Name	Audit, Risk and Improvement Committee (ARIC)		
Responsible Division	<u>Governance</u>		
Administrative Support	<u>Senior Governance Officer</u>		
Council Adoption Date		Version Number	<u>32.0</u>
Amendment Dates		Next Review Date	

1. Role of the Committee

- 1.1. The *Local Government Act 1995* (Act) requires that all local governments establish an Audit, Risk and Improvement Committee ("the Committee"). Section 7 of the Act outlines the framework for the ARIC.
- 1.2. The Committee plays a key role in assisting the Shire of Harvey to fulfil its governance and oversight responsibilities in relation to:
 - Financial reporting
 - Internal control structure
 - Risk management systems
 - Legislative compliance
 - Ethical accountability
 - Continuous improvement of systems and procedures
 - Audit functions

2. Objectives of the Committee

- 2.1. The primary objective of the Committee is to accept responsibility for the annual audit and liaise with the Auditor General so that Council can be satisfied with the performance of the local government in managing its financial affairs.
- 2.2. The ARIC is to guide and assist the Shire of Harvey in determining:
 - a) The credibility and objectivity of financial reporting
 - b) The effective management of financial and other risks to protect Council assets
 - c) Compliance with laws and regulations as well as use of best practice guidelines relative to audit, risk management, internal control and legislative compliance
 - d) The provision of an effective means of communication between the auditor, the CEO and Council.

3. Powers of the Committee

- 3.1. The Committee is a formally appointed Committee of Council and is responsible to that body. The Committee does not have executive powers or authority to implement actions in areas over which the CEO has legislative responsibility and does not have any delegated financial responsibility. The Committee does not have any management functions and cannot involve itself in management processes or procedures.

Terms of Reference

3.2. The Committee is to report to Council and provide appropriate advice and recommendations on matters relevant to its term of reference. This is to facilitate informed decision-making by Council in relation to the legislative functions and duties of the local government that have not been delegated to the CEO.

3.3. The Committee has the authority to:

- a) Review the auditor's annual audit plans and the outcomes/results of all audits undertaken
- b) Receive and review compliance audit returns
- c) Request the CEO to seek information or advice in relation to matters considered by the Committee
- d) Formally meet with the auditors as necessary
- e) Make recommendations to Council with regards to matters within its scope of responsibility.

4. Membership of the Committee

- 4.1. The Committee must be chaired by an Independent Presiding Member.
- 4.2. ~~Council may~~ also appoint an Independent Deputy Presiding Member or an Independent Deputy of the Presiding Member.
- 4.3. ~~Both Any~~ Independent ~~and Deputy Presiding~~ Member positionss cannot be Council Members.
- 4.4. The Committee will consist of six elected members and one deputy.
- 4.5. All members shall have full voting rights.

5. Meetings of the Committee

- 5.1. The Committee shall meet at least quarterly.
- 5.2. Additional meetings may be convened by the Chair as required to discharge the Committee's functions, including at the request of the Chief Executive Officer or Council.
- 5.3. The Committee meetings will be open to the public, however, can be closed for specific items relating to legal advice, audit findings or other commercial in confidence matters.
- 5.4. Elected Members may attend each Committee meeting.

6. Reporting of the Committee

- 6.1. Reports and recommendations of each Committee meeting shall be presented to the next ordinary meeting of the Council.
- 6.2. Compliance Audit Returns
- 6.3. Regulation 17 internal review reports

7. Duties and Responsibilities

- 7.1. In addition to the functions listed in the *Local Government Act 1995 Part 7* and Local Government (Audit) Regulations 1996, section 16, the Role and Responsibilities of the Committee include:
 - a) **External Audits** (the Auditor General will be responsible for conducting external audits)
 - (a) Provide guidance and assistance to Council as to the carrying out of the functions of the Shire in relation to audits.

Terms of Reference

- (b) Meet with the auditors to discuss any matters that the Committee or the auditors believe should be discussed.
 - (c) Meet with the Office of Auditor General annually to receive the audit report and make a recommendation to Council with respect to that report.
 - (d) Examine the reports of the auditor after receiving a report from the CEO on the matters to:
 - (i) Determine if any matters raised require action to be taken by the Shire
 - (ii) Ensure that appropriate action is taken in respect of those matters.
 - (e) Review the report prepared by the CEO on any actions taken in respect of any matters raised in the report of the auditor and presenting the report to Council for adoption.
 - (f) Consider and recommend adoption of the Annual Report to Council.
 - (g) Seek information or obtain expert advice through the CEO on matters of concern within the scope of the Committee's terms of reference.
 - (h) Address issues brought to the attention of the Committee, including responding to requests from Council for advice that is within the parameters of the Committee's terms of reference.
- b) **Other**
- (a) Review the annual Compliance Audit Return and report to the Council the results of that review - *Local Government Act 1995* section 7.13 (1)(i).
 - (b) Consider the CEO's Biennial Reviews of the appropriateness and effectiveness of the Shire's systems and procedures in regard to risk management, internal control and legislative compliance, required to be provided to the Committee, and report to the Council the results of those reviews - *Local Government (Audit) Regulations 1996 Reg 17*.
 - (c) Consider the financial management systems and procedures as per - s.5(2) Local Government (Financial Management) Regulations 1996 within the statutory timeframe and report to the Council the results of the reviews.
- c) **Risk Management**
- (a) Ensure that management has in place a current and comprehensive enterprise Risk Management Framework and associated procedures for effective identification and management of Shire's business and financial risks.
 - (b) Determine whether a sound and effective approach has been followed in managing Shire's major risks including those associated with individual projects, program implementation, and activities.
 - (c) Ensure that the Shire identifies, reviews and regularly updates the strategic and operational risk profiles.

Terms of Reference

- (d) Understand and endorse the Shire's risk appetite.
- (e) Oversee the periodic review of the Risk Management Framework.

8. Legislation

- 8.1. The *Local Government Act 1995, Part 7*,
- 8.2. *Local Government Amendment Act 2024*
- 8.3. Local Government (Audit) Regulations 1996 (as amended, effective 1 January 2026)

9. Relevant Council Policy

- 9.1. Council Policy – 2.1.3 Risk Management.

10. Other Relevant Procedures/ Key Documents

- 10.1. There are no other procedures or documents relevant to this Terms of Reference.

Good evening Brenton,

Here is the information requested regarding 147 Korijekup Ave, Harvey.
Please see the attached aerial plan with updated meter measurements.

Regarding the 2x skel trailers and 3x dollies that are currently parked out of the proposed equipment area, they are only there temporarily as we don't use them much at the moment, and we are waiting for the approval from the council for the gravel to go down, so we don't have to dig equipment around in the weather affected areas any more than we have to. Once this is finally approved then we will move everything into the aforementioned measured area.

Regarding the estimated vehicle movements, I'm working on an average over a 4 week period. Sometimes we might not move the trucks at all, or it might be 2x per week, 4x per week or 10x per week, it depends on when the jobs come in. Unfortunately, that is not something we are able to give a fixed number on, as I imagine you can understand. Considering we are also on a main transport route to Harvey Beef and Harvey township; there are multiple truck movements from other companies per day that also go well into the nighttime.

In regard to the land use, we are currently grazing cattle on the property as was originally planned and will continue to do so for the foreseeable future (pics also attached). I am also in the process of getting new stockyards.

If you have any queries, please don't hesitate to contact me.

Regards,

Ian Hines

Afternoon Brenton,

Sorry for the delayed reply

The parking area will be gravelled with 200mm of sand-based gravel, the same as how the driveway has been done. This allows for adequate drainage of water through the gravel to the natural soil below, as to not create water runoff into the water catchment system outside the property boundary. Additionally, the pasture has previously been set up for irrigation and all water that falls onto the property is retained within its current boundaries without ponding or stagnating waters.

Regarding dust suppression, we will be spraying the yard once yearly with a product called (DUST IT), which is an environmentally friendly product that binds small particles together to allow flexibility in the soil and still allow water to pass through without pooling on the surface. It has no effect on vegetation or wildlife.

Hopefully, this can help with your process of our application and in doing so solidifying our business and place in our community of Harvey.

Subject: FW: Retrospective application: Lot 135 (#147) Korijekup Avenue, Harvey

Good morning Andrew,

I appreciate your help with this.

Please find the **Developmental Approval Form** and **Site Plans** (one is for the equipment parking, and one is the fencelines and future trees to be planted) attached and the rest of the information below.

Types of commercial vehicles including forklifts and tractors:

- 4x Prime Movers - 2 of which are on Cocos Island.
- 2x Restoration Prime Movers (collectable trucks - not roadworthy or registered).

- 1x Forklift.
- 1x 50t Float.
- 13x various trailers.
- 6x dollies.

Number of workers:

- 3 full-time drivers.
- 1x casual driver.
- 1x Office worker.

Hours of operation:

Our hours of operation are not specific, as we work as sub-contractors, but as previously stated we are very conscious about not working too early or too late as to where it would be a nuisance to neighbours (6pm-6am).

Please show if there are fuel and oils stored on site:

We do not keep any fuel or oil stored on site in large amounts. At no point is there no more than 4x 20L drums of engine oil.

Fire mitigation strategy:

Fire breaks as per council regulations.

Wash down areas:

At this point in time there are no wash down facilities (and we're getting the trucks washed at a off location professional truck wash) - however we do have plans to put a wash bay in, but we will be in contact with you when we plan to do that.

Number and timings of truck movements and entry and exit points.

Again, hours are not specific, but no truck movements between 6pm-6am. As for movements for the prime movers, as the majority of our work is going north of Perth, trucks can be away for 1-2 weeks at a time, sometimes more, however we estimate 5x movements per week maximum from the yard, if that.

Entry and exit points will be the same gate located on and exit and entrance onto Korijekup Ave.

Regards,

Ian Hines

General Manager

2. Nearby landowner (ED26901711)	Objection 1. The area is not zoned industrial, therefore this would be a non-conforming use. 2. The gear is in poor quality and will likely impact visual amenity. 3. The vehicle movements proposed would indicate a non-viable business. 4. Safety is a concern.	1. The proposed use 'Transport Depot' is an 'A' use in the Priority Agriculture zone and would not be considered non-conforming if approved. 2. Vegetation screening is proposed and would be conditioned in order to mitigate impacts on visual amenity. 3. The viability of the business is not a relevant planning consideration. 4. Noted.
3. Nearby landowner (ED26902914)	Objection; 1. No Objection to the use of prime movers from the property. 2. Objection to unlicensed trucks and trailers being stored and looking like a wrecking yard.	1. Noted. 2. Vegetation screening is proposed and would be conditioned in order to mitigate impacts on visual amenity.
4. Nearby landowner (ED26904329)	Support. No comments	Noted
5. Nearby landowner (ED26929946)	Objection. 1. The property and surrounding ones are zoned Priority Agriculture, meaning land meant for farming and agricultural activities. A Transport Depot belongs in an industrial area, as it does not contribute to either of these activities, but also reduces the amount of land available to do so. It also opens the door for any property within this zone to be used for this purpose. 2. Safety concerns, as there is a pre-existing school bus stop in front of the property that is used by 2 separate buses morning and afternoon. 3. An increase in noise pollution from heavy truck movements, that even during the proposed operating hours will cause disruptions. Like many others surrounding the property, we have family members who are shift workers that sleep during the day.	1. The proposed use 'Transport Depot' is an 'A' use in the Priority Agriculture zone as such it is land use that the can be considered. Therefore, this would also not set a new precedent for the use in this zone, as it can already be considered. 2. The Applicant has advised that, as a worst-case scenario, there would be ten vehicle movements in total per week. This amount would likely have a negligible impact on vehicle safety. 3. Based on the anticipated vehicle movements, the additional noise generated will not be significant nor inconsistent with the rural amenity of the area. Vehicle movements are proposed to be restricted to between 6am and 6pm to mitigate any noise impacts. 4. The application can only be assessed on what is currently proposed without speculation on future use of the site.

Submitter	Submission	Officer Comments
	4. The potential to increase truck movements incrementally in the future. 5. The ground is prone to waterlogging in winter. Will a base also have to be laid? If so, there will be an increase in dust, especially with the easterly winds which are frequent in summer. 6. The potential for fuel, oil, chemical spills and truck wash down water to contaminate waterways. There is a stormwater run-off drain at the back of the property.	5. The parking area will be sand-based gravel to prevent degradation of the land and allow for containment of stormwater onsite. The Applicant has proposed dust mitigation treatment. 6. The number of vehicles proposed is unlikely to substantially increase the contamination of the stormwater from the site. Furthermore, as a condition of the application, stormwater will have to be managed and contained on site. No truck wash is proposed.
6. Nearby landowner (ED26929948)	Objection. 1. A transport depot contradicts the objectives of the farming zone being to protect agricultural productivity. 2. The visual impact of large trucks, shipping containers and sheds will determinately impact the areas rural amenity. 3. Invites further commercial development into the area. 4. Rural roads are not appropriate for increased heavy vehicle traffic. 5. Increased heavy vehicle traffic for vehicles and pedestrians in the area. 6. Transport depots can operate at all hours causing noise impacts for the area. 7. Fuel, oil, chemical spills and truck wash down water may contaminate local waterways. 8. Increased vehicle movements from different regions raise the risk of introducing weeds, pests and soil-borne diseases to neighboring farms.	1. The objectives of the Priority Agriculture zone are to; • retain priority agriculture land for agricultural purpose. • limit the introduction of sensitive land uses which may compromise existing, future and potential agricultural production. The proposal does not prevent the site, nor adjoining sites, from continuing to be used for agricultural purposes. The proposal does not introduce a sensitive land use. 2. Vegetation screening is proposed and would be conditioned in order to mitigate impacts on visual amenity. 3. The proposal does not establish a precedent for further commercial development in the area. New developments will be assessed on a case-by-case basis to determine if they are appropriate. 4. The business will have to comply with relevant rules and requirements of haulage routes for heavy vehicles. 5. The vehicle traffic associated with the use is minimal. 6. The Applicant has advised operation will be restricted to 6am till 6pm. 7. The number of vehicles proposed is unlikely to substantially increase the contamination of the stormwater from the site. Furthermore, as a condition of an approval, stormwater will have to be managed and contained on site. 8. The increased number of vehicle movements is minor. The Applicant will still have to comply with relevant requirements regarding potential contamination of weeds, pest and soil-borne disease.
7. Nearby landowner (ED26929945)	Support. Supportive of new businesses.	Noted

Submitter	Submission	Officer Comments
8. Nearby landowner (ED26903260)	Objection. 1. Safety, especially as there is a school bus stop nearby. 2. Noise especially early in the morning, and impacts on the rural amenities. 3. Impact associated with dust and fumes. 4. Increased traffic and road safety. 5. Impacts on property value.	1 - 4. It is only anticipated that there will be ten vehicle movements per week associated with the proposed use at most. This number of movements is highly unlikely to have an impact on safety, noise, dust or fumes in the area, especially given the existing rural character of the area. The proposed additional vehicle movements will have a negligible impact on traffic in the area. 5. Impact on property value is not a valid consideration under the Local Planning Scheme Regulations.
9. Nearby landowner (ED 26904530)	Questions. 1. Have any considerations of dust suppression been considered. 2. Are the operating hours for weekdays only or weekends as well? 3. Are the collectable restoration vehicles remaining un-registered?	All queries were responded to by the Assessing Officer.
10. Nearby landowner (ED26904349)	Objections. 1. Increased noise, light and air pollution will impact the area's rural amenity. 2. Approval may result in a future expansion and intensification of the use. 3. Decreased safety of vehicles and pedestrians as a result of increased heavy vehicle traffic. 4. Proximity to a bus pick-up location for school buses. 5. The road is inappropriate in surface and size for increased heavy vehicle traffic. 6. Neighboring Local Governments; Shire of Capel, Shire of Dardanup and City of Bunbury consistently reject applications for industrial transport operations on agricultural land. Transport Depot is classified as an 'X' (non permitted) use in the rural and farming zones of these local Governments. 7. The proposal conflicts with State Planning Policy 2.5 (SPP 2.5) Rural Planning which states the Priority Agriculture land must be preserved for production and protected from incompatible uses. The depot will constrain surrounding farming operations through noise, traffic, dust and chemical run off.	1. The scale of the proposed development will not result in noise, air and light pollution to an extent not consistent with the existing character. 2. The application can only be assessed on what is currently proposed without speculation on future use of the site. 3 - 4. The proposed number of vehicle movements is not likely to impact vehicle or pedestrian safety in the area. 5. The business will have to comply with relevant rules and requirements of haulage routes for heavy vehicles. 6. Requirements of other Local Governments is not a relevant planning consideration that can be considered. 7. The application has been assessed against SPP 2.5 and found to be consistent with the objectives and requirements of the policy. 8. The application has been assess against the Local Planning Scheme No.2 including the objectives if the Priority Agriculture zone and found to be consistent with the objectives of the Scheme. 9. The application has been assessed against the Matter to be considered as required by the Local Planning Scheme Regulations and is considered consistent

	8. The development does not meet the objectives of the Priority Agriculture zone under the Local Planning Scheme No. 2. 9. The application does not satisfy the requirements of clause 67 of the Planning and Development (Local Planning Scheme) Regulations 2015.	

Policy 2.2.2 – Financial Hardship – Rates and Service Charges

1. Policy Purpose

The Shire of Harvey acknowledges that due to exceptional circumstances ratepayers may, at times, encounter difficulty in paying rates and service charges as they fall due.

It is not the intention of the Shire to cause further hardship to any ratepayer through the Shire's procedures, and the Shire is committed to working with ratepayers to find an appropriate payment solution that is effective and sustainable.

This policy is intended to ensure that the Shire offers fair, equitable, consistent and dignified support to ratepayers suffering hardship.

2. Policy Scope

This Policy applies to all ratepayers within the Shire of Harvey.

3. Policy

3.1. Payment difficulties, hardship and vulnerability

Financial hardship occurs where a person is unable to pay rates and charges without affecting their ability to meet their basic living needs, or the basic living needs of their dependants.

The Shire of Harvey recognises the occurrence of payment difficulties, financial hardship and vulnerability in our community, and is committed in providing additional support to assist the ratepayer.

The financial hardship application is for all ratepayers experiencing financial hardship regardless of their status, be they a property owner, tenant, business owner etc.

3.2. Financial hardship criteria

While evidence of financial hardship will be required, the Shire recognises that not all circumstances are alike. The Shire will take a flexible approach to a range of individual circumstances including, but not limited to, the following situations:

- Low income or loss of your, or a family members', primary income.
- Sickness, or recovery from sickness.

- Loss of a spouse or loved one.
- Domestic or family violence.
- Other unanticipated circumstance such as caring for and supporting extended family.

The Shire reserves the right not to offer or approve a subsequent financial hardship application where a previous application has been denied or cancelled due to non-compliance. Any subsequent application will be considered at the Shire's discretion and on its individual merits.

3.3. Applying for financial hardship

Ratepayers seeking financial hardship assistance must complete a financial hardship application form and submit to the Shire with the required supporting documentation. This may include, but is not limited to, the following:

- A letter from a recognised financial counsellor (i.e. must be a member of a financial counselling association, for example Financial Counsellors' Association of WA (FCAWA), or financial planner, confirming hardship.
- A letter from employer confirming change in employment status.
- Any related Centrelink documentation (if applicable).
- A repayment proposal.

Failure to complete a financial hardship application form and provide supporting documentation within the required timeframe, will result in the application being considered incomplete and therefore null and void. Legal action will be reinstated without prior notification.

3.4. Payment arrangements

Payment arrangements facilitated in accordance with Section 6.49 of the *Local Government Act 1995* are of an agreed frequency and amount. These arrangements will consider the following:

- a) That a Ratepayer has made a genuine effort to meet rate and service charge obligations in the past;
- b) The payment arrangement will establish a known end date that is realistic and achievable, and will ideally allow the Ratepayer to finalise payment as soon as is reasonably practical within the current financial year;
- c) The Ratepayer will be responsible for informing the Shire of Harvey of any change in circumstance that jeopardises the agreed payment schedule.

3.5. Interest charges and payment arrangement fees

The Shire reserves the right to waive or suspend interest charges and administration fees associated with rates and charges. Applications will be assessed on a case-by-case basis.

Any waiver or suspension of interest charges or administration fees may be approved for a specified period and does not automatically apply for the duration of the payment arrangement. The Shire may review and amend these at any time, subject to the ratepayer's ongoing compliance with the agreed payment arrangement.

3.6. Debt recovery

The Shire will suspend its normal debt recovery procedure whilst a ratepayers financial hardship application is being reviewed and assessed.

Where the residential ratepayer is complying with their payment plan, the Shire will not commence any legal proceedings to recover a residential ratepayer's debt.

If legal proceedings have been commenced, and the ratepayer lodges a financial hardship application, these proceedings will be suspended whilst the ratepayer's application for hardship is reviewed and assessed. If the ratepayer is successful with their application, no further legal action will be taken whilst the ratepayer is complying with their payment arrangement.

The Shire reserves the right to commence, or re-recommence, legal proceedings if a ratepayer doesn't comply with the approved hardship payment plan in accordance with rates debt recovery procedures prescribed in the *Local Government Act 1995*.

3.7. Ratepayers commitment to the Shire

It is a reasonable community expectation, that those with the capacity to pay the rates and charges will continue to do so. For this reason, the policy is not intended to provide rate relief to ratepayers who are not able to evidence financial hardship, and the statutory provisions of the *Local Government Act 1995* and Local Government (Financial Management) Regulations 1996 will apply.

The Shire requests that residential ratepayers experiencing financial hardship:

- a) Keep the Shire informed of any changes in their circumstances;
- b) Agree and maintain a suitable payment arrangement that has been approved by the Shire of Harvey;
- c) Contact the Shire to request an alternative arrangement if they are having difficulty maintaining the agreed payment plan;
- d) If requested, to contact a financial counsellor or relevant consumer representative to discuss their financial situation and consider the options available.

3.8. Review

Applicants who are dissatisfied with the decision may request an internal review by the Director Corporate Services, followed by access to the Council's complaints process.

3.9. Communication and confidentiality

The Shire is committed to maintaining confidentiality in all communications. At your request, we will communicate with a nominated support person or an authorised third party.

Ratepayers will be informed of this policy and its application whenever we communicate with them, whether verbally or in writing, regarding outstanding rates.

The Shire acknowledges that applicants seeking hardship consideration may be experiencing additional stress and have complex needs. To support these applicants, we will:

- a) Allow additional time for responses;
- b) Use alternative communication formats where appropriate;
- c) Ensure all communication is clear, respectful, and considerate.

3.10. Non-compliance

If a ratepayer fails to comply with the terms of an approved financial hardship payment arrangement, the arrangement may be cancelled by the Shire.

Upon cancellation, the outstanding balance of rates, service charges, interest, costs and fees will become immediately due and payable. Any interest or debt recovery action previously suspended under the arrangement may be reinstated.

The Shire reserves the right to commence or recommence debt recovery proceedings in accordance with the *Local Government Act 1995* and the Shire's debt recovery procedures.

A ratepayer whose arrangement has been cancelled due to non-compliance may apply for financial hardship assistance again; however, the Shire is under no obligation to approve a subsequent application.

4. Strategic Objective

The policy aligns with the following strategic objective:

	Performance A representative leadership that is future thinking, transparent and accountable.

5. Legislation and Guidelines

This policy is informed by the following legislation and good practice guidelines:

- *Local Government Act 1995 (WA)*
- *Local Government (Financial Management) Regulations 1996*
- *Ombudsman WA – Local Government Collection of Overdue Rates for People in Situations of Vulnerability: Good Practice Guide*

These frameworks guide the Shire's approach to supporting ratepayers in hardship while ensuring compliance with statutory obligations and best practice standards.

Policy 2.2.2 – Financial Hardship

1. Policy Purpose

To give effect to our commitment to support the whole community to meet life and circumstance challenges, the Shire of Harvey recognises that some situation will result in financial hardship for our ratepayers.

This policy is intended to ensure that the Shire offers fair, equitable, consistent and dignified support to ratepayers suffering hardship, while treating all members of the community with respect and understanding at this difficult time.

2. Policy Scope

This policy applies to:

1. Outstanding rates and service charges at the date of adoption of this policy.
2. Rates and service charges levied from the 2022–2023 financial year.

It is a reasonable community expectation, that those with the capacity to pay rates will continue to do so. For this reason, the policy is not intended to provide rate relief to ratepayers who are not able to evidence financial hardship and the statutory provisions of the *Local Government Act 1995* and Local Government (Financial Management) Regulations 1996 will apply.

3. Policy

3.1. Payment difficulties, hardship and vulnerability

Payment difficulties, or short term financial hardship, occur where a change in a person's circumstances result in an inability to pay a rates or service charge debt.

Financial hardship occurs where a person is unable to pay rates and service charges without affecting their ability to meet their basic living needs, or the basic living needs of their dependents. This policy is intended to apply to all ratepayers experiencing financial hardship regardless of their status, be they a property owner, tenant, business owner etc.

3.2. Financial hardship criteria

While evidence of hardship will be required, the Shire recognises that not all circumstances are alike. We will take a flexible approach to a range of individual circumstances including but not limited to, the following situations:

- Recent unemployment or under-employment.
- Sickness or recovery from sickness.
- Low income or loss of income.
- Unanticipated circumstances such as caring for and supporting extended family.

Ratepayers are encouraged to provide any information about their individual circumstances that may be relevant for assessment. This may include demonstrating a capacity to make some payment and where possible, entering into a payment proposal. The Shire will consider all circumstances, applying the principles of fairness, integrity and confidentiality whilst complying with our statutory responsibilities.

3.3. Payment arrangements

Payment arrangements facilitated in accordance with Section 6.49 of the *Local Government Act 1995* are of an agreed frequency and amount. These arrangements will consider the following:

- That a ratepayer has made genuine effort to meet rate and service charge obligations in the past.
- The payment arrangement will establish a known end date that is realistic and achievable.
- The ratepayer will be responsible for informing the Shire of Harvey of any change in circumstance that jeopardises the agreed payment schedule.

In the case of severe financial hardship, we reserve the right to consider waiving additional charges or interest, excluding the late payment interest applicable to the Emergency Services Levy.

3.4. Deferment of rates

Deferment of rates may apply for ratepayers who have a Pensioner Card, State Concession Card or Seniors Card and Commonwealth Seniors Health Care Card registered on their property. The deferred rates balance:

- Remains as a debt on the property until paid.
- Becomes payable in full upon the passing of the pensioner or if the property is sold or if the pensioner ceases to reside in the property.
- May be paid at any time, but the concession will not apply when the rates debt is subsequently paid (deferral forfeits the right to any concession entitlement).
- Does not incur penalty interest charges.

3.5. Debt recovery

The Shire will suspend all future debt recovery processes whilst negotiating a suitable payment arrangement with a debtor. Where a debtor is unable to make payments in accordance with the agreed payment plan and the debtor advises the Shire and makes an alternative plan before defaulting on the third due payment, then the Shire will continue to suspend debt recovery processes.

Where a ratepayer has not reasonably adhered to the agreed payment plan, then for any Rates and Service Charge debts that remain outstanding on 30 June of the financial year they were raised, we will offer the ratepayer a further opportunity of adhering to a payment plan that will clear the total debt by the end of the following financial year.

Rates and Service Charge debts that remain outstanding at the end of the following financial year after being raised, will then be subject to the rates debt recovery procedures prescribed in the *Local Government Act 1995*.

3.6. Review

We will establish a mechanism for review of decisions made under this policy, and advise the applicant of their right to seek review and the procedure to be followed.

3.7. Communication and confidentiality

We will maintain confidential communications at all times and will undertake to communicate with a nominated support person or other third party at the ratepayer's request.

We will advertise this policy on the Shire's Web Page.

We will advise ratepayers of this policy and its application, when communicating in any format (ie verbal or written) with a ratepayer that has an outstanding rates or service charge debt.

We recognise that applicants for hardship consideration are experiencing additional stressors, and may have complex needs. We will provide additional time to respond to communication and will communicate in alternative formats where appropriate. We will ensure all communication with applicants is clear and respectful.

4. Strategic Objective

The policy aligns with the following strategic objective:

	Effective civic leadership Effective civic leadership is visionary and influential. It means listening to the community, balancing competing demands, making fair decisions and acting with integrity.
