTH PLAN 2026 – 2029.

This report outlines the amendments made to the Draft Public Health Plan 2026 - 2029 following the 21 day public consultation period.

A total of five submissions were received during the public consultation period.

The majority of submissions supported the overall direction of the Draft Public Health Plan and focused on opportunities to strengthen references to physical activity, healthy ageing, accessibility, inclusion, cultural diversity, community participation and partnerships.

Following consideration of the submissions received, minor amendments were addressed within the plan via

Parameters guiding the review include:

- The Plan is a high-level strategic informing document within the Shire's Integrated Planning and Reporting Framework, with detailed implementation actions, funding considerations and performance measures to be delivered through the Council Plan and associated Service Plans. The Plan will be monitored, reviewed and evaluated annually, as per *Public Health Act 2016* requirements via a subsidiary evaluation and reporting framework. This is outlined on page 19 of the Draft Plan.

- Local governments are not health service providers. The role of local government in public health, including its responsibilities and limitations, is outlined on pages 9–11 of the Draft Plan. This includes the Shire's role in leading, facilitating, coordinating, advocating and, where appropriate, partnering with government agencies, service providers and community organisations to support public health outcomes. Responsibility for the delivery of many health, aged care, disability and specialist services rests with State and Commonwealth governments and other service providers.

- A number of suggested actions rely on the availability of dedicated health promotion resources. While the Shire currently undertakes some health promotion activities through Environmental Health and Library Services, these activities are limited by existing resourcing capacity and the prioritisation of statutory responsibilities. Without a dedicated Health Promotion Officer, the scope and delivery of these activities will remain limited.

- Several comments relate to specific operational decisions, asset management issues, governance matters, or individual service concerns rather than the strategic intent of the Public Health Plan. Those matters have been referred to the relevant business areas and do not necessitate amendments to the Plan.

The amended Draft Public Health Plan 226 – 2029 will remain consistent with the *Public Health Act 2016 (WA),* the State Public Health Plan 2025 – 2030 and the Shire's Integrated Planning and Reporting Framework

The specific feedback received and the corresponding proposed amendments are outlined in the tables below.

RESPONSE TO SUBMISSIONS

item	Feedback	Response	Change Proposed
Creating liveable spaces	The Plan could be further supported by adopting Healthy Active by Design as a guiding framework across relevant Shire strategies, plans and projects.	Healthy Active by Design principles align with the Draft Plan's focus on walkability, accessibility and inclusion	No amendment required Noted for consideration in future strategic reviews.
Enabling an active and connected community through walking	Supporting or promoting community walking groups (including Heart Foundation Walking) through libraries, neighbourhood hubs and community centres. Place-based initiatives such as Heart Foundation Walking support free, social walking groups that encourage regular activity and connection in local neighbourhoods and public spaces. ie • Encouraging participation in social walking and activity through community events and local communications. Partnering with local community organisations who are well placed to support approaches that reduce barriers for priority populations to participate in physical activity.	Partnerships with local organisations to reduce barriers to physical activity are consistent with the Plan's objectives	**Amended to Plan** **Inserted new action** in Priority Health Area 2– Community Participation & Inclusion. **Action** Support initiatives that promote social inclusion, cultural diversity, community belonging and participation. **Owner** – Community Development **Role –** Partner, Deliver **Partner** – NGO's, State Agencies **Time frame** - Ongoing
Supporting healthy food environments	Increasing access to fresh food outlets when planning and upgrading activity centres and neighbourhood hubs. Supporting healthy food options in Shire-owned facilities through procurement, leasing or catering policies.	Supporting access to healthy food aligns with the Plan's wellbeing objectives; detailed actions are operational.	No amendment required

	Enabling community gardens, verge plantings or local food initiatives where possible Partnering with locally based community organisations to improve access to healthy food in priority communities.		
Maximise health outcomes through mental wellbeing and strong social connections	Explicitly link social walking and active living initiatives with mental wellbeing outcomes Encourage informal, everyday connection by promoting community events and greater usage of public spaces Invest in and promote inclusive programs that encourage regular local participation, particularly for people at risk of isolation.	The Plan already recognises the link between social connection, participation and mental wellbeing.	**Amendment to plan** pg 26 **Replace current objective** To strengthen mental wellbeing and resilience by supporting social connection, community participation and inclusive local initiatives. **Replace with** To facilitate programs and initiatives that support community wellbeing, social connection, cultural inclusion and participation across all life stages.
Supporting everyday walking, wheeling and riding	Prioritising comfortable, accessible walking and wheeling routes to local shops, community facilities and open space Ensuring adequate shade, rest points and wayfinding along popular walking routes and recreation corridors. Ensuring upgrades to local roads and paths consider the needs of people of all ages and abilities.	Supporting accessible and inclusive movement networks aligns with the Draft Plan's objectives relating to accessibility, active living and age-friendly environments. Detailed infrastructure planning and delivery will continue to occur through relevant asset and operational planning processes.	No amendment required : Matter to inform future infrastructure and operational planning.
Supporting community	Ensuring adequate signage and wayfinding	Community awareness and accessibility of	No amendment required

safety: public access defibrillation to strengthen bystander responses to out-of-hospital cardiac arrest emergencies	to existing AEDs in libraries, sporting facilities and community centres. Supporting public awareness of AED locations in high-use community spaces, including promotion of the St John WA First Responder app. Reinforcing community readiness in time-critical emergencies by encouraging qualified first aiders to register for responder alerts.	AEDs are recognised as important community safety measures. Opportunities to improve promotion, signage and awareness may be considered through future community safety and facility management activities, subject to resourcing and operational priorities.	Noted for future operational consideration.
Support healthy and active ageing	Supporting age-friendly, walkable environments through safe, connected paths, adequate shade, seating and rest points Promoting social walking and other low-cost, locally delivered activities for older adults. Using community facilities, libraries and neighbourhood hubs to encourage participation and connection. Partnering with local organisations to reduce barriers for older people, including those at risk of isolation or reduced mobility.	The matters raised align with the Draft Plan's objectives relating to healthy ageing, accessibility, social connection and inclusion. Partnering with local organisations and supporting participation opportunities will continue to inform implementation activities where feasible.	**Amendment to Plan** pg 42 **Replace current objective** To support older residents to remain active, independent and socially connected as they age **Replace with** Support opportunities that promote healthy ageing, social connection, accessibility and participation for older adults, carers and people living with disability. Minor strengthening of healthy ageing and inclusion language where appropriate.
Implementation, monitoring and measuring success	Proportion of households within an 800m walk (via the street/path network) of key everyday destinations (eg, local shops, parks/open space, community facilities and public transport stops)	Suggested measures are useful indicators; detailed monitoring will be addressed through implementation and annual reporting	No amendment required Noted for inclusion in annual reporting framework.

	Number of priority pedestrian crossings upgraded (or installed) each year to improve safety and accessibility. Percentage of audited routes meeting minimum quality criteria for footpath continuity, lighting, shade and resting points Participation numbers in Shire-supported walking initiatives Number and proportion of Shire facilities with registered, publicly accessible AEDs and compliant signage/wayfinding.		

Submission 2 – Response

Item	Feedback	Response	Change Proposed
	The Actions are very broad and lack measurables.	The Public Health Plan is a high-level strategic document; detailed actions and measures are addressed through Council and Service Plans, with annual reporting under the *Public Health Act 2016.*	No amendment required Performance measures to be addressed through annual reporting framework.
Physical activity	Utilise Healthy and Active by Design resources to enhance urban planning (also applicable to the Healthy Eating sub-focus area) Offer financial incentives to vulnerable community members to access Shire facilities that promote physical activity. Support new and emerging sporting clubs in the Shire – particularly those that facilitate participation	Suggested initiatives align with the Plan's objectives and may be considered through partnerships and operational planning	No amendment required

	amongst vulnerable and minority groups. (HWBP) Leverage off current campaigns to promote healthy eating and active living messaging i.e. Live Lighter Live Lighter - Helping You Lead A Healthier Lifestyle		
Healthy eating	Investigate the feasibility or implement developing a workplace healthy food and drink policy for staff and elected members 2021-07-creating-a-workplace-health-policy.docx (template includes smoking, nutrition, physical activity and alcohol and can be tailored to suit your individual workplace needs) Investigate the feasibility or implement developing a healthy food and drink policy that covers all Shire of Harvey owned or managed buildings and facilities Council-operated premises and Council-provided services, sponsored, funded or organised events Community Venues & Recreation Centres - Fuel to Go & Play®; Food Trucks & Community Events - Fuel to Go & Play® Develop an edible verge policy for residential premises Leverage off existing campaigns to promote healthy eating and active living messaging i.e. Live Lighter Live Lighter - Helping You Lead A Healthier Lifestyle Contribute to and utilise available tools (i.e. The Australian Food Atlas), data and resources to	Initiatives support healthy food environments; many are operational matters for future Council consideration	No amendment required

	assess the local food environment to inform future policies and initiatives aimed at improving the food environment for Healthy Eating. Investigate the feasibility of developing an edible verge policy for residential premises. Provide in-kind support (i.e. Shire venue and Shire advertising) for community not for profit and Government healthy lifestyle programs.		
Optimise mental health and well being	Develop a partnership with Act Belong Commit to add value to Shire community events to build social connection and inclusion. Home - Act Belong Commit | Promoting Positive Mental Health in WA Invest in Community partnerships that are inclusive and culturally safe through conversation, activities and networks around key factors affecting the Shire local community i.e. tackling climate change, establishing a community garden and addressing social and emotional well-being.	The Draft Plan supports social connection, community participation and partnerships that contribute to positive mental wellbeing. The suggested initiatives are consistent with the intent of the Plan.	**Amended to plan-pg 37** **Amend current action** Strengthen cross-sector partnerships with WA Health, community organisations, schools and aged care providers to expand health promotion initiatives **Replace with** Partner with local organisations, schools, community groups and service providers to promote health, wellbeing, inclusion and equitable access to services and opportunities.
Prevent Injuries and promote safer communities:	Analyse unsafe disposal data to mitigate hot spots and work with WACHS SW Public Health and Peer Based Harm Reduction to assist with trending data and strategies for harm reduction for both community and staff.	The matters raised are generally operational activities that may be considered through existing environmental health, ranger, community safety and workplace safety programs.	No amendment required. Matter noted for future implementation consideration.

	Suggested Measure: Unsafe sharps disposal policy implemented for all rangers, parks, gardens and public toilet cleaning contractors. Number of staff trained in unsafe sharps disposal. Number and details of strategies used to mitigate hot spots. Reduce the risk of road crashes and trauma. Develop / monitor a Shire Fleet Safety Policy that includes purchasing and maintenance of safe vehicles; incident and crash data recorded, investigated and monitored; and monitoring of driver performance.		
Policy and Planning	There is a prime opportunity here to embed the afore mentioned Policy recommendations into this section.	The suggested policy initiatives may be considered through future organisational planning and policy development processes where appropriate.	No amendment required. Matter noted for future implementation consideration.
	Promote the National Immunisation Program and State Immunisation programs though Social media platforms and at community venues. Liaise with Health Providers to promote annual influenza vaccinations for Shire of Harvey staff. Partner with immunisation provider; WACHS SW Community Health to promote and support childhood immunisations	Supporting awareness of immunisation programs aligns with the Draft Plan's objective of promoting and protecting community health. Delivery of specific campaigns will be subject to available resources and partnerships.	No amendment required
	Support new and emerging sporting and social clubs in the Shire of Harvey that target older adults	Supporting healthy ageing, social participation and community connection is already reflected within	No required. Noted for future implementation consideration.

	Promote the National Immunisation Program and State Immunisation programs though social media platforms and at community venues. Liaise with Health Providers to promote annual influenza vaccinations for older adults.	the Draft Plan. The suggested initiatives may inform future implementation activities and partnerships.	
Harm due to alcohol use	Investigate the feasibility or implement an Alcohol policy for all Shire leased premises including Sporting Clubs and/or Support the Good Sports Program https://goodsports.com.au to engage with local Sporting Clubs and to guide community events. Investigate the feasibility or implement a workplace alcohol policy Leverage off existing WA campaigns Alcohol. Think Again | Reducing Alcohol-Related Harm & Health in WA | Alcohol Think Again to promote responsible drinking messaging.	The Draft Plan includes actions relating to harm minimisation, responsible alcohol consumption and partnership approaches. The suggested policies and programs may be considered through future operational and policy reviews.	No amendment required.
Reduce use of tobacco, vapes and related products	Monitor community compliance with smoking in public places in accordance with current Tobacco Products Control Act 2006 (i.e. playgrounds, cars, between flags on beaches and public buildings) Ensure Smoke/Vape free signage is installed in public places Investigate the feasibility or implement a Smoke/Vape free policy for all Shire leased premises including Sporting Clubs Implement a workplace Smoke/Vape free policy.	The Draft Plan includes actions supporting tobacco control, compliance and community education. The suggested activities are largely operational matters undertaken in accordance with legislative requirements and available resources.	No amendment required.

	Report breaches of tobacco control legislation including instances where retailers are selling illicit tobacco and vapes via WA department of Health vape.report@healtth.wa.gov.au		
Prevent, monitor and control notifiable infectious disease.	Deliver mosquito management and surveillance, Collect data via questionnaire/interview of those who contract notifiable arboviral diseases e.g. Ross River, Barmah Forest Partner with WACHS as required, in a coordinated response to disease outbreaks.	Mosquito management, environmental health surveillance and emergency response activities are already reflected within the Draft Plan and existing statutory functions of the Shire.	No amendment required.

Submission 3 – Response

Item	Feedback	Response	Change proposed
Developing the plan- consult with key stakeholders	No community meetings have been held in Australind, where the bulk of the ratepayers reside. When will these meetings take place to ensure adequate consultation with key stakeholders? Council meetings are no longer held in Australind. This leads to a strong feeling of disconnection from the Australind community.	The Plan meets statutory consultation requirements; ongoing engagement will continue during implementation and future reviews.	No amendment required. Noted for stakeholder engagement for ongoing implementation
Priority Health Area 1 - Promote Healthy Lifestyles Across all Life Stages	There has been removal of a playground in Kingston with no community consultation despite consultation being listed in the Playspace Strategy. Australind has no community gardens or farmers markets. Has Shire investigated these options	Community gardens and markets are recognised as potential initiatives, subject to feasibility and partnerships; playground decisions are outside scope.	No amendment required. Noted for future initiatives

	as a way to promote healthy lifestyles within Australind.		
Priority Health Area 2 - Strengthen Mental Health, Social Connection and Community Resilience	Council elected to remove the Australia Day Breakfast in Australind. Other than the Sunset Festival, there are very few community events in Australind that promote social connection and belonging. This contrasts heavily with Harvey which has a considerable number of Shire community events. At the April Ordinary Council meeting it was acknowledged that neither of the two high schools in Australind, both exceeding 1000 students each, had been consulted in the shaping of this plan. Shire has committed in this Health plan to partner with schools to deliver targeted behaviour-change initiatives addressing vaping, smoking and high-risk alcohol use. Can Shire outline exactly how this will occur if the two largest secondary schools in the Shire of Harvey haven't even been consulted in the drafting of the plan?	The Plan supports partnerships with schools and organisations; specific delivery will occur during implementation.	No amendment required Noted partnerships to be developed during implementation.
Priority Health Area 3 - Create Safe, Inclusive and Connected Environments	Riverlinks Childcare Centre has had no adequate heating in their OSH room since it failed mid 2025. Shire has determined the heater is beyond repair. The heating has not been replaced or repaired as of May 2026. There was a serious accident on Paris Rd at the Barnes Ave crossing in May 2026. Shire was unaware that the Break O'Day crosswalk attendant had resigned. How is Paris Rd safe for any users? Will Shire commit to cultural awareness training for staff and Council, in light of	Community events and safety matters are important however, operational; delivery will be guided by resources and Council priorities	No amendment required Matters referred to relevant business units.

	recent events at Ordinary Council Meetings? As a member of an emerging community group (The 6233), we have been advised that Shire and Council will not engage with us unless we become incorporated. This is despite being a newly formed group (under 6 months old) and with considerable community reach. How does Shire intend to strengthen its relationships with emerging community groups and support their growth to access funding for wellbeing initiatives?		

Submission 4 – Response

Item	Feedback	Response	Change proposed
Priority Health Area 2 Strengthen mental health, social connection and community resilience and Priority Health Area 3 Create safe, inclusive and connected environments	Although there is no detailed breakdown of the figure, eg how long they have been in Australia, the report says that 19% of the shire's residents were born overseas. I would like to see some recognition of this fact and the fact that many different nationalities live here. With the exception of Aboriginal health and well-being I can see no mention of the fact that we are multicultural and have many residents from a wide range of different cultural backgrounds. The provision of programmes to welcome/assist/help integrate new arrivals from overseas are sadly lacking. They would fit in Priority Health Area 2 Strengthen mental health, social connection and community resilience and 3 Create safe, inclusive and connected environments. I discussed the idea of how new arrivals might be	The Shire recognises its culturally and linguistically diverse community. Supporting inclusion, participation and belonging aligns with the Draft Plan's objectives on mental wellbeing, social connection and resilience. While settlement and integration programs are generally delivered by specialist agencies, the Shire will continue to support inclusive initiatives through partnerships, advocacy and community development."	No amendment required

	welcomed with a staff member at a community meeting soon after we moved to this shire. This website is relevant https://welcomingcities.org.au/		

Submission 5 – Response

Item	Feedback	Response	Change proposed
Healthy ageing, accessibility and inclusion	The draft references inclusion and wellbeing generally; however, there appears to be a lack of measurable actions, strategic planning, and clearly identified priorities specifically addressing the long-term needs of these important and vulnerable groups within our community. The Shire has an ageing population and a significant number of residents living with disability or providing unpaid care. These residents face increasing challenges relating to accessible housing, transport, health services, social isolation, community participation, dementia support, and ageing safely within their own homes and communities. I am aware the Shire has an Access and Inclusion Advisory Group, which provides valuable advice regarding accessibility, participation, and inclusion matters. However, there appears to be a disconnect between the existence of this advisory structure and the limited attention given to broader ageing and disability issues within the Draft Public Health Plan.	The Plan recognises healthy ageing, accessibility and inclusion, supported by existing strategies such as the Access and Inclusion Plan and Age-Friendly Strategy. Detailed measures will be addressed through operational planning.	No amendment required

	Accessibility and inclusion alone are not the same as comprehensive ageing and disability planning. For example: • Accessible infrastructure is important, but the shortage of aged care accommodation, dementia support, and disability services are also major public health concerns. • Inclusive facilities are valuable, but lack of community transport, social isolation, and limited local health services significantly impact wellbeing and quality of life. • Participation initiatives are positive, but there also needs to be long-term strategic planning for ageing in place, carer support, and accessible housing. I respectfully question whether the Access and Inclusion Advisory Group was formally consulted during development of the Draft Public Health Plan and how the needs identified through inclusion planning are intended to translate into measurable health outcomes over the life of this plan. I believe the Public Health Plan should include stronger commitments and measurable actions in the following areas:		
Heathy ageing and disability planning	• Development of a dedicated Age-Friendly and Disability-Friendly Community Strategy • Stronger advocacy for aged care accommodation, dementia care, respite	The Plan supports healthy ageing and inclusion, while aged care and disability services are primarily delivered by other agencies. The Shire will	No amendment required

	services, and supported independent living within the Shire • Greater support and recognition for unpaid carers • More inclusive recreation, social, and wellbeing programs aimed at reducing isolation and loneliness	continue to advocate and support social connection, inclusion and partnerships.	
Accessibility and infrastructure	• Increased community transport options for seniors and people with disability • Improved accessibility standards for footpaths, crossings, parks, toilets, water access, and community facilities • More shaded seating, accessible parking, mobility scooter access, and rest areas throughout townsites • Inclusion of universal design principles in future planning and developments • Emergency preparedness planning for vulnerable residents during heatwaves and emergencies	Accessible infrastructure and emergency preparedness are important contributors to wellbeing. The Plan supports age-friendly communities, with detailed delivery through asset management and operational planning.	No amendment required
Advocacy and service access	• Advocacy for affordable and accessible housing suitable for ageing in place • Increased access to allied health, rehabilitation, and disability support services locally	Affordable housing, allied health and disability supports are recognised as important issues. While outside local government's direct remit, the Shire will continue to advocate and partner with relevant agencies.	**Amendment to plan -pg 36** **Amend first action to read** Advocate to State and Federal Governments for services, infrastructure and housing that improve community health and wellbeing, including affordable aged housing options, improved transport to health services and initiatives that support healthy ageing, accessibility, equitable access to care, and

			community participation.
Consultation and Participation	• Ongoing consultation directly with seniors, carers, and people living with disability when developing public infrastructure and community services	Ongoing engagement with seniors, carers, people with disability and advisory groups is essential to inform planning and service delivery. Continued consultation will occur during implementation and future reviews.	**Amendment to plan – pg 36** **Inserted new action** Priority health area 5 - Leadership & Advocacy **Action** Engage with community members, advisory groups, service providers and priority populations to support implementation and future review of the Public Health Plan. **Owner** Environmental health **Role –** Lead **Partner** – State Agencies, Community **Time frame -** Annually

SHIRE OF HARVEY

Public Health Plan

2026-2031

Acknowledgement of Country

The Shire of Harvey acknowledges the Traditional Custodians of the land, the Bindjareb peoples, and their continuing connection to the land, waters and community.

We pay our respects to all members of the Aboriginal communities and their cultures; and to Elders past, present and emerging.

Public Health Vision

"A healthy, safe and connected community where people of all ages can thrive, feel included and supported, and enjoy environments that protect wellbeing now and into the future."

Our mission

Together, towards an even better lifestyle.

Our values

- Effective stewardship of our environment and heritage
- Strong leaders and fair decisions
- Effective communication and cooperation
- A safe community that has a strong community spirit and sense of belonging
- Our heritage – acknowledging our history in creating our future

Message from the Shire President and CEO

Shire President
Michelle Campbell

The Shire of Harvey is pleased to present the Shire of Harvey *Public Health Plan 2026–2031.*

Public health challenges are constantly evolving.

While traditional concerns such as water quality and sanitation have largely been addressed, new and complex issues continue to emerge.

These include mental health, chronic disease, substance use, environmental risks, climate impacts, and the broader social and economic determinants that influence community wellbeing.

Chief Executive Officer
Annie Riordan

This Plan presents an opportunity to refine and strengthen the Shire's public health response, ensuring it is responsive to the unique needs, values and aspirations of our diverse communities across urban, coastal and rural areas.

The Shire of Harvey Public Health Plan 2026–2031 outlines clear priorities and actions to guide our work and investment in community health and wellbeing over the next five years.

It sets out our commitments and responsibilities and provides a framework to deliver evidence-based strategies that support the health of our residents - now and into the future.

Background

Since the introduction of the *Health Act 1911,* local governments have played a central role in protecting community health through land use planning, sanitation, and the administration of building regulations.

These efforts have contributed significantly to improved life expectancy and quality of life across Western Australia.

In the 21st century, the burden of disease has shifted.

While infectious diseases remain a concern, chronic conditions, often shaped by the environments in which people grow, live and work, now account for much of the community's health challenges.

Planning for health therefore requires a more integrated approach to the provision of facilities, programs and services.

This includes addressing environmental health risks alongside chronic disease, mental health and wellbeing, communicable diseases, climate change impacts and other issues affecting our communities.

The Shire of Harvey Public Health Plan 2026 - 2031 (the Plan) provides a framework to support and enhance the health and wellbeing of our local communities.

It serves as the Shire's strategic roadmap for fostering a healthy, active, safe and inclusive environment for all residents.

Health and wellbeing are shaped by the built, natural, social and economic environments in which people live, work and connect.

The Shire of Harvey plays a vital role in ensuring these environments are safe, sustainable, accessible and supportive of positive public health outcomes.

Public Health Planning Context

Public health is shaped by a wide range of social, environmental and economic factors that influence how people live, work and connect within their communities.

Local governments play a critical role in public health by creating environments that protect health, reduce risk and support wellbeing across all stages of life.

The Shire of Harvey Public Health Plan 2026–2031 has been developed in accordance with the *Public Health Act 2016* and the State Public Health Plan for Western Australia.

The Act requires local governments to prepare and implement a Public Health Plan that identifies local public health needs, establishes priorities for action, and outlines how public health functions will be delivered, monitored and reported.

This Plan provides a coordinated framework for public health action within the Shire of Harvey.

It builds on existing services, strategies and initiatives, and aligns public health priorities with the Shire's broader strategic planning and reporting frameworks.

While the Plan does not replace the role of State or Commonwealth governments in delivering health services, it focuses on the Shire's responsibilities in prevention, protection, planning and advocacy.

Development of the Plan was informed by a comprehensive review of local health and demographic data, analysis of the social determinants of health and consideration of environmental and climate-related risks.

A mapping exercise of current Shire initiatives was undertaken to identify existing strengths and areas of opportunity, and a gap analysis guided the identification of priority health areas.

Community and stakeholder engagement has also shaped the Plan, ensuring it reflects local experiences, values and priorities.

Together, these inputs provide a strong evidence base for targeted, place-based actions that are realistic, achievable and responsive to the needs of the Harvey community.

Shire Plan Alignment

The Shire of Harvey recognises its leadership role in local prevention, planning, protection and advocacy, working in partnership with community organisations, service providers and other levels of government to improve public health outcomes.

This Public Health Plan is embedded within the Shire of Harvey's broader strategic planning and reporting frameworks, ensuring a clear alignment between community health and wellbeing priorities and the Shire's corporate objectives.

The Plan directly supports Objective 2 – Facilitate healthy and active communities of the Shire Council Plan and is identified as a priority action.

In addition, the initiatives and actions outlined in this Plan also directly and indirectly contribute to a range of other Council Plan objectives, particularly those relating to safety, inclusion, environmental sustainability, community connection and access to services.

The Shire's Role in Promoting Public Health

Local government is often considered the level of government closest to the community, not only due to the breadth of services it delivers, but also because of its direct influence on the social, environmental and economic determinants of health.

Through the services, infrastructure, planning and regulatory functions it provides, the Shire plays a significant role in shaping community health and wellbeing.

At the Shire of Harvey, these functions, further detailed in the Shire's Operational Plans, support a preventative and place-based approach to public health.

Together, they contribute to healthier, safer and more connected communities.

The Role of Environmental Health Services

Environmental Health is defined as "creating and maintaining environments which promote good health." It encompasses a wide range of regulatory, monitoring and education functions that aim to prevent harm and promote wellbeing through safe and healthy environments.

The Shire's Environmental Health Services play a critical role in ensuring the community has access to:

- Safe food and food premises
- Clean and safe drinking water
- Healthy housing and accommodation
- Effective control of pests, noise and pollution
- Safe recreational and public environments
- Monitoring and response to infectious diseases and outbreaks
- Education and compliance relating to tobacco use, personal appearance services and illegal contamination
- Safe wastewater and effluent systems

These functions are fundamental to reducing disease, injury and premature death associated with environmental and public health risks.

A Whole-of-Shire Approach

While the Environmental Health Team leads the delivery of core public health protections, responsibility for improving health and wellbeing extends across the organisation.

Many Shire functions and services contribute to the broader public health system through planning, service delivery and community engagement.

Key contributors include:

- Infrastructure and Environmental Services – managing drainage, waste, urban heat mitigation and environmental assets.
- Community Services – supporting volunteering, inclusion, community connection and local events.
- Health Promotion and Education – delivering messaging around nutrition, mental wellbeing and prevention.
- Recreation and Active Living – maintaining open spaces, trails and physical activity infrastructure.
- Planning and Development – ensuring healthy land use, building compliance and access to food and services.
- Cultural and Educational Services – delivering programs that strengthen social connection, cultural participation and digital inclusion.

This whole-of-Shire approach recognises that public health outcomes are shaped by decisions across multiple service areas and reinforces the importance of collaboration, coordination and shared responsibility.

A Whole-of-Community Approach

Achieving improved health and wellbeing outcomes across the Shire requires more than Council action alone. A whole-of-community approach is essential - drawing on the collective knowledge, resources and expertise of our local and regional partners.

These partnerships not only strengthen the development and delivery of effective strategies but also support the monitoring and evaluation of outcomes across the Shire over the life of the Plan.

Current and future partners include:

- State government agencies including the WA Department of Health, WA Country Health Service, and neighbouring local governments
- Health and community service providers, including general practices, Aboriginal health services, youth services, and mental health agencies
- Education and early years providers, including local primary and secondary schools and early childhood services
- Community organisations and local groups, such as neighbourhood centres, sporting clubs, and resident-led initiatives

The Shire also actively participates in relevant regional health networks and primary prevention partnerships and will continue to build new partnerships over the next five years.

These collaborations will be key to addressing emerging health issues, attracting investment, and increasing the overall impact of public health strategies.

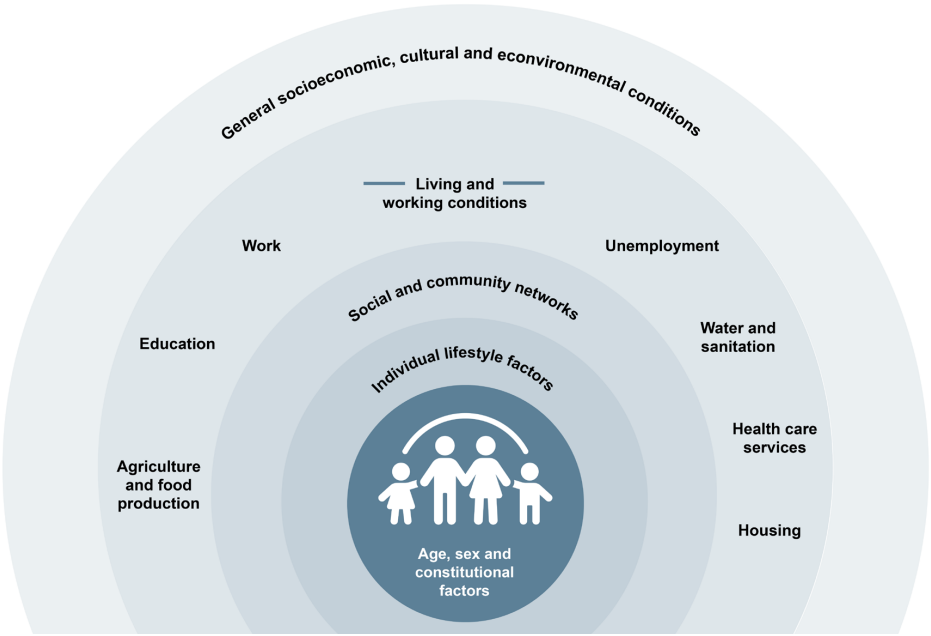

What Influences our Health and Wellbeing

The World Health Organization (WHO) defines health as “a state of complete physical, mental and social wellbeing, and not merely the absence of disease or infirmity” (WHO, 2020).

This broad definition reflects the complex and interconnected factors that influence our health, including personal characteristics, lifestyle behaviours, and the environments in which we live.

These influences are collectively known as the Determinants of Health, and include key factors such as:

- Income and education
- Employment and housing
- Social connections and inclusion
- Experiences of discrimination or racism
- Access to healthy food, clean water, and natural environments
- The design of neighbourhoods, infrastructure, and services

A Framework for the Determinants of Health.
Source: The Australian Institute of Health and Welfare.

Public health aims to protect and promote the wellbeing of communities by addressing these factors in a coordinated and equitable way.

It includes both preventive action (e.g. promoting healthy lifestyles, ensuring safe housing and sanitation) and responsive planning for broader challenges such as climate change, extreme weather, disease outbreaks, and demographic change.

In the Shire of Harvey, health and wellbeing are influenced by the places where we are born, live, learn, and work.

This Public Health Plan recognises the complex nature of these determinants and supports a whole-of-community approach involving Council, service providers, and residents to improve health outcomes for all.

About our Community

The Shire is growing, which brings both benefits and challenges.

We focus on developing an economy that includes everyone and respects our environmental boundaries.

Our older population is getting larger, bringing both needs and opportunities.

Many of our homes now house one or two people, particularly among older adults, reflecting a trend toward smaller households.

Unlike some other parts of the regional WA, we also have a significant population of children and young families.

Therefore, we provide for many different needs and people across our community.

Population and density

- 28,567 people
- Median age 40 years
- 51% female, 49% male
- 32% couples with children
- 30% couples without children
- 10% one parent families
- 19% population born overseas

Housing

- 11,873 dwellings
- density 18 persons per/sm
- 42% mortgage
- 31% fully owned
- 20% renting
- Average household size 2.57

Employment

- $1,833 median weekly household income
- 62% employment
- 60% employed full-time
- 33% employed part-time
- 4% unemployed
- 5% worked from home

Vulnerability

- 19% lone person households
- 118 homeless persons (estimate)
- 32% have a long-term health condition

Disability and carers

- Disability is reported by 17% of residents, with 5% requiring assistance with core activities
- 12% of residents are providing unpaid care

Aboriginal and Torres Strait Islander population

- 2.9% of the population or 815 residents identify as Aboriginal and/or Torres Strait Islander
- 92% English only used at home
- 85% were employed
- 45% completed year 12 or above

Education and volunteering

- 13% university qualification
- 30% trade certificate
- 8% advanced diploma or diploma
- 13% completed year 12
- 18% reported volunteering

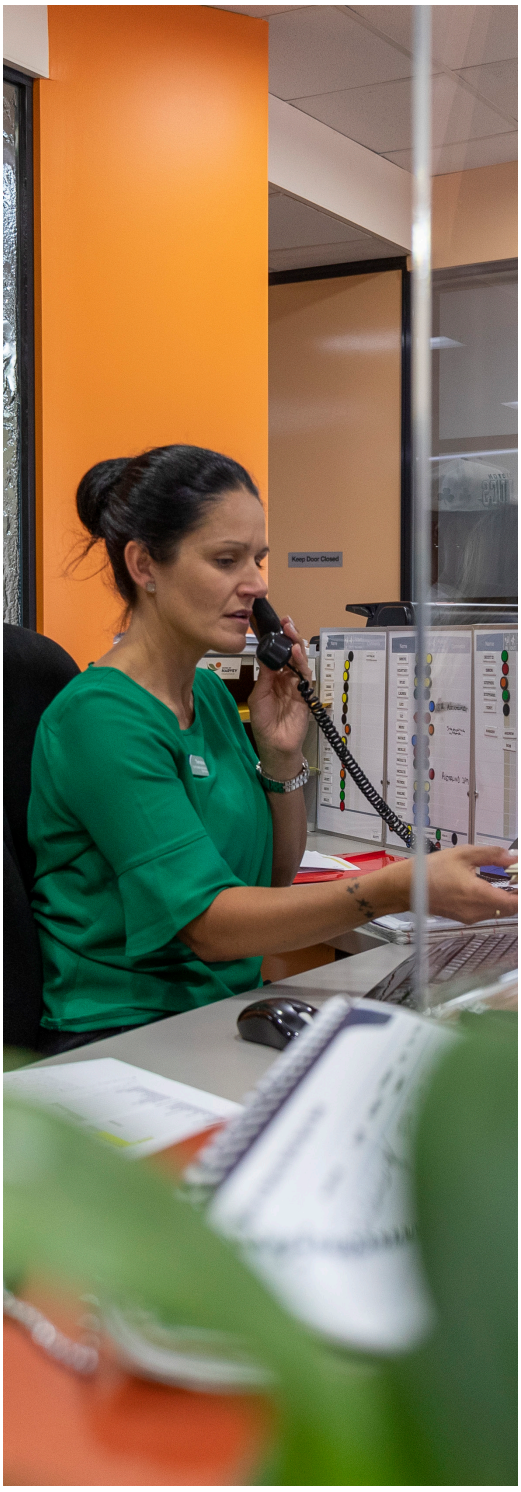

Our Greatest Assets and Health and Wellbeing Challenges

The Shire of Harvey Public Health Profile (2025) provided an evidence-based foundation for the development of this Plan which aligns with the required objectives of the *Public Health Act 2016* (WA) and the State Public Health Plan 2025-2030.

The Profile drew on the Shire's demographic, health, environmental, and socioeconomic characteristics, highlighting existing strengths and positive health outcomes, while also identifying key challenges and opportunities to further improve community health and wellbeing.

Key strengths and positive health attributes identified through the Public Health Profile contribute to the overall wellbeing, resilience and quality of life of the Shire community.

- **The opportunity to plan for the future**
- **Amazing natural environments**
- **Socio-economic index for advantage and disadvantage is high**
- **Diverse employment sectors and opportunities**
- **Significant investment in sports infrastructure and organised recreation**
- **Strong sustainability initiatives**
- **Community networks are strong**

Our greatest health and wellbeing challenges			
70% of adults are overweight or obese	48% of people don't get enough exercise	9 out of 10 adults don't eat the recommended serves of vegetables daily	Less than half of adults eat enough fruit
27% of adults drink alcohol at high risk levels for long-term harm (40% of men)	41% of adults spend more than recommended time in screen-based sedentary leisure time	11% of adults smoke: 12% men	The prevalence of vaping is increasing
Chronic conditions affect 32% of the population, with mental health, asthma, arthritis, and diabetes being most common	15% of people eat fast food at least once a week	45% of residents felt that safety and security levels could be improved (2025)	Notifiable infectious diseases are increasing in the Southwest
Mental health conditions are prevalent in 13.4% of residents, especially between the ages of 15 and 54	Immunisation coverage is declining particularly among Indigenous children and adolescents	Volunteering rates 18.5% are above the national average (14%)	Mosquito-borne diseases are increasing in the Southwest
Climate change: • A 1.3°C temperature rise since 1910 • More frequent and intense heatwaves • Declining cool-season rainfall		The top 3 injury hospitalisations are 1. Accidental falls 2. Transport accidents 3. Intentional self-harm	

Aboriginal Health and Wellbeing

Aboriginal people comprise approximately 2.9 per cent of the Shire's population.

While Aboriginal residents experience many of the same health challenges as the broader community, evidence shows they are more likely to experience poorer health outcomes due to the ongoing impacts of historical disadvantage, social and economic inequities, and barriers to accessing culturally safe services.

The Shire recognises that improving Aboriginal health outcomes requires strengths-based, culturally respectful approaches led in partnership with Aboriginal people and organisations.

Consistent with the Shire's Reconciliation Action Plan, the Shire's role is to support culturally safe environments, promote inclusion and participation, and embed respect for Aboriginal culture across policies, programs and public spaces.

Within the context of this Public Health Plan, the Shire will:

- Support culturally safe and inclusive public spaces, facilities and community programs;
- Partner with Aboriginal organisations and service providers to support social and emotional wellbeing; and
- Advocate for improved access to services where gaps are identified.

Aboriginal health, culture and wellbeing is embedded across this Plan, with primary alignment to Priority Area 2: Strengthen Mental Health, Social Connection & Community Resilience, and Priority Area 3: Create Safe, Inclusive and Connected Environments.

Progress will be monitored through implementation of the Public Health Plan and reported annually in accordance with the *Public Health Act 2016.*

Developing the Plan

The development of the Shire of Harvey's Public Health Plan followed a structured, evidence-informed process to ensure that the Plan reflects local needs, community voices, and strategic alignment with State and Council priorities.

The process included eight key steps—ranging from pre-planning and data analysis to community engagement and formal adoption.

Each step was designed to build a robust, action-oriented framework for improving public health in the Shire over the next five years.

Implementation, Monitoring and Review

Implementation of the Public Health Plan will be coordinated by the Shire of Harvey in collaboration with community groups, service providers, State Government agencies and other key stakeholders.

The Plan adopts a partnership-based approach that recognises the Shire's leadership role in local prevention, planning, protection and advocacy, while acknowledging that many actions will be delivered in conjunction with external organisations.

Key implementation approaches include:

- Embedding public health outcomes into business planning, service delivery and decision-making across the organisation.
- Leveraging existing initiatives, strategies and local partnerships to maximise impact and avoid duplication.
- Prioritising actions in line with available resources and organisational capacity.

Implementation of proposed actions will be subject to budget availability, including opportunities to secure external funding through State and Federal Government grant programs.

Changes in Council priorities, emerging technologies and State or Federal Government policy settings may also influence the timing, scope or viability of specific actions.

Further investigation will be undertaken for each action area to confirm delivery timeframes, indicative costs, potential funding sources and baseline measures for monitoring progress.

Evaluation Framework and Reporting

Monitoring and evaluation are critical to understanding the effectiveness of the Public Health Plan and ensuring it remains responsive to community needs.

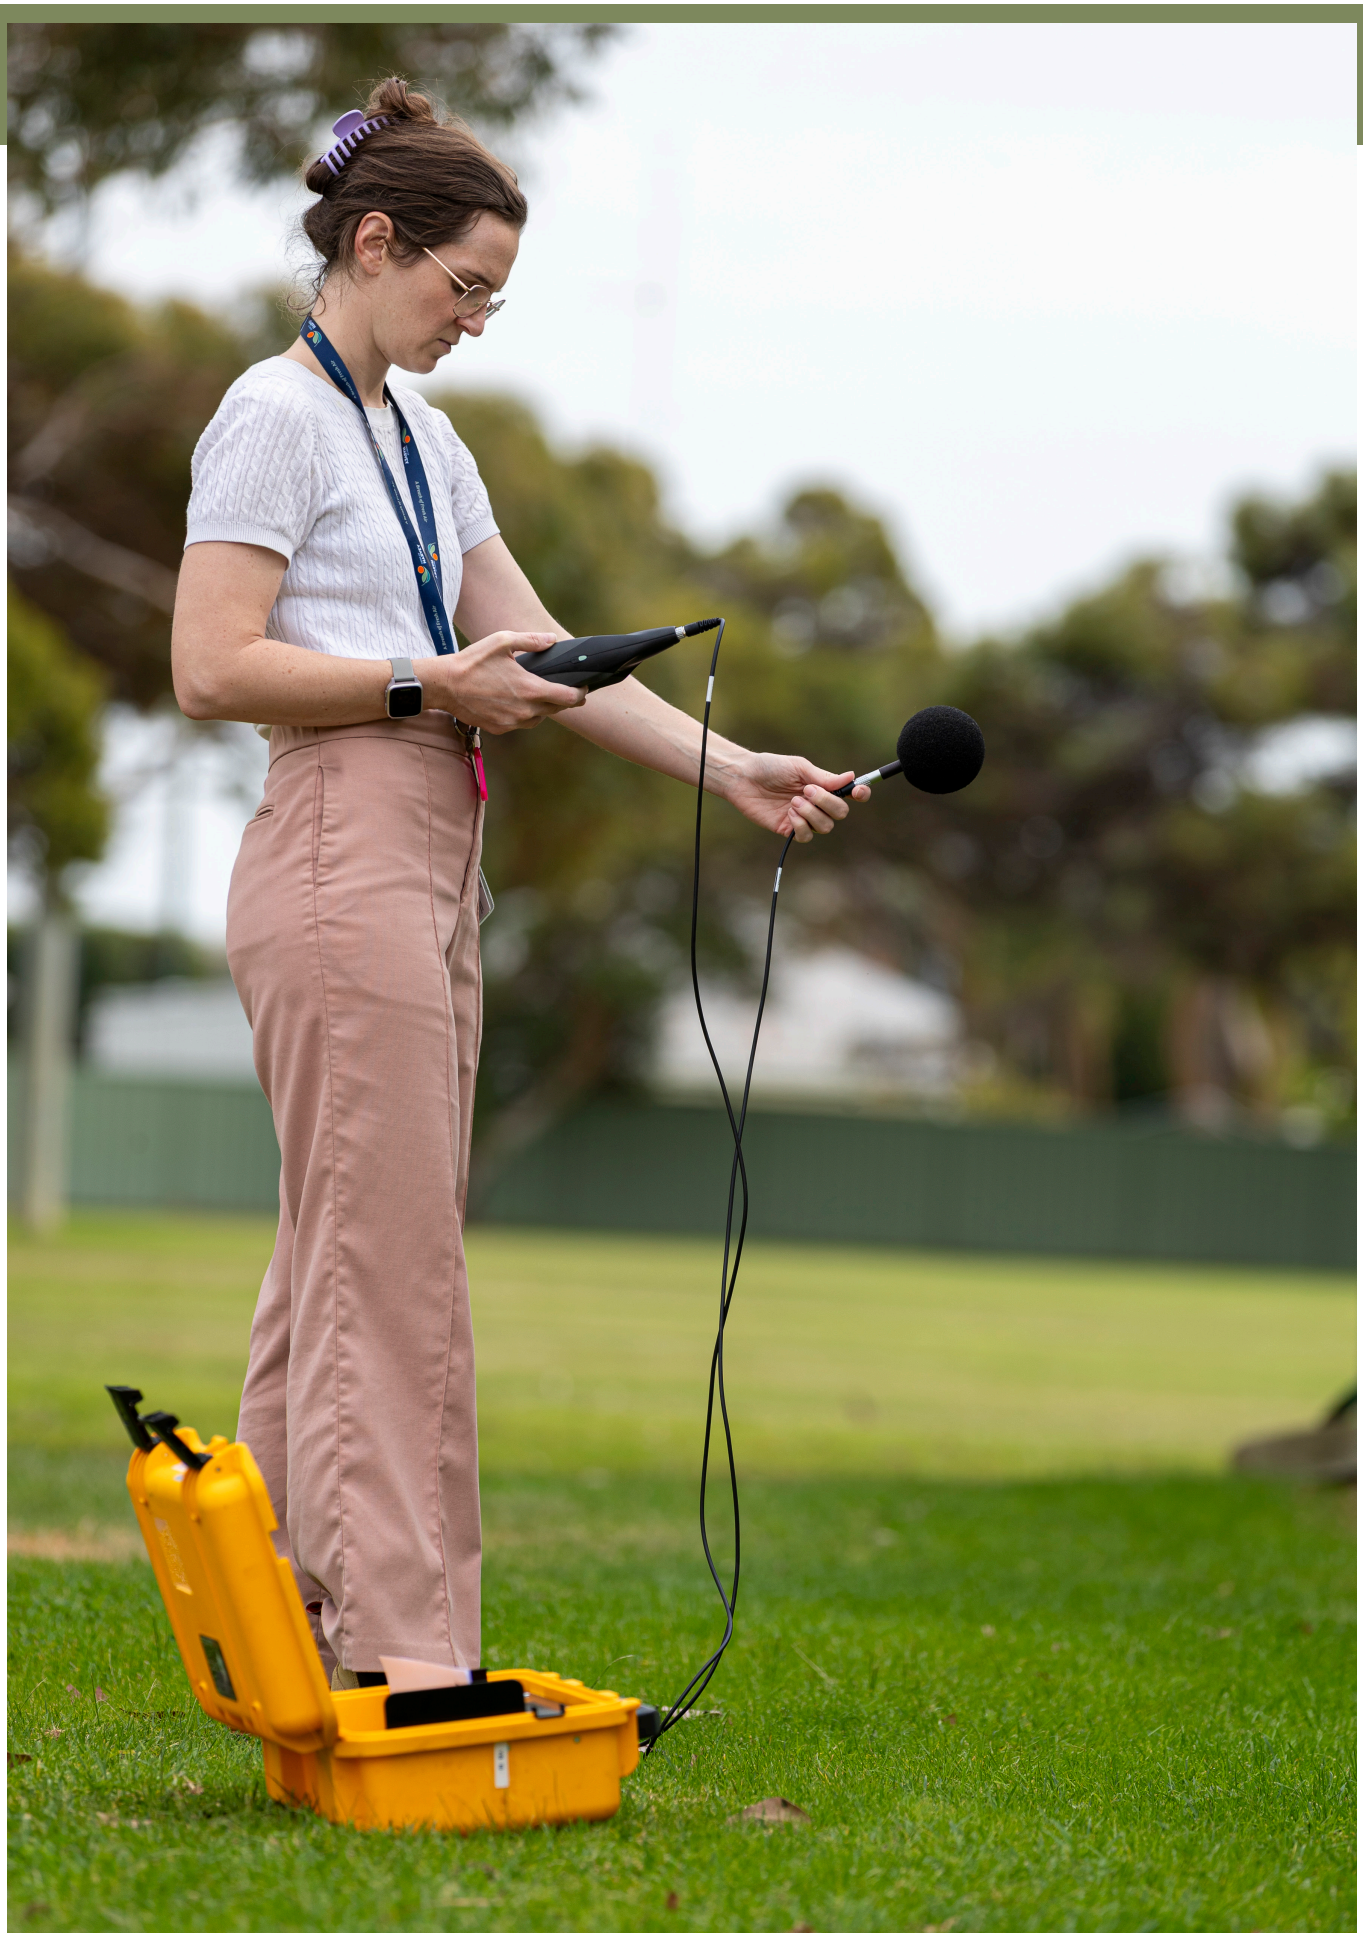

Progress will be assessed on an annual basis using a combination of qualitative and quantitative measures.

In accordance with the requirements of section 22 of the *Public Health Act 2016*, the Shire will report annually on the implementation of the Public Health Plan and its performance in fulfilling public health functions.

Evaluation methods will include:

- Tracking relevant health and wellbeing indicators (such as physical activity, mental wellbeing, access to services and environmental health measures).
- Analysis of feedback from community engagement activities, including the Community Perceptions Survey.
- Reporting on the delivery and status of actions within each priority health area.

Annual reporting will occur through existing Council reporting mechanisms and will be used to inform continuous improvement, review priorities and guide any necessary amendments to the Plan over its lifespan. Where appropriate, summary information will also be shared with the community to support transparency and accountability.

Putting the Public Health Plan into Action

The Shire of Harvey Public Health Plan 2026 - 2031 builds on a strong foundation of existing public health initiatives and partnerships across the community.

It provides a clear, action-oriented framework to guide the Shire's ongoing commitment to protecting and improving community health and wellbeing over the next five years.

Recognising that health needs change across the life course, the Plan outlines priority areas that support children, young people, adults and older residents, while also addressing the broader environmental and social determinants that influence health for the whole community.

The priority health areas, objectives, subfocus areas and actions have been shaped by a comprehensive review of local health and demographic data, relevant legislation and policy and insights gathered through stakeholder and community engagement.

This evidence-based approach ensures the Plan responds to current needs while preparing for emerging health challenges.

While the Plan acknowledges and supports the strong work already underway, it also establishes a coordinated structure to strengthen local public health action, align efforts across service areas and guide future decision-making.

The focus areas identified are interconnected rather than standalone.

Many actions contribute to multiple health outcomes and reflect the complex, overlapping nature of public health.

For example, initiatives that promote healthy eating and active living, reduce tobacco-related harm, or address the health impacts of climate change also support mental wellbeing and reduce the risk of chronic disease.

The following action plan outlines the specific initiatives the Shire will undertake or support to achieve the objectives of the Public Health Plan.

The actions reflect a combination of existing programs, regulatory responsibilities, partnerships and new opportunities identified through the planning process.

Together they provide a practical framework for improving health and wellbeing across the Shire over the life of the Plan.

The seven priority areas reflect the key determinants of health identified in the community health profile.

Together they support health and wellbeing across the life course while addressing the environmental, social and community factors that influence health outcomes.

These priorities also contribute directly to achieving the Shire's vision and the overarching public health vision.

Shire Vision
Together, towards an even better lifestyle

Public Health Vision
A healthy, safe and connected community where people of all ages can thrive, feel included and supported and enjoy environments that protect wellbeing now and into the future.

Priority Health Area	Sub Focus Area	Key Outcomes
1. Promote healthy lifestyles across all life stages	Physical activity, healthy eating & harm minimisation	Increased physical activity, healthier eating and reduced risky behaviours
2. Strengthen mental health, social connection and community resilience	Mental wellbeing, youth engagement & resilience, community participation & inclusion, volunteering & community capacity	Stronger community connections and improved mental wellbeing
3. Create safe, inclusive and connected environments	Injury prevention, community safety & preparedness, accessible & age-friendly infrastructure, Aboriginal health & cultural inclusion	Safer public spaces and inclusive community participation
4. Protect and enhance environmental health and climate resilience	Environmental health protection, climate adaptation, emergency preparedness, waste & circular economy	Healthy environments and reduced environmental health risks
5. Strengthen local capacity for public health leadership and partnerships	Leadership & advocacy, policy & planning, monitoring & reporting health outcomes, partnerships & community capacity	Coordinated public health planning and evidence-based decision making
6. Support child health and early development	Early years development, literacy, learning & active play, family support & childcare	Children supported to thrive and learn
7. Support healthy and active ageing	Age-friendly planning, social participation & connection, carer support & independent living	Older residents supported to remain active and connected

Priority Health Area 1 - Promote Healthy Lifestyles Across All Life Stages

Rationale
Lifestyle risk factors such as poor nutrition, low physical activity and harmful alcohol and tobacco use contribute significantly to chronic disease in the Shire of Harvey. Local data indicates that many residents do not meet national guidelines for diet and exercise, increasing the risk of obesity, cardiovascular disease and other preventable health conditions. Targeted action to promote healthier eating, increase physical activity and reduce substance-related harm can improve health outcomes across all life stages.

Objective
To improve community health by promoting active lifestyles, healthy eating and harm minimisation across all life stages.

Shire pillars: People and Place.

State Public Health Plan alignment: Promote, Prevent, Protect.

Sub focus area	Action	Owner	Role	Partner	Time frame
Physical activity	Continue to invest in infrastructure and programs that support physical activity, including play spaces, accessible playgrounds and walking and cycling opportunities	Infrastructure	Deliver	Sporting clubs, community groups	Ongoing
	Support recreational opportunities including shared-use paths, trails and regional cycling links	Community Development, Infrastructure	Deliver/ Partner	State agencies, community groups	Ongoing
	Deliver programs through recreation centres that encourage participation in physical activity, particularly among vulnerable population groups such as older adults	Recreation Services	Deliver	Sporting clubs, community groups	Ongoing
	Support local sporting clubs and associations to create inclusive and healthy environments and increase participation, particularly among under-represented groups	Community Development, Recreation Services	Partner	Sporting clubs	Ongoing

Sub focus area	Action	Owner	Role	Partner	Time frame
Healthy eating	Advocate for accessible, healthy food and nutrition education initiatives across schools, community groups, libraries, and sporting clubs	Community Development, Library Services	Partner	Community, State agencies	Ongoing
	Support initiatives that improve access to affordable and nutritious food, including community gardens, farmers markets and partnerships with local producers to strengthen local food systems	Environmental Health, Library Services, Community Development	Partner	State agencies, Community groups	Ongoing
	Support community initiatives that strengthen local food security	Environmental Health	Partner	State agencies, Local growers	Ongoing
Harm minimisation	Work with local clubs, venues and event organisers to promote responsible alcohol consumption and reduce alcohol-related harm	Environmental Health, Community Development	Partner	State agencies, Local Alcohol Accord	Ongoing
	Support education and behaviour change initiatives to reduce smoking, vaping and high-risk alcohol and illicit drug use, particularly among young people	Environmental Health, Community Development	Partner	State agencies, Local Alcohol Accord	Ongoing
	Advocate for a coordinated Local Alcohol Accord in partnership with relevant agencies to promote safer alcohol practices and community wellbeing	Environmental Health	Deliver	WA Police, DRGL	Ongoing
	Deliver regulatory activities that support tobacco control and compliance with relevant legislation	Environmental Health	Deliver	WA Health, WA Police	Ongoing

Zoggs

Priority Health Area 2 - Strengthen Mental Health, Social Connection and Community Resilience

Rationale
Mental wellbeing is a key determinant of overall health. Local indicators show levels of psychological distress and social isolation among some population groups, highlighting the importance of strong social networks, inclusive community programs and opportunities for participation.
Strengthening community networks, inclusive programs, volunteering opportunities and local events can support social connection, resilience and positive mental wellbeing across all ages.

Objective
To facilitate programs and initiatives that support community wellbeing, social connection, cultural inclusion and participation across all life stages.

Shire pillars: People and Place.

State Public Health Plan alignment: Promote and Enable.

Sub focus area	Action	Owner	Role	Partner	Time frame
Mental wellbeing	Deliver place-based programs and community events that promote social connection and a sense of belonging	Community Development	Deliver/ Partner	Community	Ongoing
	Partner with local health and community service providers to support access to inclusive mental health and wellbeing services	Community Development	Deliver	Community NGOs	Ongoing
Youth engagement & resilience	Promote participation of vulnerable young people in local health, recreation and community initiatives	Recreation Services	Deliver	NGO, State agencies	Ongoing
	Partner with schools and health agencies to deliver targeted behaviour-change initiatives addressing vaping, smoking and high-risk alcohol use	Community Development, Recreation Services	Partner	NGO, State agencies	Ongoing
	Ensure public programs, facilities and community events are inclusive and accessible for people of all abilities	Community Development, Environmental Health	Deliver	Community NGOs	Ongoing

Sub focus area	Action	Owner	Role	Partner	Time frame
Community Participation & Inclusion	Support initiatives that reduce social isolation and strengthen social support networks for carers, people with disability and other vulnerable groups	Community Development	Partner	NGOs, State agencies, Community	Ongoing
	Support initiatives that promote social inclusion, cultural diversity, community belonging and participation	Community Development	Deliver/ Partner	NGOs, State agencies	Ongoing
	Partner with disability advocacy organisations and community groups to co-design inclusive programs and service pathways	Community Development	Deliver	NGOs, State agencies	Ongoing
	Provide opportunities for people with disability and carers to participate in community planning, consultation and local initiatives	Community Development	Deliver	Local health providers	Ongoing
	Collaborate with local health providers to ensure inclusive communication practices (e.g., Easy English, Auslan, plain language)	Community Development, Marketing Communication and Advocacy	Partner	Local health providers	Ongoing
	Investigate opportunities to strengthen and promote community participation in volunteer organisations	Community Development	Deliver	Community NGOs, Community	Ongoing
Volunteering & community capacity	Support Community Resource Centres and local community organisations as hubs for connection and information	Community Development	Deliver/ Partner	Community	Ongoing
	Promote inclusive volunteering and intergenerational programs that build community resilience	Community Development	Deliver/ Partner	Community	Ongoing

Priority Health Area 3 - Create Safe, Inclusive and Connected Environments

Rationale
Safe, accessible and inclusive environments support physical activity, social participation and independence. Population ageing, disability prevalence and community safety concerns highlight the importance of well-designed infrastructure, accessible public spaces and community safety initiatives.

Objective
To create safe, accessible and inclusive environments that support participation, mobility and community wellbeing.

Shire pillars: People and Place.

State Public Health Plan alignment: Promote, Prevent and Enable.

Sub focus area	Action	Owner	Role	Partner	Time frame
Injury prevention	Implement the 10-year Local Path Renewal and Improvement Plan to improve safety and mobility across the Shire	Infrastructure Services	Deliver	Community NGOs, State agencies, Community	Ongoing
	Undertake inspections of public buildings and community facilities to ensure compliance with safety standards	Environmental Health, Asset Management, Property Services	Deliver	N/A	Ongoing
	Support community education and initiatives that promote falls prevention and home safety	Community Development	Deliver/ Partner	Community NGOs, State agencies	Ongoing
Community safety & preparedness	Deliver actions identified in the Community Safety and Crime Prevention Plan	Ranger Services, Community Development	Deliver/ Partner	WA Police, State agencies	Ongoing
	Implement the Shire CCTV Strategy to improve safety in public places and community facilities	Information Services	Deliver	WA Police, State agencies	Ongoing
	Support community education initiatives relating to personal safety and family violence awareness	Ranger Services, Community Development	Deliver/ Partner	WA Police, State agencies	Ongoing
	Deliver community preparedness and resilience initiatives to strengthen community response to emergencies	Emergency Management	Deliver/ Partner	State agencies	Ongoing

Sub focus area	Action	Owner	Role	Partner	Time frame
Community safety & preparedness	Support emergency preparedness and response activities by providing environmental health advice and ensuring safe water, sanitation and shelter during emergencies	Environmental Health	Deliver	WAPOL, State agencies	Ongoing
Accessible & age-friendly infrastructure	Promote inclusive public spaces that support accessibility, age-friendliness, and cultural welcoming through advocacy and partnerships	Asset Management, Property Services, Special Projects, Community Development	Deliver	Community NGOs, Community	Ongoing
	Improve lighting, footpaths and signage to enhance safety, accessibility and mobility in public areas	Asset Management, Property Services, Special Projects	Deliver	N/A	Ongoing
	Maintain and inspect Shire facilities and infrastructure and implement improvements where required	Asset Management, Property Services	Deliver	N/A	Ongoing
	Support the implementation of initiatives identified in the Bunbury-Geographe Reconciliation Action Plan	Community Development Marketing, Advocacy, Communication	Partner	Other agencies, NGOs	Ongoing
Aboriginal health & cultural inclusion	Advocate for partnerships with Aboriginal organisations and community members to co-design culturally safe programs, places, and events	Community Development Marketing, Advocacy, Communication	Partner	Other agencies, NGOs	Ongoing
	Advocate for initiatives that strengthen cultural awareness and foster meaningful partnerships with Aboriginal businesses, organisations, and community groups	Community Development Marketing, Advocacy, Communication	Partner	Other agencies, NGOs	Ongoing
	Promote access to disability and carer support services including NDIS and Carer Gateway through community centres and local information channels	Community Development	Partner	Other agencies, NGOs	Ongoing
	Support initiatives that strengthen social connection and peer support for carers and people with disability	Community Development	Partner	Other agencies, NGOs	Ongoing

Priority Health Area 4 - Protect and Enhance Environmental Health and Climate Resilience

Rationale
Environmental conditions such as water quality, waste management, vector-borne disease risks and climate impacts can significantly affect public health. Effective environmental health regulation, climate adaptation and emergency preparedness are essential to protect community wellbeing and reduce future risks.

Objective
To protect community health by managing environmental risks, strengthening climate resilience and supporting emergency preparedness.

Shire pillars: People, Planet and Place.

State Public Health Plan alignment: Protect and Enable.

Sub focus area	Action	Owner	Role	Partner	Time frame
Environmental health protection	Ensure safe food environments through regulatory inspections, licensing and education of food businesses and food handlers	Environmental Health	Deliver	State agencies	Ongoing
	Monitor and respond to environmental health risks including air, water and soil quality and investigate environmental health complaints	Environmental Health	Deliver	State agencies	Ongoing
	Protect public health through water quality monitoring and management of recreational water and drinking water systems	Environmental Health	Deliver	Water Corporation, State agencies	Ongoing
	Regulate and monitor wastewater systems, onsite effluent disposal and liquid waste facilities to ensure compliance with public health standards	Environmental Health	Deliver	Water Corporation, State agencies	Ongoing
	Implement mosquito monitoring and vector control programs to reduce risks associated with mosquito-borne diseases	Environmental Health	Deliver	State agencies	Ongoing
	Enforce public health legislation through inspections, compliance monitoring and regulatory action where required	Environmental Health	Deliver	N/A	Ongoing

Sub focus area	Action	Owner	Role	Partner	Time frame
Environmental health protection	Review and maintain local public health legislation including the Shire Health Local Law	Environmental Health, Governance & Strategy	Deliver	State agencies	26/27
	Deliver environmental health education and advisory services to businesses and the community	Environmental Health	Deliver	State agencies, Community NGOs, Community	Ongoing
Climate adaptation	Implement climate-smart urban greening and heat mitigation measures	Environmental Services, Sustainable Development, Planning Services	Deliver	State agencies	Ongoing
	Implement the Bush Fire Risk Management Plan	Emergency Management	Deliver	State agencies	Ongoing
	Implement the Waterwise Council Action Plan	Waste & Safety Services, Parks & Gardens	Deliver	Water Corporation, State agencies	Ongoing
	Investigate opportunities for renewable energy initiatives including solar installations and an electric vehicle fleet	Waste & Safety Services	Deliver	Community NGOs, Community, State agencies	26/27
	Partner with regional organisations including the Peel Harvey Biosecurity Group to manage environmental risks	Environmental Services, Sustainable Development	Partner	Other agencies, NGOs	Ongoing
Emergency preparedness	Promote community preparedness for bushfire, storm and coastal hazard risks	Emergency Management, Environmental Services	Deliver/ Partner	State agencies	Ongoing
	Implement bushfire readiness and compliance programs	Emergency Management	Deliver/ Partner	State agencies	Ongoing
	Conduct emergency management exercises with relevant agencies and community partners	Emergency Management	Deliver/ Partner	DFES Office of Bushfire Management	Ongoing
	Develop a Local Heatwave and Extreme Weather Health Response Plan	Environmental Health, Emergency Management	Deliver	Community NGOs, Community, State agencies	27/28

Sub focus area	Action	Owner	Role	Partner	Time frame
Waste & circular economy	Deliver waste reduction and circular economy initiatives	Waste Services	Deliver	Community NGOs, Community, State agencies	26/27
	Develop and implement the Local Waste Management Strategy	Waste Services	Deliver	Community NGOs	Ongoing
	Implement the closure plan for the Richardson Road landfill site	Waste Services	Deliver	Community, State agencies	Ongoing
	Participate in community clean-up and environmental stewardship initiatives	Environmental Services, Waste Services	Deliver / Partner	Community NGOs. Community	Ongoing
	Investigate infrastructure that supports the transition to low emission transport including EV charging stations	Asset Management, Property Services, Environment Services, Sustainable Development, Waste & Safety Services	Deliver	Community NGOs, Community, State agencies	Ongoing

KOAST

Priority Health Area 5 - Strengthen Local Capacity for Public Health Leadership and Partnerships

Rationale
Effective public health outcomes rely on coordinated planning, strong partnerships and evidence-based decision making. Local governments play an important role in advocating for services, working with regional partners and integrating health considerations into planning and policy.

Objective
To strengthen public health leadership through effective governance, partnerships, advocacy and evidence-based planning.

Shire pillars: People, Place, Planet, Prosperity and Performance

State Public Health Plan alignment: Protect and Enable

Sub focus area	Action	Owner	Role	Partner	Time frame
Leadership & advocacy	Advocate to State and Federal Governments for services, infrastructure and housing that improve community health and wellbeing, including affordable aged housing options, improved transport to health services and initiatives that support healthy ageing, accessibility, equitable access to care, and community participation	Marketing, Advocacy & Communication, Community Development	Advocate	State and Federal agencies	Ongoing
	Provide public health advice to Council and support the implementation and review of the Public Health Plan	Environmental Health	Deliver	Community NGOs, Community, State agencies	Ongoing
	Strengthen partnerships with Aboriginal organisations, community groups and regional agencies to support coordinated health initiatives	Community Development, Environmental Health	Deliver	Community NGOs, Community, State agencies	Ongoing
	Engage with community members, advisory groups, service providers and priority populations to support implementation and future review of the Public Health Plan	Environmental Health	Deliver	State agencies, Community	Annually
	Advocate for the celebration and support of community awareness events that promote health, inclusion, and cultural recognition (e.g. R U OK? Day, Mental Health Month, NAIDOC Week, Pride Month)	Marketing, Advocacy & Communication, Community Development	Deliver	Community NGOs, Community, State agencies	Ongoing
Policy & planning	Embed health impact considerations into planning processes and project assessments	Environmental Health, Sustainable Development	Deliver	State agencies	26/27
	Assess health impacts of housing, accommodation facilities and development proposals to support healthy built environments	Environmental Health, Sustainable Development	Deliver	State agencies	Ongoing

Sub focus area	Action	Owner	Role	Partner	Time frame
Monitoring & reporting health outcomes	Use population health data, community feedback and inter-agency collaboration to monitor emerging health issues	Environmental Health	Deliver	Community NGOs, Community, State agencies	Ongoing
	Incorporate Closing the Gap indicators and Aboriginal community input into monitoring and planning processes	Environmental Health	Deliver	Community NGOs, Community, State agencies	26/27
	Monitor environmental health indicators and emerging risks to inform regulatory and public health responses	Environmental Health	Deliver	Community NGOs, Community, State agencies	Ongoing
Partnerships & community capacity	Partner with local organisations, schools, community groups and service providers to promote health, wellbeing, inclusion and equitable access to services and opportunities	Environmental Health	Deliver/ Partner	Community NGOs, Community, State agencies	Ongoing
	Investigate opportunities for representation on regional health partnerships such as the Wellington Health Alliance	Environmental Health, Community Development	Deliver/ Partner	Community NGOs, Community, State agencies	Ongoing
	Administer community grant and sustainability funding programs that support local health and wellbeing initiatives	Community Development, Environmental Services, Finance	Deliver	Community NGOs, Community, State agencies	Ongoing

Priority Health Area 6 - Support Child Health and Early Development

Rationale
Early childhood is a critical period that shapes lifelong health, learning and wellbeing. Access to supportive family services, early literacy programs, safe play environments and community resources helps children develop the foundations for healthy development.

Objective
To support healthy child development by strengthening early learning, family support and opportunities for active play.

Shire pillars: People and Place.

State Public Health Plan alignment: Promote, Prevent and Enable.

Sub focus area	Action	Owner	Role	Partner	Time frame
Early years development	Deliver initiatives under the Bright Futures: Early Years Strategy to support healthy child development and family wellbeing	Community Development	Deliver	Community NGOs, State and private sector agencies	Ongoing
	Advocate through the Shire's Play Spaces Strategy for safe and accessible play environments for children and families	Asset Management, Property Services	Deliver	Community NGOs, Community, State agencies	Ongoing
	Deliver early childhood literacy and learning programs through libraries and community facilities that promote active play, reading and creative engagement (e.g. Storytime, Rhymetime, Better Beginnings and literacy and creative festivals)	Library Services	Deliver	Community NGOs, Community, State agencies	Ongoing
Family support & childcare	Support childhood and adolescent immunisation uptake by providing accessible, community-appropriate locations for vaccination services and promoting these services through clear, targeted communication channels	Environmental Health	Deliver/ Partner	Community NGOs, Community, State agencies	Ongoing

Sub focus area	Action	Owner	Role	Partner	Time frame
Literacy, learning & active play	Provide public library services that support literacy, lifelong learning and community connection	Library Services	Deliver	Community, State agencies	Ongoing
	Provide digital literacy and online safety education for children, young people and families	Library Services	Deliver	Community, State agencies	Ongoing
	Advocate for childcare, creche and school holiday programs that will support families and enable community participation	Community & Lifestyle	Deliver/ Partner	Community	Ongoing
	Advocate for integrated, community-led support for vulnerable families through partnerships, effective referral systems, and targeted grant programs	Community Development, Community & Lifestyle	Partner	Community NGOs, State agencies	Ongoing

Priority Health Area 7 - Support Healthy and Active Ageing

Rationale
The Shire of Harvey has a growing older population, increasing the need for age-friendly infrastructure, opportunities for social participation and services that support independence. Supporting older residents to remain active and connected helps maintain health, wellbeing and community engagement.

Objective
Support opportunities that promote healthy ageing, social connection, accessibility and participation for older adults, carers and people living with disability.

Shire pillars: People and Place.

State Public Health Plan alignment: Promote, Prevent and Enable.

Sub focus area	Action	Owner	Role	Partner	Time frame
Age-friendly planning	Deliver initiatives identified in the Ageing Together: Age Friendly Strategy	Community Development	Deliver/ Partner	Community NGOs, Community, State agencies	Ongoing
	Advocate for transport and mobility options that support independence and access to services for older residents	Community Development, Marketing, Advocacy & Communication	Advocate	Community NGOs, Community, State agencies	Ongoing
Social participation & connection	Support initiatives that reduce loneliness and social isolation among older residents	Community Development	Deliver/ Partner	Community NGOs, Community, State agencies	Ongoing
	Promote volunteering, cultural activities and community events that encourage participation by older adults	Community Development	Deliver/ Partner	Community NGOs, Community, State agencies	Ongoing
	Deliver intergenerational programs that strengthen connection between younger and older residents	Community Development	Deliver	Community NGOs, State agencies	Ongoing
Carer support & independent living	Support carers of older people through partnerships with service providers, community organisations and grant programs	Community Development	Deliver	Community NGOs, Community, State agencies	Ongoing
	Promote access to services and programs that support older residents to live independently in the community	Community Development	Deliver	Community NGOs, State agencies	Ongoing

Digital Transformation Strategy

OUR VISION
Together, towards an even better lifestyle.
We value
Effective stewardship of our environment and heritage;
A safe community that has a strong community spirit and sense of belonging;
Effective communication and cooperation; Strong leaders and fair decisions; and
Our heritage – acknowledging our history in creating our future.
We are committed to being an inclusive, enterprising and engaging community that:
Actively works together and respects each other;
Acts with honesty, integrity and fairness; and
Is open-minded, approachable, tolerant and responsive.

1 Executive Summary

The Shire of Harvey is going through a growth cycle and this, paired with its move forward to a more modern Enterprise Resource Planning (ERP) system, means there is a large amount of change in the business. This change needs to be steered so the Shire can gain the most benefit from its new systems and leverage the new system, to support our ever-growing population base.

This document, the Digital Transformation Strategy, provides direction for addressing both short-term and longer-term goals, to help the Shire make sound decisions that are practical, cost effective and technologically forward thinking.

This will allow the Shire to deliver the best services possible for our customers in all realms, whether it be improving digital platforms to allow our residents to access services when they want or empowering our staff with mobile systems to deliver services as close to our residents as possible.

This document is a strategic approach for the next four years and an ongoing vision. It is not intended to be exhaustive; rather it is meant to be a guide, allowing the Shire to always have a focus on forward thinking. It should be taken as a 'living document' allowing the strategy to be able to change in line with the fast-moving world of Information Technology (IT), and to make certain we are always delivering the best services to our customers.

2 Scope

The strategy provides a vision for the future, defined by strategic objectives underpinned by strategic pillars. It informs and empowers the Shire of Harvey Digital Transformation Plan 2026-2030 that enacts the objectives on an achievable timeline.

The strategy acknowledges and builds on initiatives completed or in progress as identified in the Shire of Harvey Information Services Strategic Plan 2024-2027.

3 Vision

The Shire of Harvey digital transformation vision is a guiding statement that encompasses the aspirations of this document while linking to and enabling the overarching Shire of Harvey Council Plan 2025-2035 vision.

The Shire of Harvey will use Information Technology and Information Management practices to deliver safe and secure services that empower us to pursue and achieve our Council Plan vision of being together towards an even better lifestyle.

4 Strategic Pillars

The strategic Pillars define high level commitments the Shire is making to achieving a high level of digital transformation and have been identified through consultation and consideration of best practice.

4.1 Security

Security is a foundational requirement of digital transformation at the Shire of Harvey. As transformation depends on increased use of technology, digital platforms, cloud services, connected devices and data, cybersecurity is paramount to protecting the confidentiality, integrity and availability of the Shire's information and services.

This includes safeguarding community, staff and corporate information, maintaining reliable service delivery, reducing disruption from cyber incidents, and ensuring digital initiatives are designed with security in mind from the outset.

Security must also remain an ongoing concern, requiring governance, risk management, access control, staff awareness, secure supplier and system management, and regular review as threats, technologies and business needs continue to evolve.

4.2 Compliance

Compliance is an essential component of digital transformation at the Shire of Harvey, ensuring new systems, processes and ways of working support lawful, accountable and consistent service delivery.

As the Shire increases its use of digital platforms, automation, cloud services and data, compliance must be built into the design and operation of these initiatives so that information is managed appropriately, obligations are met, and community confidence is maintained.

This includes aligning with relevant legislation, policies and standards, including the Western Australian State Records Act 2000 in relation to proper recordkeeping, retention and disposal, and the Privacy and Responsible Information Sharing Act 2024 as an important emerging framework for privacy, information handling and responsible sharing.

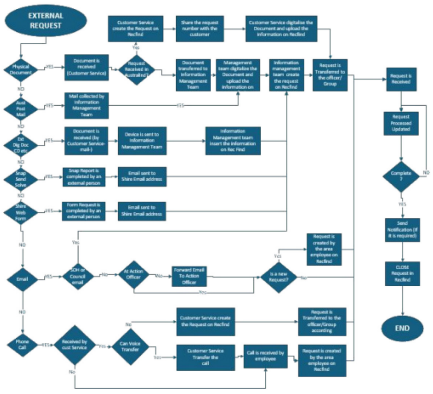

Compliance is therefore not a one-off activity, but an ongoing responsibility that requires clear governance, sound information management practices, regular review and staff awareness across the organisation.

4.3 Efficiency

Efficiency is a key pillar of digital transformation at the Shire of Harvey because it enables the Shire to deliver services in a more timely, consistent and responsive way, resulting in an enhanced customer experience.

Customer experience is a core deliverable of this strategy and remains a prime concern for the Shire, as improved internal efficiency will translate directly into better outcomes for residents, ratepayers, businesses and visitors.

A central part of this is business process re-engineering, which involves reviewing and redesigning how work is performed to remove duplication, reduce delays, simplify handoffs and make better use of digital tools and information.

By improving processes rather than simply digitising existing inefficiencies, the Shire can streamline service delivery, support staff to work more effectively, and provide customers with services that are easier to access, faster to receive and more consistent across the organisation.

4.4 Enabling Technologies

Enabling technologies are a critical part of digital transformation at the Shire of Harvey, providing the hardware and software systems needed to support modern, reliable and responsive service delivery.

This includes maintaining fit-for-purpose devices, infrastructure and connectivity, while also embracing contemporary software platforms and service models such as Software as a Service (SaaS) where they provide greater scalability, resilience, functionality and value.

Artificial Intelligence (AI) also represents an enabling technology that can support more effective service delivery, improved workflows, stronger decision support and greater productivity where it is implemented appropriately and with clear purpose. The Shire is using AI in a measured and practical way, aligned with business need, risk, governance and capability, and guided by the Shire of Harvey Artificial Intelligence Strategy 2025.

Modern technologies also enable contemporary work practices and workflows, including hybrid working and greater mobility, allowing staff to securely access systems, information and tools when and where they are needed.

When implemented effectively, these technologies create clear and positive gains in the Shire's business workflows, improve staff productivity, and support more timely, flexible and customer-focused service delivery across the organisation.

5 Strategic Objectives

The below strategic Objectives expand on the pillars to identify areas of commitment that are required to achieve the level of digital transformation desired by the Shire.

These objectives link to actionable initiatives in the Shire of Harvey Digital Transformation Implementation Plan 2026-2030,

5.1 Enhanced Customer Experience

Enhanced customer experience is a primary outcome of digital transformation at the Shire of Harvey and reflects how effectively the Shire meets the needs and expectations of its community.

This has two key components. The first is improving how customers interact with the Shire by providing accessible, efficient and user-friendly digital channels that are available when needed, including online building permit applications, online feedback and request forms, online customer enquiries and customer relationship management (CRM) capabilities that support more consistent engagement.

The second is improving the Shire's internal processes so that customer interactions are responded to more efficiently, accurately and in a timely manner.

Together, these improvements make it easier for customers to engage with the Shire and enhance the overall experience they receive.

5.2 Enhanced Service Delivery

Enhanced service delivery is the internal outcome that supports an improved customer experience at the Shire of Harvey.

It focuses on equipping staff with the processes, systems and information they need to deliver services in a more efficient, accurate and accountable manner across the organisation.

A key factor in achieving this outcome is business process re-engineering, which involves reviewing and redesigning how work is performed so that processes are simpler, more consistent and better aligned to digital tools and service requirements.

By improving the way work flows through the organisation, the Shire can reduce duplication, minimise delays, strengthen accountability and enable staff to respond to community needs more effectively, resulting in better and more reliable service delivery.

5.3 Modernising the Platform

Modernising the platform is a fundamental objective of digital transformation at the Shire of Harvey because the technology environment must be capable of supporting contemporary service delivery, modern work practices and future improvement.

This includes both software and hardware platforms, with a focus on adopting modern technology approaches such as Software as a Service, cloud computing and related technologies where they provide greater flexibility, resilience, scalability and value.

It also requires maintaining contemporary hardware platforms and infrastructure that are fit for purpose and able to run current, supported systems.

By ensuring the Shire's technology platform remains modern and up to date, the organisation is better positioned to achieve security and compliance while also enabling greater efficiency, stronger workflows and the broader use of technology to improve service delivery.

5.4 Digitisation

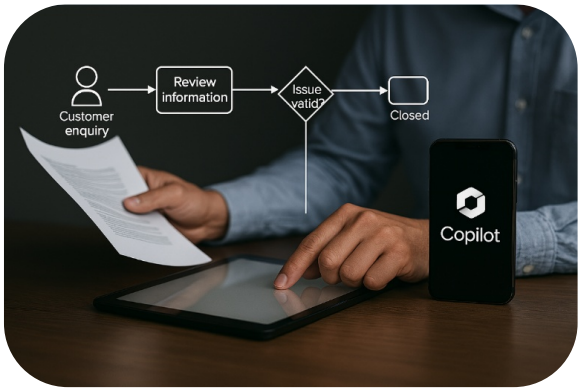

Digitisation is a priority objective of digital transformation at the Shire of Harvey and is closely linked to enhanced service delivery.

Its primary focus is the conversion of outdated, manual and paper-based processes into digital processes that are more efficient, accurate, accessible and accountable.

This is achieved through business process re-engineering, with a priority on using technology to engineer out inefficiencies rather than simply replicating them in digital form.

In pursuing this outcome, the Shire will consider solution options in the following order based on suitability and cost.

1. Leveraging current ERP modules.
2. Leveraging current software and systems already in use.
3. Implementing new ERP modules.
4. Implementing new software or systems.
5. In-house developed solutions.

This order does not exclude any option but ensures they are considered in a practical and sustainable sequence, recognising that in-house development carries an ongoing support and maintenance overhead.

By digitising and improving internal processes in this way, the Shire can strengthen enhanced service delivery and, in turn, provide faster, more consistent and more responsive interactions that contribute to an improved customer experience.

5.5 Mobility

Mobility is a key objective of digital transformation at the Shire of Harvey because it enables staff to work effectively wherever and whenever service delivery requires.

This outcome has three key components. The first is providing modern hardware that supports flexible work, including laptops, mobile phones and other devices that allow users to work from different locations at any time.

The second is ensuring software and systems can also be accessed when and where needed, including cloud-based and SaaS platforms such as modern ERP systems that support hybrid working and more responsive workflows.

The third is establishing the technology infrastructure that makes this possible while also achieving security and compliance. Examples of these include software firewalls, hardware firewalls, cybersecurity threat management, and secure edge systems that provide seamless access to both cloud-based and on-premise resources.

Together, these capabilities allow the Shire to support modern hybrid working arrangements, improve staff responsiveness and workflow efficiency, and protect the Shire's information and systems while delivering services in a more flexible and effective way.

5.6 Cybersecurity

Cybersecurity is a critical objective of digital transformation at the Shire of Harvey. As the Shire increases its use of technology, digital systems, cloud services, connected devices and digitised processes, cybersecurity risk is inherently introduced and must be actively mitigated to protect information, systems and service continuity.

The Shire is addressing this through its adopted cybersecurity document suite, comprising the Cybersecurity Policy 2026-2030, Cybersecurity Strategy 2026-2030 and Cybersecurity Implementation Plan 2026-2030, which together establish the Shire's cybersecurity position, strategic direction and program of initiatives over the life of this Digital Transformation Strategy.

This ensures cybersecurity is treated as an ongoing and structured responsibility that supports secure service delivery, strengthens resilience, and enables the Shire to pursue digital transformation with confidence.

5.7 Information Governance

Information governance is a vital objective of digital transformation at the Shire of Harvey because effective services depend on information being managed appropriately throughout its full lifecycle, from creation and capture through to use, storage, discovery, sharing, retention and lawful destruction.

In this context, governance means establishing the controls, responsibilities and practices that ensure information supports efficient business processes, enhanced service delivery and the best possible customer experience, while meeting obligations under legislation such as the Western Australian State Records Act 2000, the Privacy and Responsible Information Sharing Act 2024 and the Freedom of Information Act 1992.

This includes clear ownership and custodianship, maintaining discoverability and reuse, applying information classification, and using controls such as an information asset register to understand what information the Shire holds, where it is held, who is responsible for it and how it should be managed.

Information access arrangements are also an important part of this objective. Only authorised staff need to be able to modify information while conversely, information needs to be discoverable and available to be used as broadly as possible while still protecting privacy and other sensitive requirements.

This objective is therefore less about security alone and more about ensuring information is governed so it can be used by the right people, in the right way, at the right time to support compliance, efficiency and improved service delivery.

6 Conclusion

The Shire of Harvey will use Information Technology and Information Management practices to deliver safe and secure services that empower us to pursue and achieve our Council's vision of 'together towards an even better lifestyle'.

This strategy sets the path for that work by establishing clear objectives that guide how the Shire should approach digital transformation across service delivery, customer experience, digitisation, mobility, platform modernisation, cybersecurity and information governance.

The overall direction of the strategy is to enhance service delivery in ways that improve how the community interacts with the Shire and the quality, timeliness and consistency of the services it receives.

While security and compliance are not the sole purpose of digital transformation, they are essential foundations that must underpin every initiative from the outset rather than be treated as an afterthought.

This strategy is to be treated as a living guiding framework that allows the Shire to respond to changing technologies, risks and community expectations while maintaining a clear focus on delivering better services. It empowers the Shire of Harvey Digital Transformation Plan 2026-2030 to translate the objectives identified here into actionable initiatives aligned to defined timelines.

7 Council Plan Strategic Objective

The strategy aligns with the following strategic objective of the Shire of Harvey Council Plan 2025-2035:

	**Performance** A representative leadership that is future thinking, transparent and accountable.

8 Definitions

AI – Artificial intelligence

CRM – Customer Relationship Management

ERP – Enterprise Resource Planning

IT – Information Technology

SaaS – Software as a Service

1 Executive Summary

This plan enacts the Shire of Harvey's strategic direction in digital transformation as detailed in the Shire of Harvey Digital Transformation Strategy 2026-2030.

It defines a roadmap that builds on the Shire's current position and advancements to date. It defines actionable initiatives on measurable and accountable timelines.

To promote parallel execution and individualised reporting, initiatives are grouped into workstreams each with a separate timeline.

Implementing this plan will enhance the Shire of Harvey's ability to achieve the Shire of Harvey's Digital Transformation vision as shown below.

The Shire of Harvey will use Information Technology and Information Management practices to deliver safe and secure services that empower us to pursue and achieve our Council Plan vision of being together towards an even better lifestyle.

2 Scope

This plan applies to all digital systems, information assets, technology environments, staff and councillors. It defines tangible initiatives that will use technology to transform the Shire's processes and systems, resulting in enhanced service delivery and customer experience.

The scope includes:

- All Information Technology infrastructure, networks, cloud services, applications, and operational technology operated or contracted by the Shire.
- All Shire information assets.
- All users accessing Shire systems such as employees, councillors, contractors, and third-party providers.
- All existing and proposed business processes across all business units.

Initiatives defined in the plan apply to the objectives identified in Shire of Harvey Digital Transformation Strategy 2026-2030, which establishes the direction for addressing both short term and longer-term goals, to help the Shire make sound decisions that are practical, cost effective and technologically forward thinking.

3 Strategic Alignment

This plan is informed by the Shire of Harvey Digital Transformation Strategy 2026-2030, Shire of Harvey Information Services Strategic Plan 2024-2027, Shire of Harvey Artificial Intelligence Strategy 2025 and operates in parallel with other plans such as the Shire of Harvey Cybersecurity Implementation Plan 2026-2030.

It aligns with the Digital Transformation Strategy 2026-2030 pillars and objectives. This alignment ensures that aspirational requirements at a high level flow through to tangible initiatives that can be mapped to and reported against timelines to ensure completion and accountability.

3.1 Digital Transformation Strategic Pillars

Pillars defined in section 4 of the Shire of Harvey Digital Transformation Strategy 2026-2030 define high level commitments the Shire has made to achieve the desired level of digital transformation.

3.2 Digital Transformation Strategic Objectives

Objectives defined in section 5 of the Shire of Harvey Digital Transformation Strategy 2026-2030 link to the pillars defined in section 4. They identify areas of commitment that are required in the Shire's digital transformation.

3.3 Digital Transformation Plan Initiatives

The following initiatives link to objectives defined in the Shire of Harvey Digital Transformation Strategy 2026-2030 to ensure that they are targeted, justified and accountable.

4 Workstreams

Workstreams are groupings of initiatives required for a specific outcome. Each workstream has an independent delivery timeline. This allows parallel execution and individualised reporting.

4.1 ERP System Initiatives

#	Initiative	Strategic Pillar	Strategic Objective	Priority	Owner	2026-27	2027-28	2028-29	2029-30
1	Implement CRM Module.	3, 4	1, 2, 3 4, 5	1	ERP TEAM	●			
2	Implement Building Module.	3, 4	1, 2 3, 4	2	ERP TEAM	●

2	Annual review standard computer system offering.	4	3, 5	2	IT TEAM		●	●	●

5 Conclusion

The Shire of Harvey recognises that digital transformation is a strategic enabler for delivering more efficient, responsive and trusted services to the community.

This plan executes the direction established in the Shire of Harvey Digital Transformation Strategy 2026-2030 through a phased and practical program of initiatives across business processes, information systems, technology devices, information management, security and compliance. It translates strategic intent into accountable actions that can be delivered, measured and reviewed over time.

Implementing the initiatives in defined workstreams enables prioritisation, parallel execution and meaningful reporting, while supporting the Shire to modernise its platforms, improve service delivery and strengthen information management and governance. Digital transformation is not static. Ongoing review, resourcing and refinement are required to respond to changing technologies, risks and business needs.

6 Council Plan Strategic Objective

The plan aligns with the following strategic objective of the Shire of Harvey Council Plan 2025-2035:

	**Performance** A representative leadership that is future thinking, transparent and accountable.

7 Definitions

BCS – Business Classification Scheme.

CRM – Customer Relationship Management.

ERP – Enterprise Resource Planning.

GIS – Geographic Information System.

IBIS – Integrated Business Information System.

IM – Information Management.

IT – Information Technology.

PRIS – Privacy and Responsible Information Sharing.

OUR VISION

Together, towards an even better lifestyle.

We value

Effective stewardship of our environment and heritage;

A safe community that has a strong community spirit and sense of belonging;

Effective communication and cooperation;

Strong leaders and fair decisions; and

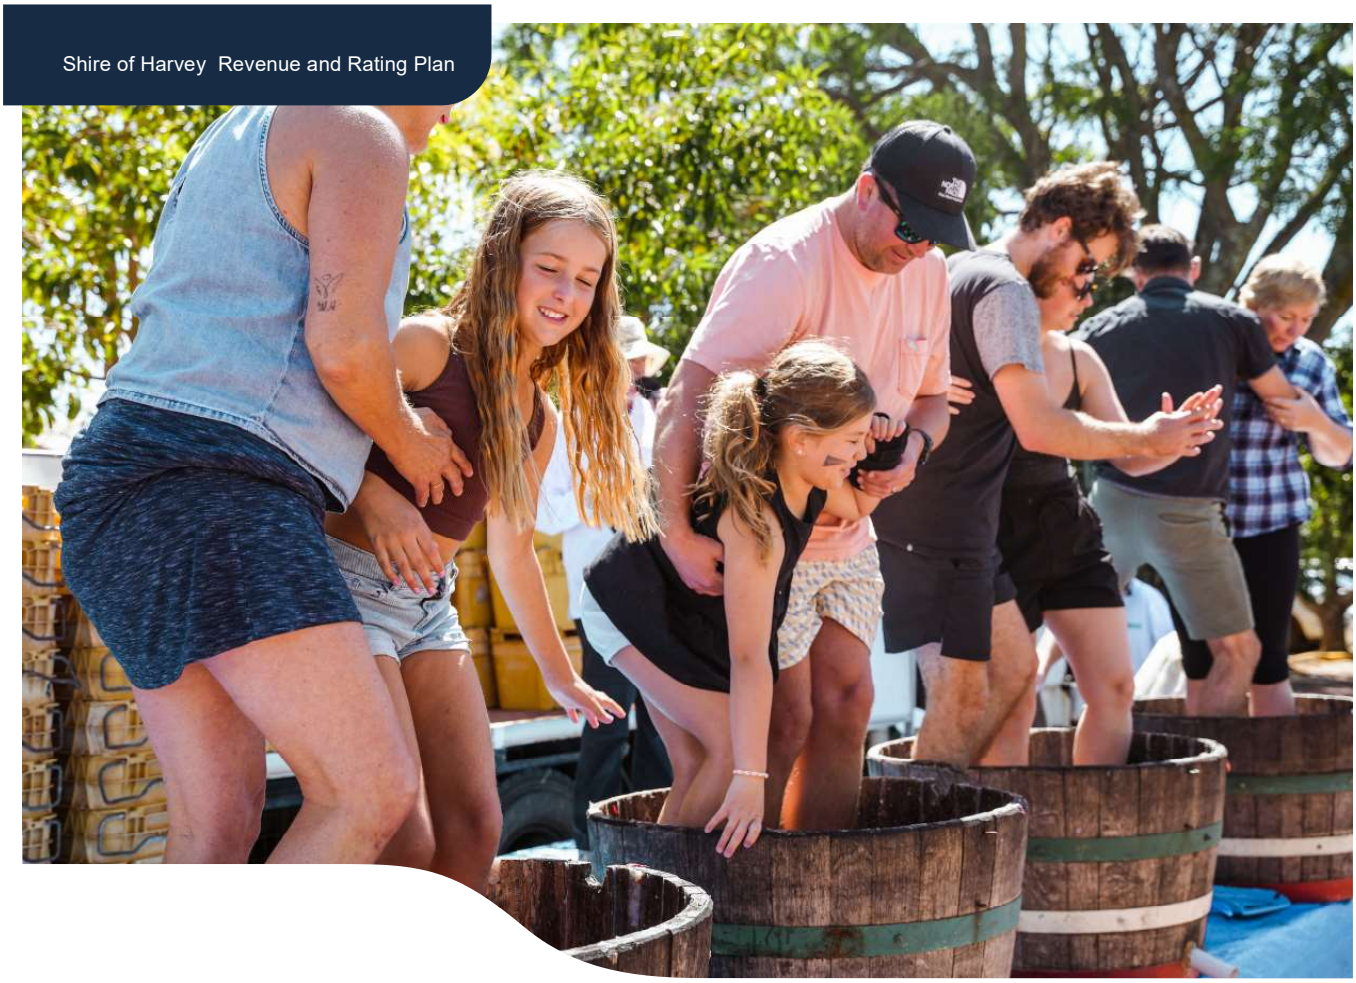

Our heritage – acknowledging our history in creating our future.

We are committed to being an inclusive, enterprising and engaging community that:

Actively works together and respects each other;

Acts with honesty, integrity and fairness; and

Is open-minded, approachable, tolerant and responsive.

Revenue and Rating Plan Explained

The Shire of Harvey provides infrastructure, services and facilities to the community and visitors to the region in the form of:

- Roads, paths and parks,
- Reserves and foreshores,
- Halls, libraries and leisure facilities,
- Health building and planning services,
- Rubbish and ranger services
- Tourism and cultural services, and
- Many other community and wellbeing services.

The Revenue and Rating Plan (the Plan) sets the principles that guide the Shire in how it raises the revenue required to deliver these services along with fulfilling the community's goals and aspirations as identified in the Council Plan 2025-2035.

The Shire generates various forms of revenue which are identified and modelled as part of the Shire's long term financial planning and annual budget process. The Plan provides transparency to our community about the diversity and level of revenue sources available to the Shire.

As part of the annual budget process, Council raise rates to fund the deficit arising between the cost of delivering services and revenue raised from other sources.

Revenue and Rating Principles

Principles applying to the determination of this plan include:

Equity - taking into account the different levels of capacity to pay within the local community as fee for service.

The burden of raising revenue from rate payers through property rates is minimised by:

- Maximising revenue through non-rating revenue sources,
- Critically considering what facilities and services are essential for our community, and
- Continually improving the efficiency and effectiveness of service delivery.

Benefit - recognising that the services provided by the Shire benefit the community as a whole.

Transparency - being open in the processes involved in the raising of rates.

Simplicity - using a rating system that is simple and cost effective to manage; and the rate assessment as outlined on the rate notice is easily understood by the average community member.

Timeliness - ensuring all ratepayers are given adequate notice of their liability to pay fees and charges and rates.

Flexibility - responding where possible to unforeseen changes in the economy to protect the adopted level of service desired by the community (this may include dropping the level of service in parallel with the adjustment of rating).

Compliance - complying with the requirements and intent of relevant legislation.

Sustainability - making revenue decisions that support the financial strategies for the delivery of infrastructure and services identified in the Council Plan 2025-2035 and underpinned by the Long Term Financial Plan, Asset Management Plan and Workforce and Diversity Plan.

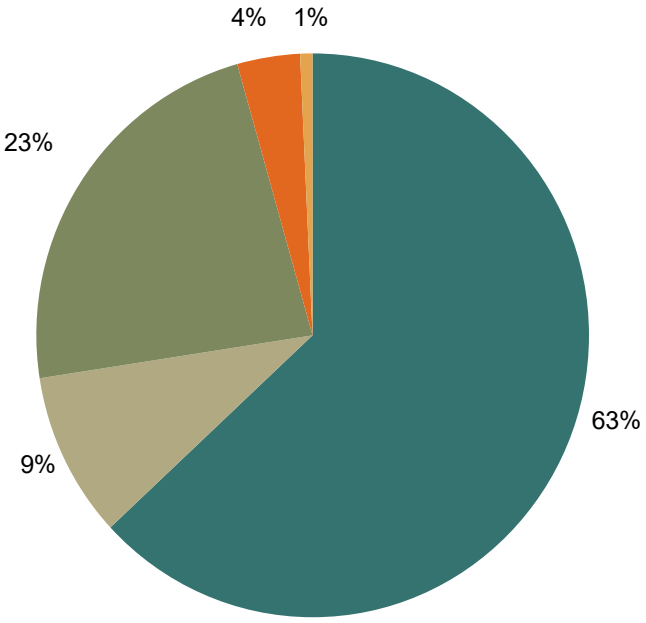

Earmarking - revenue raised for specific projects or services are to have a direct cost and benefit link.

Revenue Mix

Rates and annual charges comprise 63% of operating revenue.

The 2024-2025 annual financial statements record the split of revenue as:

Rates	$30,498,789
Operating grants and contributions	$4,594,158
Fees and charges	$11,145,701
Interest earnings	$1,773,005
Other revenue	$350,824

Cost Pressures

The current national and international economic climate has resulted in the cost of materials, utilities, insurances, wages and most other related expenditure categories increasing significantly.

To cover the added risks associated with operating in this economic climate, costs associated with construction and major works have also increased beyond the CPI level (i.e. fuel and bitumen).

Annual Perth CPI Increase (March to March)	
2025-2026	4.6%
2024-2025	2.8%
2023-2024	3.4%
2022-2023	5.8%

Long Term Financial Plan

The 2024-2034 Long Term Financial Plan was adopted by Council on 18 June 2024 and assumed a rates increase of 4% above CPI for years 2025-2026 and between 2% and 3.2% in the following years.

This increase is required to fund the Shire's planned expansion projects included in the Council Plan as well as fund existing service level requirements.

Service level requirements include, among other things, maintenance of the Shire's $800 million road, drainage and building assets.

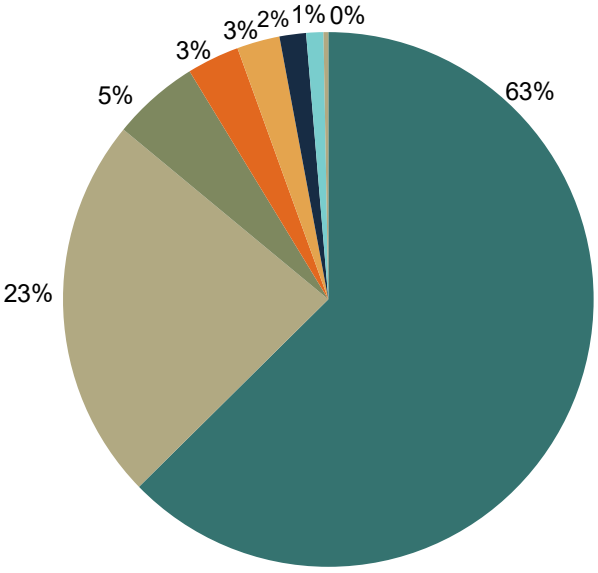

Resulting from the financial pressure placed on residents and in a move to more fairly distribute the burden of Shire rates, this Plan focuses on the use of differential general rates relating to commercial and industrial properties.

Fees and Charges

The forecasted Fees and Charges (User Charges) for 2026-2027 will not be available until July 2026.

Please see the budgeted figures from the 2025-2026 Annual Budget.

Community Amenities	$7,236,970
Recreation and Culture	$2,694,270
Economic Services	$611,350
Health	$369,000
Governance	$301,300
Law, Order, Public Safety	$186,450
General Purpose Funding	$121,050
Transport	$32,500

User fees and charges are those the Shire will charge for the delivery of services and use of community infrastructure. They include:

- Waste management collection
- Leschenault Leisure Centre
- Harvey Recreation and Cultural Centre
- Hire of sports grounds, halls and facilities
- Cemetery services, and
- Commission of vehicle licensing.

Emergency Services Levy

Emergency Services Levy (ESL) is collected on behalf of the State Government and is used by the Department of Fire and Emergency Services to deliver fire and emergency services throughout Western Australia. The Shire is paid $11,000 per annum to administer this levy. The ESL is calculated the same way as rates using property values set by the Valuer General.

Statutory Fees and Charges

Statutory fees and fines are those collected by the Shire of Harvey under the direction of legislation or other government directives. The dollar amount used for statutory fees, charges and fines is generally advised by the State Government department responsible for the corresponding service or legislation.

Generally, the Shire has limited discretion in applying these fees.

Examples of statutory fees and fines include:

- Planning and subdivision fees,
- Building and health inspection fees, and
- Infringements and fines.

Rates Levy

The Rates Levy (Rates) is a legislated charge the Shire uses to raise revenue to fund essential public services for our community. Legislation provides some flexibility for Council to use different tools in its rating structure to accommodate issues of equity and to ensure fairness in rating for all ratepayers; the two main rating avenues are Differential General Rates and Specified Area Rates.

Rates are an important source of revenue, accounting for approximately 63% of operating revenue. The collection of rates is therefore an important factor in funding Shire services.

The Shire is aware of community sensitivity to rate increases and the balance between rate revenue and the provision of community services. Planning for future rate increases is therefore an essential component of the Long Term Financial Plan.

Rates are based on property values and are therefore a property tax. Under the *Valuation of Land Act 1978*, the Valuer General must determine the land value of all rateable property. In accordance with the *Local Government Act 1995*, the Shire utilises the land value provided by the Valuer General in the calculation of Shire rates.

In accordance with section 6.26 of the *Local Government Act 1995*, all land within the Shire is rateable land unless it forms one on the exemptions as specified in the Act.

The Department of Local Government and Communities' Rating Policy Differential Rates (s.6.33) March 2016, sets out the key values that the Shire's proposed rates should demonstrate. The key values are:

- Objectivity,
- Fairness and Equity,
- Consistency,
- Transparency, and
- Administrative Efficiency.

These values form part of the principles applied to the determination of rating outlined in the Plan.

Differential General Rating

Differential General Rating allows a local government to rate on the basis of Land Use, Zoning or a combination of both. The Shire considered various options of Differential Rates when developing the Plan.

The Differential Rating categories of the Shire of Harvey along with rating category information are:

Rate Category	Number of Properties	Rate in Dollar	Proposed Differential	Property Valuation	Minimum Payment
Gross Rental Value					
GRV - Residential Rate	11,263	0.077971	100%	290,771,958	$1,586
GRV - Commercial/ Industrial Rate	295	0.109665	141%	47,654,491	$1,674
GRV - Transient Workforce / Workforce Accommodation	0	0.127948	164%	0	$1,921
Unimproved Value					
UV - Rural Rate	1,756	0.004346	100%	1,099,542,200	$1,586
UV - Commercial Rate	32	0.005444	125%	3,889,149	$1,674
Total	**13,346**				

Note: Differential % is calculated by dividing each differential rate in dollar into the general rate in dollar.

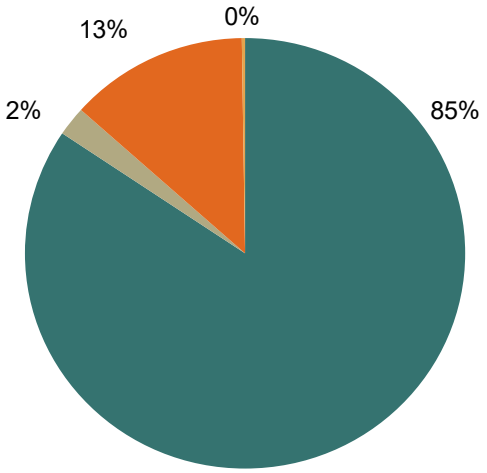

The increase to the GRV – Residential Rate and UV – Rural Rate represents a 7% increase on the 2025–2026 rate in the dollar (after revaluation equalisation for UV only) and a 7% increase in minimum rates.

The differential between the GRV – Commercial/ Industrial Rate and the GRV – Residential Rate is 41%. A consideration in making this proposal is that GRV commercial and industrial properties can generally apply a tax deduction for local government rates.

The differential between the GRV – Transient Workforce / Workforce Accommodation Rate and the GRV – Residential Rate is 64%. A consideration in making this proposal is that GRV transient workforce / workforce accommodation properties can generally apply a tax deduction for local government rates and the increased rate reflects a higher use of Shire facilities through a more densely populated property.

The differential between the UV – Commercial Rate and the UV – Rural Rate is 25%. A consideration in making this proposal is that UV commercial properties can generally apply a tax deduction for local government rates.

GRV - Residential Rate	11,263
GRV - Commercial / Industrial Rate	295
GRV - Transient Workforce / Workforce Accommodation	0
UV - Rural Rate	1,756
UV - Commercial Rate	32

Objectives and Reasons for Differential Rates

The overall objective of the Shire's differential rates is to raise rate revenue in a manner that is simple, efficient and equitable to all ratepayers within the district. The objectives and reasons for each differential rating category are as follows:

- **GRV – Residential Rate**

The objective of this category is to apply a differential general rate or minimum payment to land used, held or zoned for residential purposes. This also acts as the Shire's benchmark differential rate and minimum payment by which all other GRV rated properties are assessed.

The reason for this rate is to ensure that ratepayers make a reasonable contribution towards ongoing maintenance and provision of works, services and facilities.

- **GRV – Commercial/Industrial Rate**

The objective of this category is to apply a differential rate or minimum payment to land wholly or partly used, held or zoned for Commercial or Industrial purposes.

The reason for this rate is to assist with the funding of Marketing, Events and Economic Development related projects, activities and services.

- **GRV – Transient Workforce / Workforce Accommodation Rate**

The objective of this category is to apply a differential rate or minimum payment to land wholly or partly used, held or zoned for Transient Workforce / Workforce Accommodation (TWA) purposes.

The reason for this rate is TWA properties have the potential to have a greater impact on Shire services / assets than other properties, due to their number of occupants in a relatively small land parcel (i.e. a concentration of coach / vehicle movements on local roads). In order to appropriately maintain and manage Shire assets and infrastructure in the longer term, a higher differential rate is proposed for this category to reflect the greater potential and actual intensity of the use of Shire services and infrastructure.

- **UV – Rural Rate**

The objective of this category is to apply a differential general rate or minimum payment to land used, held or zoned for bona-fide rural purposes and to act as the Shire's benchmark differential rate by which all other UV rated properties are assessed.

The reason for this rate is to ensure that all ratepayers make a reasonable contribution towards ongoing maintenance and provision of works, services and facilities.

- **UV – Commercial Rate**

The objective of this category is to apply a differential rate or minimum payment to land with an Unimproved Value that is wholly or partly used, held or zoned for commercial purposes.

The reason for this rate is to assist with the funding of Marketing, Events and Economic Development related projects, activities and services, and to achieve a fair and equitable level of rating between commercial properties within both the UV and GRV differential rating categories.

Specified Area Rates

It is proposed for the 2026–2027 financial year that the following rate in the dollar apply for the specified areas listed below.

- Kingston Landscaping – all subdivided lots within Kingston

Rate in dollar – 0.007175 which represents a 7% increase from 2025–2026.

Objects and Reason for Specified Area Rate

To maintain the landscape of the common areas of Kingston to a higher standard of presentation.

- Galway Green Landscaping – all subdivided lots within Galway Green

Rate in dollar – 0.006747 which represents a 7% increase from 2025–2026.

Objects and Reason for Specified Area Rate

To maintain the landscape of the common areas of Galway Green to a higher standard of presentation.

- Lakewood Shores Landscaping – all subdivided lots within Lakewood Shores

Rate in dollar – 0.007803 which represents a 7% increase from 2025–2026.

Objects and Reason for Specified Area Rate

To maintain the landscape of the common areas of Lakewood Shores to a higher standard of presentation.

- Treendale Landscaping – all subdivided lots within Treendale

Rate in dollar – 0.010176 which represents a 7% increase from 2025–2026.

Objects and Reason for Specified Area Rate

To maintain the landscape of the common areas of Treendale to a higher standard of presentation.

- Treendale District Centre – all subdivided lots within Treendale District Centre

Rate in dollar – 0.008083 which represents a 7% increase from 2025–2026.

Objects and Reason for Specified Area Rate

To maintain the common areas of the Treendale District Centre to a high standard of presentation.

Waste Facilities Maintenance Rate

The purpose of the Waste Facilities Maintenance Rate is to provide funding for the management of the Shire's waste facilities. This includes, but is not limited to, the management, rehabilitation and any improvements to the Bunbury Harvey Regional Council waste facilities and the Richardson Road Refuse Facility. This rate is levied on all rateable land within the Shire.

Revenue from this rate will be available to providing for the proper performance of all or any of the waste facility services of the Shire. This rate is separate from the differential rates to be adopted by Council. The proposed rate in the dollar and minimum rate for the Waste Facilities Maintenance Rate are shown in the following table:

Rate Category	Number of Properties	Rate in the $	Minimum Payment	Rates Raised
Gross Rental Value				
GRV - Residential Rate	11,263	0.000001	$90	$1,013,670
GRV - Commercial/Industrial Rate	295	0.000001	$90	$26,550
Unimproved Value				
UV - Rural Rate	1,756	0.000001	$90	$158,040
UV - Commercial Rate	32	0.000001	$90	$2,880
Total	**13,346**			**$1,201,140**

Further Rating Information

Rebate of Rates Pensioners

The Shire will grant concessions to eligible pensioner/senior ratepayers who have registered their entitlement with the Shire to receive a rebate on Shire rates and the Emergency Services Levy. This is subject to the *Rates and Charges (Rebates and Deferments) Act 1992* and in accordance with the *Local Government Act 1995* and Regulations.
All other charges applied to rateable properties do not qualify for a rebate.

Payment of Rates

The Shire levies rates once per financial year and issues an annual rates notice to all ratepayers. Rates are levied as early as possible each financial year and are typically due for payment in the following months:

- September
- November
- January
- April

In the event that rates are levied earlier or later, due dates for payment shall be set in accordance with section 6.50 of the *Local Government Act 1995.*

Objection Rights

Pursuant to section 6.76 of the *Local Government Act 1995,* a person may object to a rates notice on the following grounds:

- There is an error in the rates notice in relation to the identity of the land owner or the part of the land to be rated; or
- If the Shire imposes a differential general rate, that the characteristics of the land recorded in the rate record as the basis for imposing that rate should be deleted and other characteristics substituted.

An objection is to be made in writing within 42 days of service of the rates notice under section 6.41.

Pursuant to section 32 of the *Valuation of Land Act 1978,* a person may object to the valuation on which their rates assessment was based.

An objection to the valuation of a parcel of rateable land should be directed to the Valuer General's Office and is to be made in writing within 60 days of service of the rates notice under section 6.41.

General Rates and Specified Area Rates

In accordance with section 6.82(1) of the *Local Government Act 1995*, where there is a question of general interest as to whether a rate or service charge was imposed in accordance with this Act, the local government or any person may refer the question to the State Administrative Tribunal to have it resolved.

Terms of Reference – Community Grants Assessment Panel

The Community Grants Assessment Panel provides advice to the Shire of Harvey on the allocation of community grant funding. The Panel assesses applications against established criteria and makes recommendations to support fair, transparent, and strategic distribution of funding aligned with Council priorities.

1. General Terms

1.1. This Assessment Panel is not a formal Committee of Council created under Section 5.8 of the Local Government Act 1995.
1.2. This Panel has no delegated authority to make decisions on behalf of Council.
1.3. Panel meetings will be held twice per year after the closing date of the Shire's two grant rounds
1.4. The Council will appoint Councillor members to the Assessment Panel.
1.5. Councillor members of advisory groups are to represent the policy position and
1.6. The Chairperson of the Assessment Panel may be a Councillor member.
1.7. The quorum for the Assessment Panel will be one more than 50% of the membership.

2. Role of the Panel

The Community Grants Assessment Panel is responsible for assessing applications submitted under the Shire's Community Grants Program and recommending funding allocations based on merit, eligibility, and alignment with strategic objectives.

3. Objectives of the Panel

- Assess and score grant applications against criteria and guidelines.
- Ensure a fair, transparent, and consistent assessment process.
- Make funding recommendations that align with Council's strategic priorities and community outcomes.
- Identify opportunities to strengthen applications and support future funding success.
- Maintain confidentiality of application information and panel deliberations

DRAFT

4. Membership

- Two Elected Members and one Deputy
- Chief Executive Officer
- Director Community and Lifestyle
- Manager Community Development
- Manager Finance
- Manager Environmental Health Services
- Manager Economic Development
- Manager Public Relations and Communications
- Grants Coordinator

Panel members may nominate an appropriate proxy to attend in their absence, subject to approval by the CEO. The proxy must be adequately briefed, adhere to all confidentiality and conflict of interest requirements, and will hold the same responsibilities as the appointed member for that meeting.

5. Chairperson

- The Chairperson will be appointed by the CEO
- The Chairperson is responsible for facilitating meetings and ensuring orderly conduct of assessments.

6. Meetings

- Meetings will be scheduled to align with grant funding rounds.
- Additional meetings may be held if required to meet timelines.
- Minutes and assessment records will be maintained.

7. Assessment Process

- All applications will be assessed against published eligibility and selection criteria.
- Panel members will independently review applications prior to meetings.
- Final recommendations will be documented and submitted for approval.

8. Strategic objective

The Community Grants Assessment Panel aligns with the following strategic objectives:

	**People** A safe, accessible and connected community where everyone has the opportunity to contribute and belong.
	**Planet** A natural environment that is highly valued, protected and enjoyed.
	**Place** A liveable, sustainable and well-designed built environment that is accessible to all.
	**Prosperity** A diversified and thriving economy that offers a wide range of business and work opportunities as well as consumer choice.
	**Performance** A representative leadership that is future thinking, transparent and accountable.

Acknowledgement of Country

The Shire of Harvey acknowledges the Bindjareb people of the Noongar Nation as the Traditional Custodians of the land and waters across our district. We pay our respects to Elders past and present, whose knowledge, leadership and cultural teachings continue to guide us in understanding how to care for country and people.

For tens of thousands of years, the lands from coast through to the fertile plains, waterways and forests have been places of gathering, learning, ceremony and community. Today, the Shire of Harvey continues to be a place of gathering for Aboriginal and Torres Strait Islander peoples, as well as people from many cultures and nations. Each new community has been welcomed by a landscape that nurtures connection, opportunity and a strong sense of belonging, contributing to the diverse and thriving Shire we know today.

As a local government, the Shire of Harvey is committed to supporting a vibrant, inclusive and connected community. Through our Reconciliation Action Plan, we reaffirm our responsibility to listen deeply, learn from Elders and community, and work in genuine partnership with Bindjareb Noongar people. Our vision for reconciliation encompasses a future where all cultures can learn from one another, walk respectfully together, and celebrate the rich Bindjareb history alongside our shared stories, cultures and aspirations.

We extend this respect to all Aboriginal and Torres Strait Islander peoples who live, work and contribute to the Shire of Harvey today and acknowledge all those who generously shared their knowledge, time and cultural insights in shaping this plan.

About this document

This document outlines the Shire of Harvey's commitment to reconciliation and the steps we will take to build respectful relationships, deepen understanding, and create meaningful opportunities with Aboriginal and Torres Strait Islander peoples.

We would like to express our deepest thanks and appreciation to all of the Elders and community members who have so generously shared their time, expertise and Cultural knowledge with us in the development of this Reflect RAP.

What is reconciliation?

Reconciliation is the ongoing process of strengthening relationships between Aboriginal and Torres Strait Islander peoples and non-Indigenous Australians, to create a stronger, more united community. It is about acknowledging our shared histories, understanding their impacts, and working together to build respect and overcome division and inequality.

A reconciled Australia is one where the rights, cultures, and histories of Aboriginal and Torres Strait Islander peoples are valued, respected, and championed. This journey is not a single act—it requires continuous learning, dialogue, and action. Importantly, it calls on non-Indigenous Australians to take responsibility for their role in creating a more just and inclusive future.

Artwork

Artwork banner

The five dimensions of reconciliation

There are five dimensions contributing to reconciliation:

Race relations

All Australians value and understand the cultures, rights, and experiences of both Aboriginal and Torres Strait Islander peoples and non-Indigenous Australians. This understanding fosters stronger relationships built on trust and respect, and ensures interactions are free from racism and discrimination.

Equality and equity

Aboriginal and Torres Strait Islander peoples have equal access to life opportunities and resources, while their unique rights and cultural identities are recognised, respected, and upheld.

Historical acceptance

All Australians acknowledge and understand the wrongs of the past and their ongoing impact on Aboriginal and Torres Strait Islander peoples. We commit to making amends for these injustices and ensuring that such policies and practices are never repeated.

Unity

An Australia where Aboriginal and Torres Strait Islander cultures, histories, and heritage are valued and celebrated as a proud and integral part of our shared national identity.

Institutional integrity

Political, business, and community organisations actively champion reconciliation, embedding its principles into their policies, practices, and culture.

7

Artwork banner

From the Chief Executive Officer

Kaya, (Hello)

Our Reconciliation Action Plan is about laying strong foundations.

It provides a structured framework to pause, learn and embed reconciliation more deeply and consistently across the Shire of Harvey.

The Plan will help us understand where we are starting from, what we are doing well, and where there may be opportunities to develop.

Existing reconciliation initiatives will continue and evolve. We're thrilled to keep hosting annual cultural performances at the Harvey Recreation and Cultural Centre, support Yarning Circle development and uplift Aboriginal and Torres Strait Islander tourism products.

NAIDOC and National Reconciliation Week activities will also remain a priority for the Shire, as will activating spaces for Aboriginal organisations and programs, sharing resources at our libraries and engaging Aboriginal people through traineeships and employment.

The Shire of Harvey is exceptionally proud of our work with the local Bindjareb community, and is excited for this collaboration to continue.

We're also excited to keep sharing and uplifting our shared heritage.

The Harvey Region rests on Bindjareb Country, where Traditional Custodians have walked on, cared for and lived with the land for thousands of years.

Artwork banner

This extraordinary history continues to shape the Region we live in today, and guides how we walk forward as a community.

By taking the time to reflect now, we are positioning the Shire of Harvey to build stronger, lasting relationships and a future that increasingly values history, heritage, respect and partnership.

We thank the community for taking this journey with us.

Annie Riordan

Chief Executive Officer

From the Shire President

Wanjoo, (Welcome)

I am delighted to introduce you to the Shire of Harvey's inaugural Reconciliation Action Plan.

Across Australia, reconciliation is an active and growing relationship building movement. It calls on all levels of government, organisations and communities to respect each other, learn from one another and uplift shared histories.

At the Shire of Harvey, we consider this responsibility especially important because local government sits closest to community.

The decisions made every day shape our places, services and relationships. As such, consultation sits at the heart of this Reconciliation Action Plan.

Through listening to Bindjareb voices, Aboriginal organisations, local Elders and the wider community, the Shire has developed a Reconciliation Action Plan that provides a strong, practical framework for reconciliation.

This Reconciliation Action Plan has been guided by what our community has told us matters most and provides a foundation for how we forge stronger relationships, celebrate a deepening cultural understanding and create a stronger, more inclusive Region.

I would like to sincerely thank all community members who contributed their time, knowledge and insight throughout the consultation and development of our Reconciliation Action Plan. In particular, I acknowledge the generosity of our local Aboriginal Elders and community members who shared their experiences, stories and guidance.

Artwork banner

Your contributions have been invaluable in helping the Shire of Harvey and Council better understand how reconciliation can be meaningfully progressed at a local level.

This Reconciliation Action Plan marks an important step forward and reinforces our commitment to working in genuine partnership with Aboriginal and Torres Strait Islander communities across the Harvey Region.

The Shire of Harvey Council commits to all actions outlined in the Reconciliation Action Plan. We look forward to listening, learning, promoting a greater understanding, appreciation and awareness of Aboriginal and Torres Strait Islander cultures, and celebrating our way to an increasingly stronger and inclusive future.

Michelle Campbell

Shire President

A statement from the CEO of Reconciliation Australia

Inaugural Reflect RAP

Reconciliation Australia welcomes Shire of Harvey to the Reconciliation Action Plan (RAP) program with the formal endorsement of its inaugural Reflect RAP.

Shire of Harvey joins a network of more than 3,000 corporate, government, and not-for-profit organisations that have made a formal commitment to reconciliation through the RAP program.

Since 2006, RAPs have provided a framework for organisations to leverage their structures and diverse spheres of influence to support the national reconciliation movement. The program's potential for impact is greater than ever, with over 5.5 million people now working or studying in an organisation with a RAP.

The four RAP types — Reflect, Innovate, Stretch and Elevate — allow RAP partners to continuously develop and strengthen reconciliation commitments in new ways. This Reflect RAP will lay the foundations, priming the workplace for future RAPs and reconciliation initiatives.

The RAP program's strength is its framework of relationships, respect, and opportunities, allowing an organisation to strategically set its reconciliation commitments in line with its own business objectives, for the most effective outcomes.

These outcomes contribute towards the five dimensions of reconciliation: race relations; equality and equity; institutional integrity; unity; and historical acceptance.

12

Artwork banner

It is critical to not only uphold all five dimensions of reconciliation, but also increase awareness of Aboriginal and Torres Strait Islander cultures, histories, knowledge, and leadership across all sectors of Australian society.

This Reflect RAP enables Shire of Harvey to deepen its understanding of its sphere of influence and the unique contribution it can make to lead progress across the five dimensions. Getting these first steps right will ensure the sustainability of future RAPs and reconciliation initiatives, and provide meaningful impact toward Australia's reconciliation journey.

Congratulations Shire of Harvey, welcome to the RAP program, and I look forward to following your reconciliation journey in the years to come.

Karen Mundine

Chief Executive Officer
Reconciliation Australia

Our business

The Shire of Harvey is a Local Government Authority located in the South West region of Western Australia on Bindjareb Noongar Boodja, approximately 140 kilometres south of Perth.

We have strong values connected to heritage, environment, agriculture and tourism, with our land being home to important endangered and endemic flora and fauna including 8000 species of wildflowers and three species of Black Cockatoos: Carnaby's, Baudin, and the Red-tailed Forest.

Our Shire encompasses a diverse mix of coastal, rural, and urban communities, with notable townsites including Harvey, Australind, Roelands, Brunswick Junction, Binningup, Myalup, Cookernup and Yarloop. These sites are known for the diversity of their environment, with tracts of Jarrah forests, rivers, the Leschenault estuary, Harvey, Stirling and Logue Brook dams, unspoilt beaches, rolling hills and fertile agricultural land.

Local industries include dairy, beef, horticulture, mining, commerce, vineyards, citrus, export beef abattoir, silicone smelter, pigment plant, orange juice and milk factory, boutique cheese factory, light engineering and the de-salination plant.

As of 2024, we proudly serve a diverse community of approximately 31,495 residents across 1,735 square kilometres. This includes 815 Aboriginal and Torres Strait Islander peoples, who represent 2.9% of our population and whose culture and contributions are an integral part of our region*.

Our core purpose is to build and maintain essential services and infrastructure for everyone who lives within the Shire of Harvey. This includes roads, parks, libraries, recreation facilities, waste management, planning services, and community development programs that enhance liveability and wellbeing. In addition, we manage a wide range of community spaces and amenities, such as 11 parks and reserves, 12 community venues for hire, the Leschenault Leisure Centre, the Harvey Recreation and

Artwork banner

Cultural Centre, libraries in Australind, Harvey, and Yarloop, two administration buildings in Harvey and Australind, and our operational depot in Harvey.

We are committed to providing services, facilities, and making decisions that support all who live, work, or visit our Shire.

The Shire of Harvey is guided by a Shire President and eight councillors, with 187 permanent staff employed across a range of services. Within these numbers, 8 or 4.27% of our employees identify as Aboriginal or Torres Strait Islander.

Together, we apply our vision "Together, towards an even better lifestyle" and implement the following values in our work:

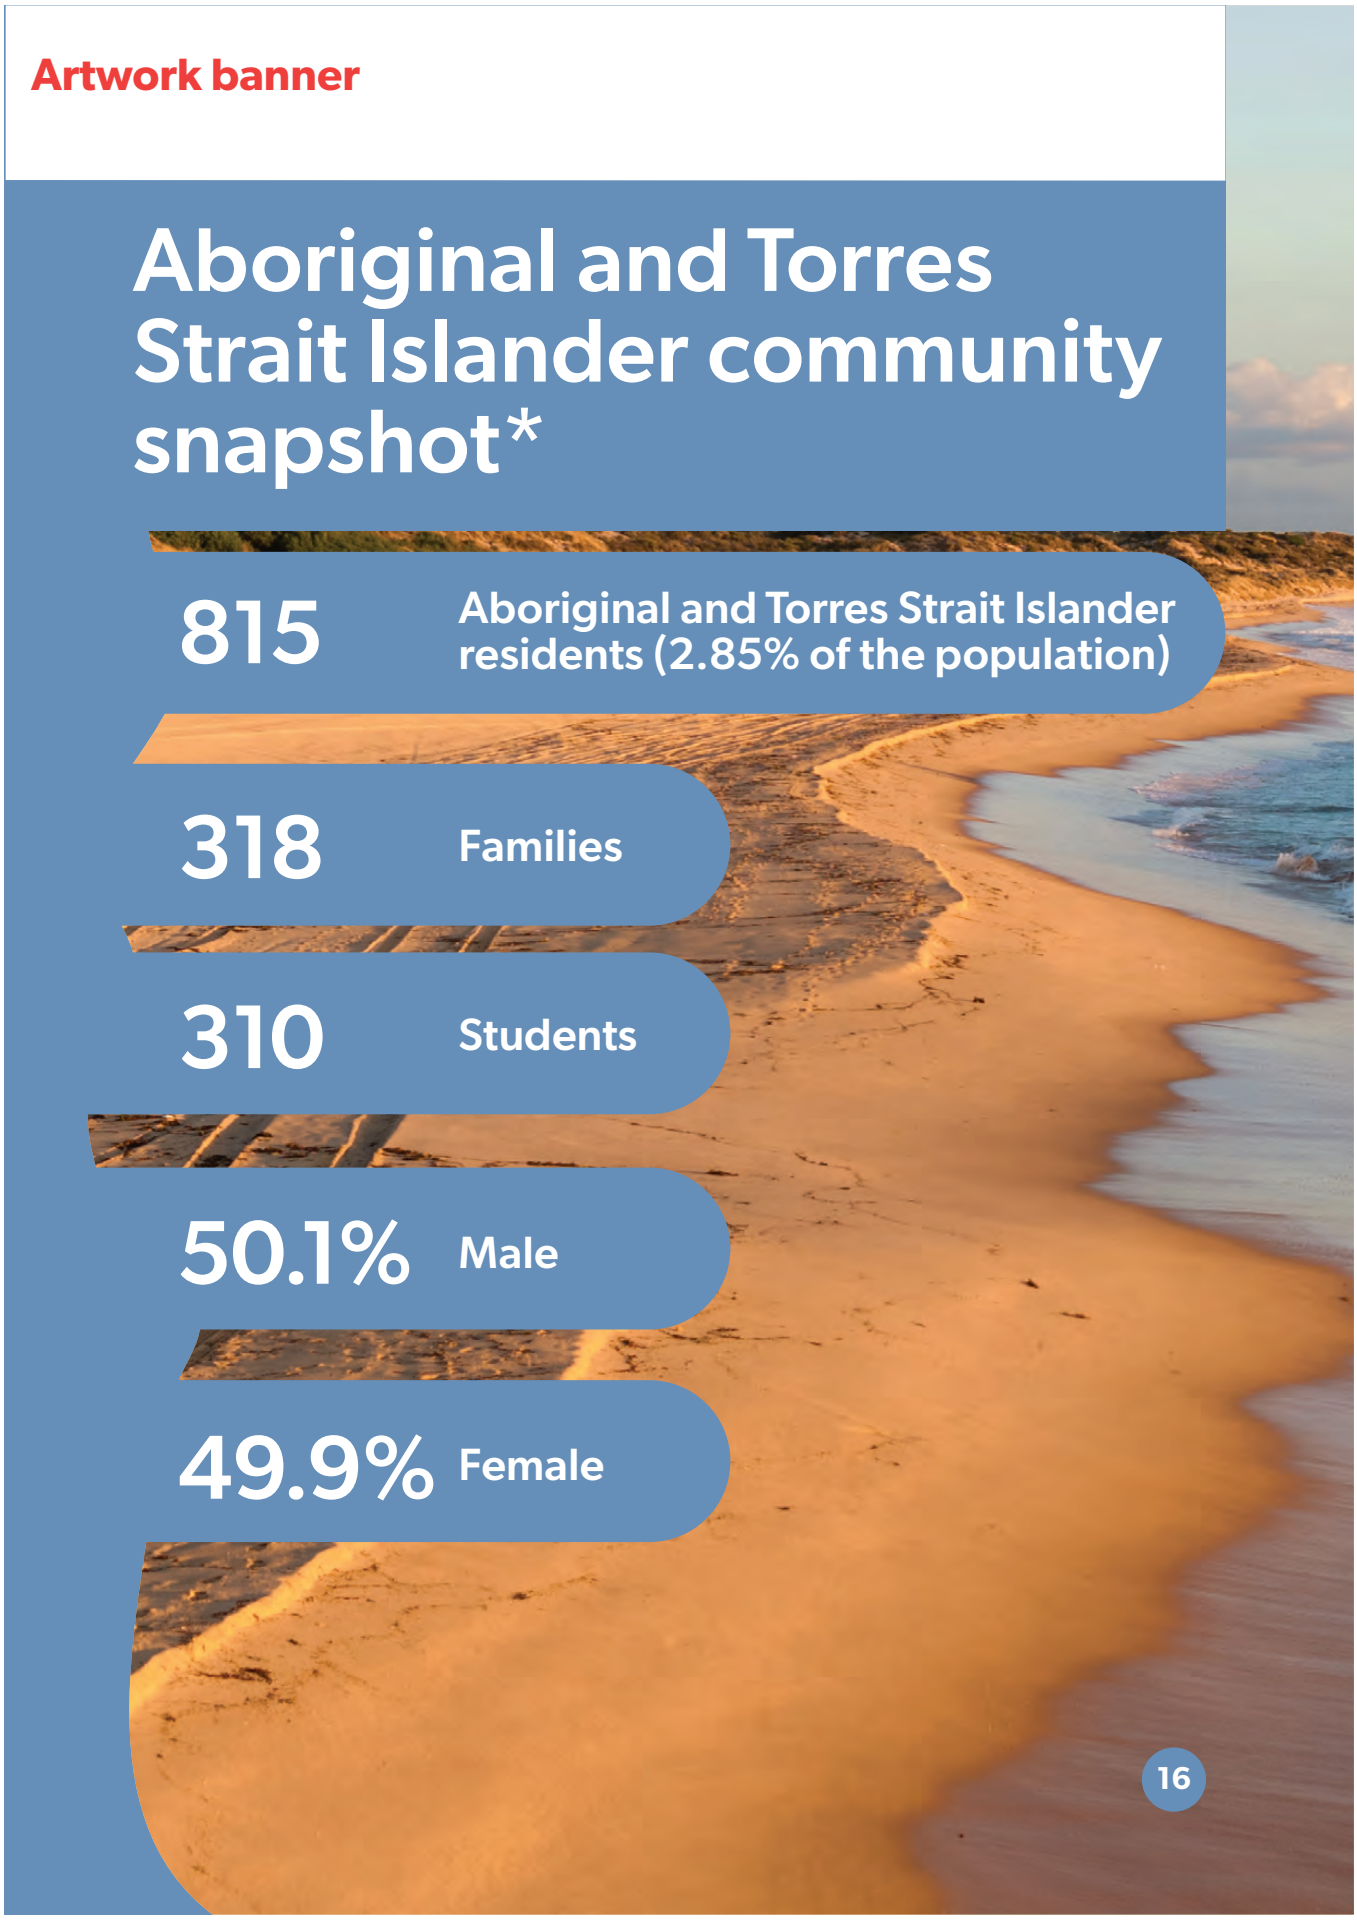

- **Effective stewardship of our environment and heritage**
- **Strong leaders and fair decisions**
- **Effective communication and cooperation**
- **A safe community that has a strong community spirit and sense of belonging**
- **Our heritage – acknowledging our history in creating our future**

Our RAP

The Shire of Harvey is implementing its first Reconciliation Action Plan (RAP) as part of our commitment to fostering respectful relationships and creating meaningful opportunities with Aboriginal and Torres Strait Islander peoples. This RAP provides a framework for embedding reconciliation into our everyday operations and decision-making processes.

Our intention in starting our RAP journey with a Reflect RAP is to strengthen our connections with Aboriginal and Torres Strait Islander communities, allowing us the time to build stronger relationships and understanding, listen to our community and ensure their voices and cultural knowledge inform our planning, programs, and services.

Council's Reflect RAP is a 24-month plan which focuses on:

- **Strengthen relationships and trust while fostering meaningful collaboration with Aboriginal and Torres Strait Islander peoples**
- **Deepen understanding and respect for Aboriginal and Torres Strait Islander histories and cultures, while strengthening connections across the wider Shire of Harvey community.**
- **Recognise and celebrate the unique Bindjareb stories embedded within our local places.**

18

Artwork banner

Ensure cultural safety and continually improve the way we deliver and provide access to Council services and facilities.

Drive better outcomes for Aboriginal and Torres Strait Islander peoples and Council through inclusive procurement, employment, and service practices.

Showcase and celebrate Aboriginal and Torres Strait Islander culture through the arts, in partnership with HRCC and the Shire of Harvey Art Prize.

Promote awareness and participation in National Reconciliation Week and NAIDOC Week.

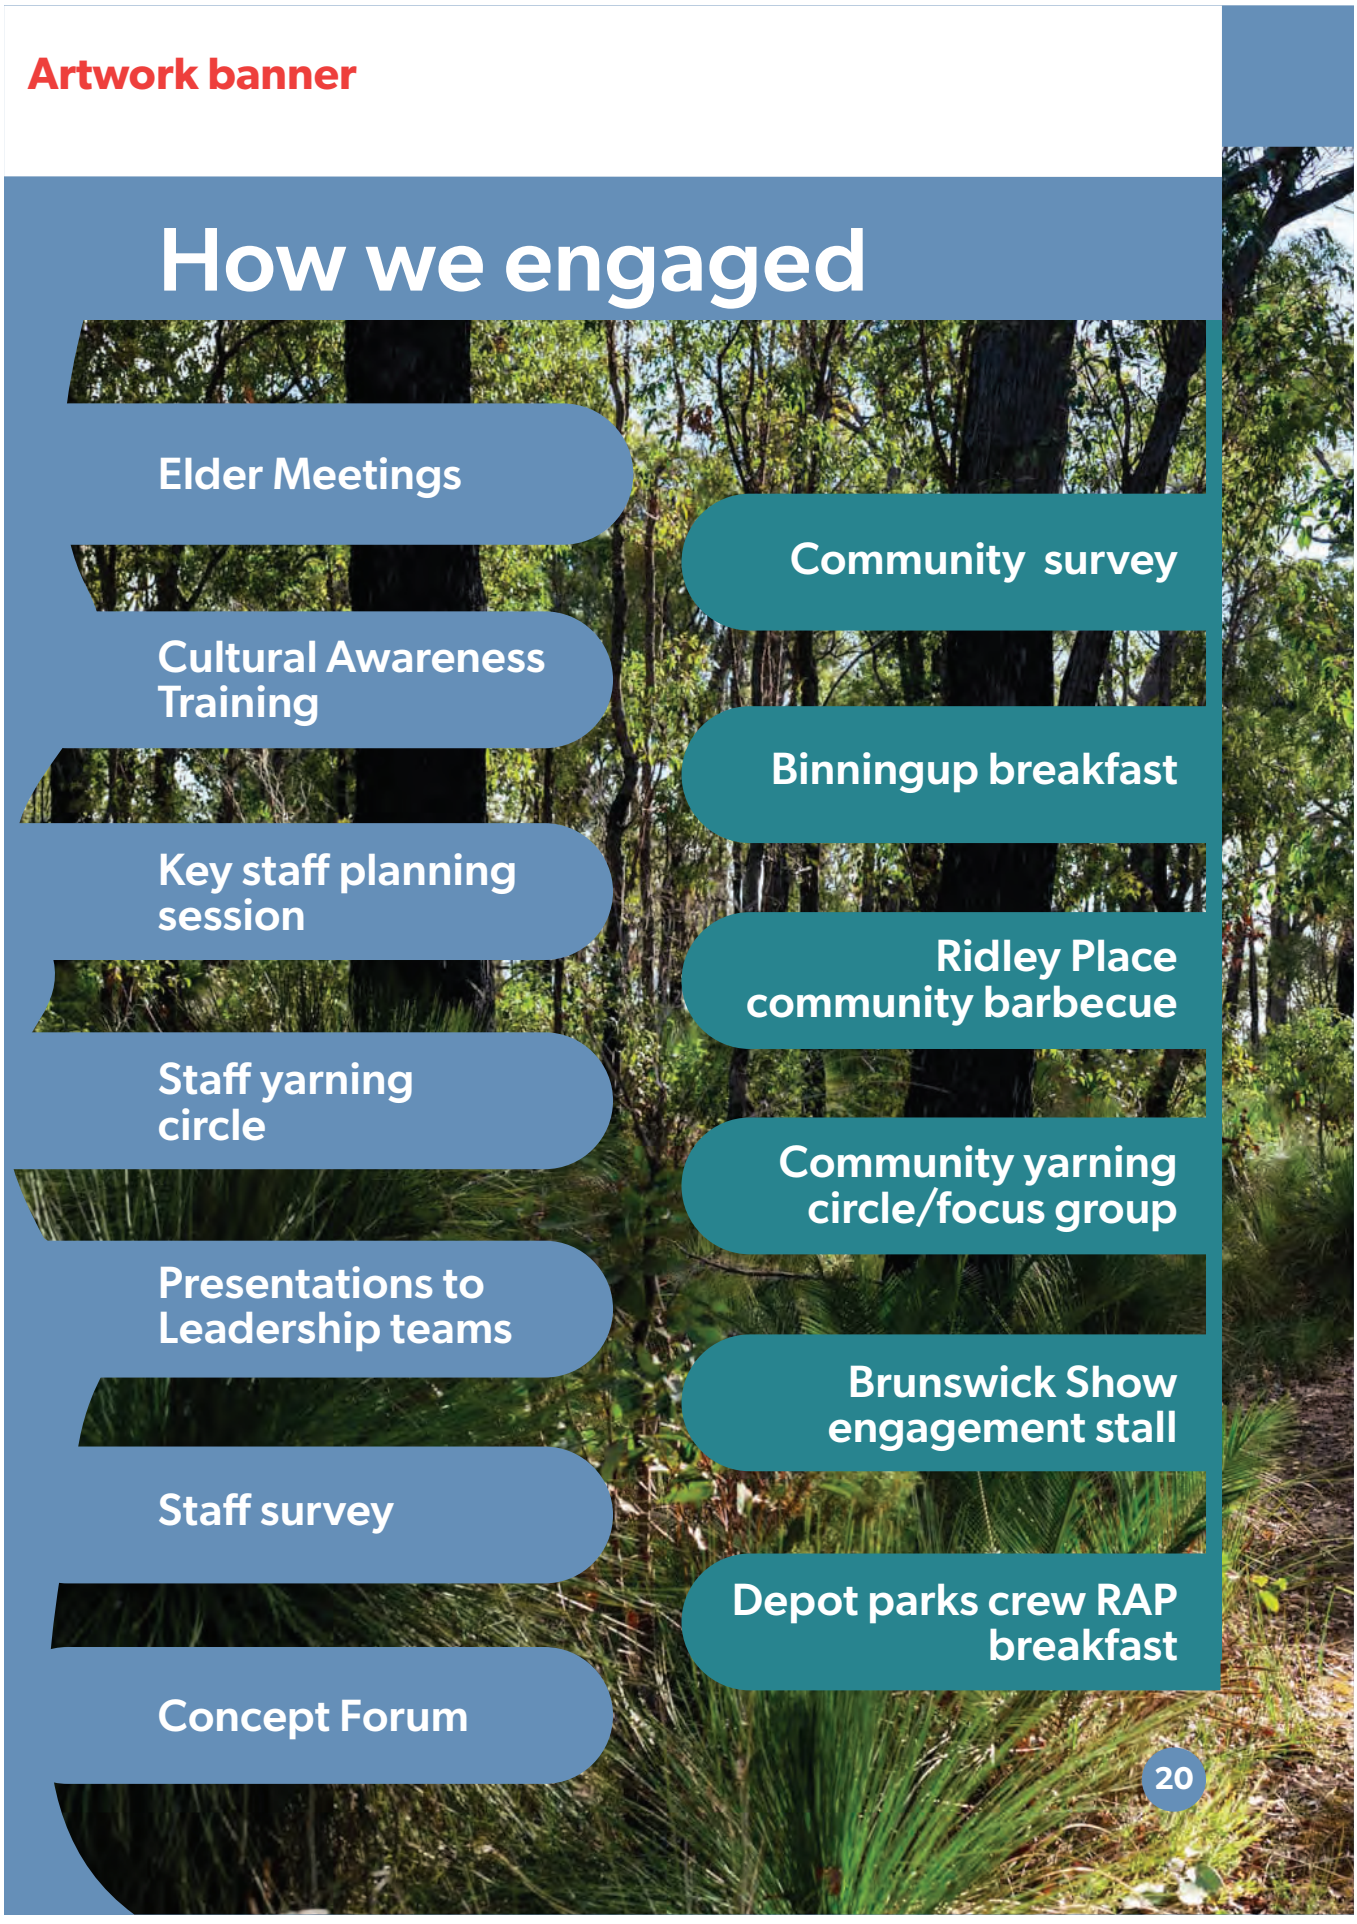

We will approach the implementation of our RAP through collaboration, education, and continuous improvement. This includes forming a RAP Working Group with representation from Aboriginal and non-Aboriginal people within the Shire of Harvey community.

Our RAP will be championed by our Director Community and Lifestyle, who together with the Community Development team and RAP Working Group, will ensure accountability for delivering RAP commitments.

Reconciliation is not a separate initiative, it is something that should be woven into everything we do, enhancing and enriching our work across the board.

19

Artwork banner

Artwork banner

Artwork banner

Our reconciliation activities

Although this is our first formal RAP, the Shire of Harvey has actively engaged with Aboriginal and Torres Strait Islander peoples, including local Binjareb Noongar Elders, Knowledge Holders, and community members through cultural events, partnerships, and community programs.

Welcome to Country

Aboriginal Elders are engaged to perform Welcome to Country at significant events and meetings. An Acknowledgment of Country is incorporated into all citizenship ceremonies, Council meetings, corporate plans, Council website and email signatures.

Aboriginal flags

Aboriginal flags are flown permanently in front of our Harvey and Australind administration buildings, and Harvey library.

WALGA Reconciliation Forum

Sponsored and attended the forum alongside local Elders to strengthen relationships and share knowledge.

Letters of support

Provided numerous letters of support for local Elder-led projects and initiatives.

22

Artwork banner

Interpretive signage

We have memorialised the unique heritage of the Harvey region with interpretive signage at the Danjoo Koorliny Bridge in Treendale. This was created in collaboration with Elder Dennis Jetta OAM and his daughter Cassie Jetta as the artist.

Cultural awareness training

The Shire of Harvey has worked in collaboration with local Aboriginal Elders to deliver cultural awareness training to Councillors, leadership team, staff and local community. Within our Reflect RAP, we are committing to ongoing cultural awareness training for all Councillors, staff and our Reconciliation Action Plan Working Group.

Art exhibition collaboration

Partnered with local Elders and artists to deliver exhibitions celebrating First Nations culture.

On-Country tours

Provided grant funding to Harvey Aboriginal Corporation (HAC) to develop hiking tours that share cultural knowledge.

23

Artwork banner

Yarning sessions

Conversations were hosted at the Brunswick CRC with local Elders to build trust and understanding. Yarning circles have also been held with staff and community members, guided by Elders, to help shape our Reflect RAP.

Supporting NAIDOC Events

Including Harvey Aboriginal Corporation NAIDOC Christmas celebration in December 2025 where local Bindjareb Elders and Community held cultural activities and traditional Aboriginal bush tucker.

Cultural Performances

Harvey Recreation and Cultural Centre incorporating cultural performances yearly featuring Aboriginal and Torres Strait Islander performers and themes.

Supplier engagement

Engagement of Aboriginal and Torres Strait Islander suppliers for events.

Library resources

Harvey and Australind libraries host Aboriginal and Torres Strait Islander themed book displays, craft sessions for children, and local artist spotlights during National Reconciliation Week and NAIDOC Week.

24

Artwork banner

Council planning

Specific actions and deliverables in relation to our local Aboriginal communities have been embedded within Council's planning framework including the Creative Communities Strategy 2027, Access and Inclusion Plan 21-26, and Shire of Harvey Council Plan 25-35. The Shire of Harvey has previously collaborated within the Bunbury Geographe Reconciliation Action Plan 2019.

Reflect RAP

Extensive internal and external engagement has occurred in the development of our Reflect RAP. Face to face engagement included a stall at the 2025 Brunswick Show, free community sausage sizzle at Ridley Place in Australind, executive and senior leadership consultation, conversations with staff, and two yarning circles facilitated by Harvey Aboriginal Corporation (HAC). Approximately 100 responses were received to surveys circulated both internally to the Shire and externally in the community.

Shire of Harvey

Reflect Reconciliation Action Plan

July, 2026 – June, 2028

Acknowledgment of Country

The Shire of Harvey acknowledges the Bindjareb people of the Noongar Nation as the Traditional Custodians of the land and waters across our district. We pay our respects to Elders past and present, whose knowledge, leadership and cultural teachings continue to guide us in understanding how to care for country and people.

For tens of thousands of years, the lands from coast through to the fertile plains, waterways and forests have been places of gathering, learning, ceremony and community. Today, the Shire of Harvey continues to be a place of gathering for Aboriginal and Torres Strait Islander peoples, as well as people from many cultures and nations. Each new community has been welcomed by a landscape that nurtures connection, opportunity and a strong sense of belonging, contributing to the diverse and thriving Shire we know today.

As a local government, the Shire of Harvey is committed to supporting a vibrant, inclusive and connected community. Through our Reconciliation Action Plan, we reaffirm our responsibility to listen deeply, learn from Elders and community, and work in genuine partnership with Bindjareb Noongar people. Our vision for reconciliation encompasses a future where all cultures can learn from one another, walk respectfully together, and celebrate the rich Bindjareb history alongside our shared stories, cultures and aspirations.

We extend this respect to all Aboriginal and Torres Strait Islander peoples who live, work and contribute to the Shire of Harvey today and acknowledge all those who generously shared their knowledge, time and cultural insights in shaping this plan.

About the artist

4

About this document

This document outlines the Shire of Harvey's commitment to reconciliation and the steps we will take to build respectful relationships, deepen understanding, and create meaningful opportunities with Aboriginal and Torres Strait Islander peoples.

What is Reconciliation?

Reconciliation is the ongoing process of strengthening relationships between Aboriginal and Torres Strait Islander peoples and non-Indigenous Australians, to create a stronger, more united community. It is about acknowledging our shared histories, understanding their impacts, and working together to build respect and overcome division and inequality.

A reconciled Australia is one where the rights, cultures, and histories of Aboriginal and Torres Strait Islander peoples are valued, respected, and championed. This journey is not a single act—it requires continuous learning, dialogue, and action. Importantly, it calls on non-Indigenous Australians to take responsibility for their role in creating a more just and inclusive future.

There are five dimensions contributing to reconciliation:

- Race Relations~~Relationships~~: All Australians value and understand the cultures, rights, and experiences of both Aboriginal and Torres Strait Islander peoples and non-Indigenous Australians. This understanding fosters stronger relationships built on trust and respect, and ensures interactions are free from racism and discrimination.
- Equality and Equity: Aboriginal and Torres Strait Islander peoples have equal access to life opportunities and resources, while their unique rights and cultural identities are recognised, respected, and upheld.
- Historical Acceptance: All Australians acknowledge and understand the wrongs of the past and their ongoing impact on Aboriginal and Torres Strait Islander peoples. We commit to making amends for these injustices and ensuring that such policies and practices are never repeated.
- Unity: An Australia where Aboriginal and Torres Strait Islander cultures, histories, and heritage are valued and celebrated as a proud and integral part of our shared national identity.
- Institutional Integrity: Political, business, and community organisations actively champion reconciliation, embedding its principles into their policies, practices, and culture.

Commented [KD1]: This first dimension from the five dimensions is race relations, rather than relationships.

A statement from your senior leader

Chief Executive Officer Annie Riordan

Kaya, (Hello)

Our Reconciliation Action Plan is about laying strong foundations.

It provides a structured framework to pause, learn and embed reconciliation more deeply and consistently across the Shire of Harvey.

The Plan will help us understand where we are starting from, what we are doing well, and where there may be opportunities to develop.

Existing reconciliation initiatives will continue and evolve. We're thrilled to keep hosting annual cultural performances at the Harvey Recreation and Cultural Centre, support Yarning Circle development and uplift Aboriginal and Torres Strait Islander tourism products.

NAIDOC and National Reconciliation Week activities will also remain a priority for the Shire, as will activating spaces for Aboriginal organisations and programs, sharing resources at our libraries and engaging Aboriginal people through traineeships and employment.

The Shire of Harvey is exceptionally proud of our work with the local Bindjareb community, and is excited for this collaboration to continue.

We're also excited to keep sharing and uplifting our shared heritage.

The Harvey Region rests on Bindjareb Country, where Traditional Custodians have walked on, cared for and lived with the land for thousands of years.

This extraordinary history continues to shape the Region we live in today, and guides how we walk forward as a community.

By taking the time to reflect now, we are positioning the Shire of Harvey to build stronger, lasting relationships and a future that increasingly values history, heritage, respect and partnership.

We thank the community for taking this journey with us.

Shire President Michelle Campbell

Wanjoo, (Welcome)

I am delighted to introduce you to the Shire of Harvey's inaugural Reconciliation Action Plan.

Across Australia, reconciliation is an active and growing relationship building movement. It calls on all levels of government, organisations and communities to respect each other, learn from one another and uplift shared histories.

At the Shire of Harvey, we consider this responsibility especially important because local government sits closest to community.

The decisions made every day shape our places, services and relationships. As such, consultation sits at the heart of this Reconciliation Action Plan.

Through listening to Bindjareb voices, Aboriginal organisations, local Elders and the wider community, the Shire has developed a Reconciliation Action Plan that provides a strong, practical framework for reconciliation.

This Reconciliation Action Plan has been guided by what our community has told us matters most and provides a foundation for how we forge stronger relationships, celebrate a deepening cultural understanding and create a stronger, more inclusive Region.

I would like to sincerely thank all community members who contributed their time, knowledge and insight throughout the consultation and development of our Reconciliation Action Plan. In particular, I acknowledge the generosity of our local Aboriginal Elders and community members who shared their experiences, stories and guidance.

Your contributions have been invaluable in helping the Shire of Harvey and Council better understand how reconciliation can be meaningfully progressed at a local level.

This Reconciliation Action Plan marks an important step forward and reinforces our commitment to working in genuine partnership with Aboriginal and Torres Strait Islander communities across the Harvey Region.

The Shire of Harvey Council commits to all actions outlined in the Reconciliation Action Plan. We look forward to listening, learning, promoting a greater understanding, appreciation and awareness of ~~the~~ Aboriginal and Torres Strait Islander cultures, and celebrating our way to an increasingly stronger and inclusive future.

Commented [KD4]: In the line at the top of these statistics it says 2024 and below 2021 - confirming which is correct?

Our RAP

The Shire of Harvey is implementing its first Reconciliation Action Plan (RAP) as part of our commitment to fostering respectful relationships and creating meaningful opportunities with Aboriginal and Torres Strait Islander peoples. This RAP provides a framework for embedding reconciliation into our everyday operations and decision-making processes.

Our intention in starting our RAP journey with a Reflect RAP is to strengthen our connections with Aboriginal and Torres Strait Islander communities, allowing us the time to build stronger relationships and understanding, listen to our community and ensure their voices and cultural knowledge inform our planning, programs, and services.
Council's Reflect RAP is a 24-month plan which focuses on:

- Strengthen relationships and trust while fostering meaningful collaboration with Aboriginal and Torres Strait Islander peoples
- Deepen understanding and respect for Aboriginal and Torres Strait Islander histories and cultures, while strengthening connections across the wider Shire of Harvey community.
- Recognise and celebrate the unique Bindjareb stories embedded within our local places.
- Ensure cultural safety and continually improve the way we deliver and provide access to Council services and facilities.
- Drive better outcomes for Aboriginal and Torres Strait Islander peoples and Council through inclusive procurement, employment, and service practices.
- Showcase and celebrate Aboriginal and Torres Strait Islander culture through the arts, in partnership with HRCC and the Shire of Harvey Art Prize.
- Promote awareness and participation in National Reconciliation Week and NAIDOC Week.

We will approach the implementation of our RAP through collaboration, education, and continuous improvement. This includes forming a RAP Working Group with representation from Aboriginal and non-Aboriginal people within the Shire of Harvey community. Our RAP will be championed by our Director Community and Lifestyle, who together with the Community Development team and RAP Working Group, will ensure accountability for delivering RAP commitments.

Commented [KD5]: Essential: If you have a RAP Working Group in place already, please include some further information about the group and its representatives here

Commented [BR6R5]: We don't currently have a RAPWG

Reconciliation is not a separate initiative, it is something that should be woven into everything we do, enhancing and enriching our work across the board.

How we engaged
Engagement activities will be displayed as a word cloud graphic

- Community survey
- Staff survey
- Ridley Place Community BBQ
- Brunswick Show Engagement Stall
- Binningup Breakfast

- Concept Forum
- SLT Presentation
- ELT Presentation
- Cultural Awareness Training
- Elder Meetings
- Key Staff Planning Session
- Staff Yarning Circle
- Community Yarning Circle/Focus Group

What you said
Survey results will be displayed as a word cloud graphic

- Respect, recognition and acknowledgement
- Truth-telling and historical awareness
- Cultural learning, education, awareness-building and cultural safety
- Relationships, engagement and listening
- Inclusion, unity and equality
- Employment, training and economic opportunities
- Partnerships with Elders, organisations and communities
- Visibility of culture, language and heritage
- Community-led events, gatherings and cultural activities
- Concerns about division, equality and fairness
- Requests for practical, action-based initiatives
- Learning about and following cultural protocols
- Calls for Shire to focus on core services

Commented [KD7]: Great inclusion!

12

- Support for dual naming, signage and cultural sites
- Desire for stronger communication and consultation

Our reconciliation activities

Although this is our first formal RAP, the Shire of Harvey has actively engaged with Aboriginal and Torres Strait Islander peoples, including local Binjareb Noongar Elders, Knowledge Holders, and community members through cultural events, partnerships, and community programs. Some of our key activities include:

Welcome to Country: Aboriginal Elders are engaged to perform Welcome to Country at significant events and meetings. An Acknowledgment of Country is incorporated into all citizenship ceremonies, Council meetings, corporate plans, Council website and email signatures.
Aboriginal Flags: Aboriginal flags are flown permanently in front of our Harvey and Australind administration buildings, and Harvey library.
WALGA Reconciliation Forum: Sponsored and attended the forum alongside local Elders to strengthen relationships and share knowledge.
Interpretive Signage: We have memorialised the unique heritage of the Harvey region with interpretive signage at the Danjoo Koorliny Bridge in Treendale. This was created in collaboration with Elder Dennis Jetta OAM and his daughter Cassie Jetta as the artist.
Letters of Support: Provided numerous letters of support for local Elder-led projects and initiatives.
Art Exhibition Collaboration: Partnered with local Elders and artists to deliver exhibitions celebrating First Nations culture.
Yarning Sessions: Conversations were hosted at the Brunswick CRC with local Elders to build trust and understanding. Yarning circles have also been held with staff and community members, guided by Elders, to help shape our Reflect RAP.
On-Country Tours: Provided grant funding to Harvey Aboriginal Corporation (HAC) to develop hiking tours that share cultural knowledge.
Supporting NAIDOC Events: Including Harvey Aboriginal Corporation NAIDOC Christmas celebration in December 2025 where local Bindjareb Elders and Community held cultural activities and traditional Aboriginal bush tucker.
Cultural Performances: Harvey Recreation and Cultural Centre incorporating cultural performances yearly featuring Aboriginal and Torres Strait Islander performers and themes.
Supplier Engagement: Engagement of Aboriginal and Torres Strait Islander suppliers for events.
Cultural Awareness Training: The Shire of Harvey has worked in collaboration with local Aboriginal Elders to deliver cultural awareness training to Councillors, leadership team, staff and local community. Within our Reflect RAP, we are committing to ongoing cultural awareness training for all Councillors, staff and our Reconciliation Action Plan Working Group.

Library Resources: Harvey and Australind libraries host Aboriginal and Torres Strait Islander themed book displays, craft sessions for children, and local artist spotlights during National Reconciliation Week and NAIDOC Week.

Council Planning: Specific actions and deliverables in relation to our local Aboriginal communities have been embedded within Council's planning framework including the Creative Communities Strategy 2027, Access and Inclusion Plan 21-26, and Shire of Harvey Council Plan 25-35. The Shire of Harvey has previously collaborated within the Bunbury Geographe Reconciliation Action Plan 2019.

Reflect RAP: Extensive internal and external engagement has occurred in the development of our Reflect RAP. Face to face engagement included a stall at the 2025 Brunswick Show, free community sausage sizzle at Ridley Place in Australind, executive and senior leadership consultation, conversations with staff, and two yarning circles facilitated by Harvey Aboriginal Corporation (HAC). Approximately 100 responses were received to surveys circulated both internally to the Shire and externally in the community.

	• Introduce our staff and Councillors to NAIDOC Week by promoting external events in the Shire of Harvey	July 2026 and 2027	Manager Public Relations and Communication
	• RAP Working Group to participate in an external NAIDOC Week event	July 2026 and 2027	Chair of Reconciliation Action Working Group

Opportunities			
Action	**Deliverable**	**Timeline**	**Responsibility**

18

8. Improve employment outcomes by increasing Aboriginal and Torres Strait Islander recruitment, retention and professional development.	• Develop a business case for Aboriginal and Torres Strait Islander employment within our organisation.	January 2028	Manager Community Development, Coordinator Human Resources
	• Build understanding of current Aboriginal and Torres Strait Islander staffing to inform future employment and professional development opportunities.	January 2027 and January 2028	Coordinator Human Resources
9. Increase Aboriginal and Torres Strait Islander supplier diversity to support improved economic and social outcomes.	• Investigate effective procurement strategies for engaging Aboriginal and Torres Strait Islander businesses	January 2028	Manager Governance and Strategy, Manage Finance
	• ~~Support the development of a Yarning Circle in Harvey~~ Partner with Harvey Aboriginal Corporation and Alcoa to build a Yarning Circle that can be used as a space for the facilitation of cultural activities.	July 2026	Manager Economic Development
	• Support the development of Aboriginal and Torres Strait Islander tourism product	~~Annually~~June 2028	Manager Economic Development
	• Support artist development through ~~H~~hosting cultural performances ~~annually~~ at HRCC	~~Annually~~June 2028	Manager HRCC
	• Continue to promote Shire of Harvey community funding opportunities to Aboriginal and Torres Strait Islander organisations	July 2026	Manager Community Development

Commented [KD9]: Essential: Please ensure the link to the action is clear here - how do these Yarning Circles support supplier diversity?

Commented [BR10R9]: Harvey Aboriginal corp will be running activities to generate revenue as well as showcase culture at the site

Commented [KD11]: Essential: Please include a month here too

Commented [BR12R11]: This will be done on an ongoing basis during the life of the RAP

Commented [KD15]: Essential: Please include a month here too

Commented [BR16R15]: There will be ongoing performances at HRCC over the life of the RAP but we don't have specific dates set yet.

Commented [KD13]: Suggested: This commitment could sit under this action if the focus is on supporting businesses to undertake these cultural performances, otherwise it could also sit in the Respect section (depending on key focus)

Commented [BR14R13]: The main focus of this project is artist development

19

	• Continue to promote Boola Bidi (Harvey Aboriginal Corporation) and Woolkabunning Kiaka (Roelands Village) through the Harvey Region website and relevant channels	July 2026	Manager Economic Development
	• Develop a business case for procurement from Aboriginal and Torres Strait Islander owned businesses.	January 2028	Manager Governance and HR Manage Finance
	• Investigate Supply Nation membership	January 2028	Manager Finance

Governance			
Action	**Deliverable**	**Timeline**	**Responsibility**

20

10. Establish and maintain an effective RAP Working Group (RWG) to drive governance of the RAP.	• Maintain a RWG to oversee RAP implementation.	July 2026	Manager Community Development
	• Review and maintain the Terms of Reference for the RWG.	June 2027 and 2028	Manager Community Development
	• Maintain Aboriginal and Torres Strait Islander representation on the RWG.	July 2026	Manager Community Development
11. Provide appropriate support for effective implementation of RAP commitments.	• Define resource needs for RAP implementation and submit budget allocations to Council for approval or grant funding where appropriate. .	July 2026	Manager Community Development
	• Engage local Elders to ensure appropriate cultural protocols are followed	July 2026	Manager Community Development
	• Engage senior leaders and staff in the delivery of RAP commitments.	July 2026	Chief Executive Officer
	• The Director of Community and Lifestyle has been appointed as the Shire's RAP Champion and will advocate for reconciliation, ensuring staff and Councillors remain actively engaged throughout the process.	July 2026	Chief Executive Officer, Shire President
	• Define appropriate systems and capability to track, measure and report on RAP commitments.	July 2026	Manager Community Development
12. Build accountability and transparency through reporting RAP achievements, challenges and learnings both internally and externally.	• Contact Reconciliation Australia to verify that our primary and secondary contact details are up to date, to ensure we do not miss out on important RAP correspondence.	June 2027 and 2028	Manager Community Development
	• Complete and submit the annual RAP Impact Survey to Reconciliation Australia.	30 September 2026 and 2027	Manager Community Development

21

	• Communicate our RAP progress to internal and external stakeholders	July 2026	Manager Community Development
13. Continue our reconciliation journey by developing our next RAP.	• Commence development of next RAP	October 2027	Manager Community Development
	• Register via Reconciliation Australia's website to begin developing our next RAP.	January 2028	Manager Community Development

For public enquiries about our RAP please contact

Terms of Reference – Reconciliation Action Plan Working Group

1. Role of the Group

The RAP Working Group (RAPWG) is established to guide and support the Shire of Harvey in the development, implementation, and monitoring of its Reconciliation Action Plan (RAP). The RAPWG provides advice, cultural guidance, and recommendations to ensure the RAP is meaningful, inclusive, and aligned with Reconciliation Australia's framework.

2. Objectives of the Group

- Provide advice on the development, implementation, and evaluation of the Shire's RAP.
- Strengthen relationships between the Shire, Aboriginal and Torres Strait Islander peoples, and the wider community.
- Ensure Aboriginal voices and cultural perspectives are embedded in decision-making.
- Support culturally safe and respectful community engagement.
- Assist the Shire to prioritise practical and achievable reconciliation actions.
- Build staff and community awareness of Aboriginal culture and reconciliation

3. Membership

3.1. Shire Officers

- One Primary Elected Member
- One Deputy Elected Member
- Shire of Harvey RAP Champion
- Manager of Community Development
- Community Development Officer
- Aboriginal Trainee

3.2. Community Representatives

- Up to six Noongar community representatives

DRAFT

- Up to four other community representatives with a strong interest in reconciliation.

We will actively encourage and support Elders to participate in this process and will give preference to their involvement wherever possible. We acknowledge and respect the significant role of Elders in Aboriginal and Torres Strait Islander communities. Elders are the cultural knowledge holders, leaders, and teachers who guide community with wisdom, lived experience, and connection to Country. Their voices are vital in ensuring that decisions, actions, and programs reflect cultural values, traditions, and community priorities.

3.3. Term of Membership

- Community representatives will be appointed for a one-year term, with the option for reappointment.
- Membership will be reviewed periodically to ensure diversity of representation.

3.4. Selection Criteria

- Commitment to reconciliation and cultural respect.
- Knowledge or lived experience relevant to Aboriginal and Torres Strait Islander communities.
- Connection to Binjareb Country
- Ability to actively participate in meetings and contribute to RAP priorities.
- Commitment to serve for a minimum one-year term.

4. Meetings

- Meetings will be held as on a quarterly basis
- Extraordinary meetings will be called on occasion
- Minutes will be recorded and distributed to all members within four weeks of the meeting.
- Non-members may be invited to attend to provide advice or input on specific topics
- The RAP Champion will facilitate the meetings.

4.1. Code of Conduct

All members must agree to:

- Treat others with respect and professionalism.
- Maintain confidentiality of discussions.
- Act in the best interests of the community.

If a conflict arises within the Group, the following process will be followed:

4.1.1. Addressing the Issue Informally:

- Members involved in the conflict are encouraged to address the issue directly and respectfully with one another to seek an informal resolution.

4.1.2. Facilitation by the Chairperson:

- If the conflict cannot be resolved informally, the Chairperson will mediate discussions between the parties to find a mutually acceptable solution.
- The Chairperson will ensure the discussion is conducted respectfully, focusing on the group's objectives.

4.1.3. Referral to the Director Community and Lifestyle:

- If the issue remains unresolved, it will be referred to the Director Community and Lifestyle for further mediation.
- The Director Community and Lifestyle will review the matter, facilitate discussions, and recommend a course of action.

4.1.4. Escalation to an external mediator:

- In cases where the conflict cannot be resolved through internal mediation, the issue may be escalated to an external mediator.

5. Strategic objective

The Awards and Honours Advisory Group aligns with the following strategic objectives**:**

	**People** A safe, accessible and connected community where everyone has the opportunity to contribute and belong.
	**Planet** A natural environment that is highly valued, protected and enjoyed.
	**Place** A liveable, sustainable and well-designed built environment that is accessible to all.
	**Prosperity** A diversified and thriving economy that offers a wide range of business and work opportunities as well as consumer choice.
	**Performance** A representative leadership that is future thinking, transparent and accountable.

Policy 3.1.1 – Awards and Honours

1. Policy purpose

To provide a framework for the Shire of Harvey's community awards and Australia Day Awards.

2. Policy scope

This policy applies to the Shire's annual Awards and Honours program, the Australia Day Awards and any other awards that the Shire may wish to bestow on individuals or community organisations.

3. Policy

3.1. Freeman of the Shire

- The title "Freeman of the Shire" is the highest honour that the Shire of Harvey can bestow on any person.
- This honour is to recognise and acknowledge the exceptional contributions made by the individual to the community as a representative of Local Government and/or longstanding involvement in the community and/or community service organisations.
- The conferring of the title of 'Freeman of the Shire' on a person does not grant that person any right or privilege other than that of:
    - Permitting that person to designate themselves by the title so conferred.
    - Being invited to attend appropriate Council functions.

3.2. Shire of Harvey Community Awards Program

- The Shire's annual Community Awards Program aims to acknowledge and celebrate the significant contributions made by individual residents and community organisations to their communities.
- The Shire's Awards and Honours Advisory Group shall meet each year to assess nominations received for the community awards program.
- Community Awards shall be presented at an annual function to be held on a rotational basis in the Shire's main towns.

Awards categories are as follows:

- **Meritorious Service Award**

  This award is presented to a Shire of Harvey resident who has shown exemplary conduct and made an exceptional contribution to his/her community.

  As a guide, Meritorious Service Awards may be considered for persons who have made an outstanding contribution to one or more community organisations for a minimum period of 10 years.

- **Appreciation Awards**

  Appreciation Awards may be awarded to Shire of Harvey residents who have made a significant contribution to their local community for a minimum period of three years.

- **Community Spirit Award**

  Celebrate groups, events, or individuals fostering community connection and inclusivity.

- **Sporting Excellence Award**

  Celebrate individuals or teams contributing to the sports community.

3.3. Community Citizen of the Year Australia Day Awards

- The Shire's Awards and Honours Advisory Group shall meet each year to assess nominations received under the Community Citizen of the Year Australia Day Awards program.
- Nominations will be considered in the following categories:
  - Community Citizen of the Year Award
  - Senior Community Citizen of the Year Award
  - Young Community Citizen of the Year Award
  - Active Citizen of the Year Award (community group or event).
- The Shire will notify event organisers of award recipients but otherwise this information shall be embargoed until the presentation of the awards.
- Awards shall be presented at Australia Day functions held in the Shire's main towns by an Elected member or Chairs of the Town's Breakfast Organising Committee.

3.4. Other Awards and Prizes

In special circumstances the Shire may recognise an outstanding contribution made by an individual member of the community that is separate from the Shire of Harvey Community Awards Program or the Community Citizen of the Year Australia Day Awards.

The Shire's Awards and Honours Advisory Group shall meet to consider any such proposals and make a recommendation to Council.

3.5. Eligibility

- Nominees for selection must ordinarily be (living) residents of the Shire of Harvey and have given distinguished service to the community.
- A person must first be nominated to be considered for the awards. Self-nominations are not accepted.
- Current elected members or staff of State and Federal Government, and the Shire of Harvey are not eligible.
- Nominations must be apolitical in nature.
- Late entries will not be accepted.

3.6. Selection process

3.6.1. Shire of Harvey Community Awards Program

- The nomination period for Shire of Harvey community awards is open for six weeks, from 1 March to 15 April.
- Nominations are sent to the Shire's Awards and Honours Advisory Group for judging before being considered at the May Ordinary Council Meeting.
- Nominations must be made by someone other than the award nominee and should clearly stipulate the contributions the individual or group has made in the award category.
- Nominations should be completed using the online nomination form.

3.6.2. Community Citizen of the Year Australia Day Awards

- Nominations for Community Citizen of the Year Australia Day Awards are open year-round.
- The cutoff date for the following year is the 31 October. Nominations must be submitted directly to Auspire – Australia Day Council WA.
- Auspire then provide nominations to the Shire of Harvey, with consideration and selection carried out by the Shire's Awards and Honours Advisory Group.
- Recommendations are presented as a Confidential item at the November Ordinary Council Meeting.

3.6.3. All nominations

- The Shire's Awards and Honours Advisory Group will consider all nominations received and will allocate the most appropriate honour or award to the individual(s) or group(s), based on the nomination received and, in order to complete its evaluation may make confidential enquiries and seek further information about the nominee.
- Throughout the nomination process, including the deliberations of the Shire's Awards

and Honours Advisory Group, strict confidentiality will be observed and should also be observed by nominators alike.

4. Strategic objective

This policy aligns with the following strategic objective:

	**Connected communities** A connected community is resilient. People have opportunities to come together and celebrate success and to support one another in creating a sense of safety, well –being and belonging.

- Late entries will not be accepted.

3.5. Selection process

3.6.1. Community Citizen of the Year Australia Day Awards

- Nominations for Community Citizen of the Year Australia Day Awards are open year-round.
- The cutoff date for the following year is the 31 October. Nominations must be submitted directly to Auspire – Australia Day Council WA.
- Auspire then provide nominations to the Shire of Harvey, with consideration and selection carried out by the Shire's Awards and Honours Advisory Group.
- Recommendations are presented as a Confidential item at the November Ordinary Council Meeting.

3.6.2. All nominations

- The Shire's Awards and Honours Advisory Group will consider all nominations received and will allocate the most appropriate honour or award to the individual(s) or group(s), based on the nomination received and, in order to complete its evaluation may make confidential enquiries and seek further information about the nominee.
- Throughout the nomination process, including the deliberations of the Shire's Awards and Honours Advisory Group, strict confidentiality will be observed and should also be observed by nominators alike.

4. Strategic objective

This policy aligns with the following strategic objective:

	**People** A safe, accessible and connected community where everyone has the opportunity to contribute and belong.
	**Performance** A representative leadership that is future thinking, transparent and accountable.

GOVERNMENT OF WESTERN AUSTRALIA

Local Government Act Review

LOCAL GOVERNMENTS FOR THE FUTURE

INFORMATION SHEET

Administrative efficiencies policy position

The consultation paper for phase one of the Western Australian Local Government Act Review addressed a number of key areas required for reform, including finding ways to reduce red tape through administrative efficiencies. The consultation process included a four month public submission period and workshops in 15 locations across the State.

This information sheet outlines what we heard during the consultation period about reducing red tape and identifying more efficient ways of doing business. It also outlines the new policy direction the Government intends to take based on this information.

Why we consulted

Modern organisations must strike a delicate balance between oversight and red tape. Accountability measures that go too far can become regulatory burdens that create unnecessary costs that outweigh their compliance benefits.

A goal of effective regulation is to impose the least amount of resistance to activity for the lowest cost possible, while providing a governance framework to prevent or reduce the number, or seriousness, of issues in a timely manner.

What we consulted on

The consultation paper put forward some proposals and asked for other suggestions of where it may be possible to reduce red tape.

What we heard

Special majority

The rules concerning special majorities currently apply to just 18 of the State's local governments, and they are only required when changing the method of filling the office of Mayor or President. This means a special majority is required very infrequently and by only a few local governments.

Over 90% of submissions received were in support of removing the requirement. The majority of the other 10% were from local government districts where the section does not currently apply.

New direction

The special majority requirement will be removed from the Act.

Designated senior employees

A local government may designate employees to be senior employees. Currently, local government CEOs are required to inform the council of a proposal to employ or dismiss a senior employee. The council may accept or reject the CEO's recommendation but if council rejects the recommendation it must provide reasons for doing so.

The separation of powers and clear delineation of roles is fundamental to local government and removing potential sources of confusion is strongly supported. The rules concerning designated senior employees run counter to the underlying principles of the Act that council is responsible for strategic direction, while the CEO is responsible for day-to-day operations, including workforce management.

New direction

The requirements relating to designating senior employees will be removed from the Act.

Appointment of authorised persons

Currently there are over 100 pieces of legislation that refer to local government within the State. A number of these provide local governments with a power to authorise local government employees to exercise powers under the legislation.

Each piece of legislation has different procedures to authorise the person. These differences lead to confusion and at times appointments are made incorrectly.

To minimise these issues consistency will be provided in the appointment of authorised persons across a number of pieces of legislation. The CEO will be given the power to appoint authorised persons. The authorised person will be issued with a photographic identification card and that card will list the pieces of legislation which provides the person with powers. In this way only a single card will need to be carried by the authorised person.

The Department of Local Government, Sport and Cultural Industries will work with other agencies to introduce these changes in other pieces of legislation affecting local governments.

Harmonisation of evidence provisions

The *Local Government Act 1995* states that the *Evidence Act 1906* applies with some additional provisions relating to business records. In 2001 the Evidence Act was amended and these additional provisions are no longer required.

New direction

Some evidence provisions will be removed from the Local Government Act.

Vision for the future

These changes will be the beginning of the process to improve administrative efficiencies for local governments.

Many other suggestions were put forward in response to the first consultation paper. These are being further investigated and will form part of the phase two amendments.

These changes, while small, will assist local governments in being smart, agile and inclusive.
